Romantic Metropolis The Urban Scene Of British Culture 1780 184:

Romantic Metropolis James Chandler, Kevin Gilmartin, 2005-10-13 This 2005 collection of essays challenges the traditional conception that British Romanticism was rooted in nature and rural life by showing that much of what was new about Romanticism was born in the city The essays examine the works and events of the Romantic period from the point of view of the urban world where rapid developments in population industry communication trade and technology set the stage and the tone for many of the great achievements in literature and culture The great metropolis appears as both fact and figure London is its paradigm but the metropolitan perspective is also borrowed and projected elsewhere In this volume some of the most exciting critics of Romanticism explore diverse cultural productions from poems and paintings to exhibition sites panoramas and political organizations to do long overdue justice to the place of the city both as topic and as location in British Romanticism

Hospitality and the Transatlantic Imagination, 1815-1835 Cynthia Schoolar Williams, 2014-05-13 Hospitality and the Transatlantic Imagination 1815 1835 argues that a select group of late Romantic English and American writers disrupted national tropes by reclaiming their countries shared historical identification with hospitality In doing so they reimagined the spaces of encounter the city the coast of England and the Atlantic itself

William Wordsworth and the Ecology of Authorship Scott Hess, 2012 In William Wordsworth and the Ecology of Authorship Scott Hess explores Wordsworth's defining role in establishing what he designates as the ecology of authorship a primarily middle class nineteenth century conception of nature associated with aesthetics high culture individualism and nation Instead of viewing Wordsworth as an early ecologist Hess places him within a context that is largely cultural and aesthetic The supposedly universal Wordsworthian vision of nature Hess argues was in this sense specifically male middle class professional and culturally elite factors that continue to shape the environmental movement today

A Cultural History of Shopping in the Age of Enlightenment Ilja Van Damme, 2022-06-02 A Cultural History of Shopping was a Library Journal Best in Reference selection for 2022 The consumer revolution of the 18th century has been the subject of much debate among historians but it seems clear there was also a retail revolution a period of unprecedented growth in material goods was accompanied by a proliferation of retail spaces and techniques which brought new fashions and imported commodities to the homes of consumers Governments responded to a growing culture of polite and civilized behavior across society by stimulating urban renewal for leisure and shopping new pavements street lighting green promenades theatres coffee houses and adjacent shopping streets were laid out everywhere in Europe As the 18th century drew to its close shopping had become a publicly accepted and celebrated leisure pursuit gaining its proper meaning in multiple languages A Cultural History of Shopping in the Age of Enlightenment presents an overview of the period with themes addressing practices and processes spaces and places shoppers and identities luxury and everyday home and family visual and literary representations reputation trust and credit and governance regulation and the state

The Ballad-Singer in Georgian

and Victorian London Oskar Cox Jensen,2021-02-18 For three centuries ballad singers thrived at the heart of life in London One of history s great paradoxes they were routinely disparaged and persecuted living on the margins yet playing a central part in the social cultural and political life of the nation This history spans the Georgian heyday and Victorian decline of those who sang in the city streets in order to sell printed songs Focusing on the people who plied this musical trade Oskar Cox Jensen interrogates their craft and their repertoire the challenges they faced and the great changes in which they were caught up From orphans to veterans prostitutes to preachers ballad singers sang of love and loss the soil and the sea mediating the events of the day to an audience of hundreds of thousands Complemented by sixty two recorded songs this study demonstrates how ballad singers are figures of central importance in the cultural social and political processes of continuity contestation and change across the nineteenth century world

Romantic Fiat E. Lindstrom,2011-03-01 In the Romantic period s economics of fiat money the legacy of romanticism involves absolutist gestures of verbal fiat Focused on William Wordsworth but in constant range of his poet successors and modern critics Romantic Fiat presents an argument for a double romantic signature of let there be and let be

Oriental Networks Bärbel Czennia,Greg Clingham,2020-12-18 Oriental Networks explores forms of interconnectedness between Western and Eastern hemispheres during the long eighteenth century Contributors discuss relationships between individuals and institutions as precursors to modern networks as they facilitated the exchange of cultural commodities plants animals and artifacts practices and ideas Highlighting ambiguities and unexpected outcomes of networking the volume adds historical perspective to our understanding of globalization

The Art Market and the Museum Frances Fowle,MaryKate Cleary,2025-04-03 This book considers how art market stakeholders including art dealers collectors and agents have shaped museum collections and affected exhibition practices since the mid nineteenth century Based on new archival research and data analysis it explores the role of dealers not only in selling directly to museums but in influencing museum collecting priorities as well as potential donors It also examines the important but hitherto overlooked contribution of the female curator agent The book is divided into three sections which address the relationship between art dealers and museums women as art agents and influencers and the strategies of entrepreneurial collectors Featuring contributions from a wide range of international specialists in the market for decorative arts and antiquities as well as European modernism The Art Market and the Museum explores the origins and development of the modern Western art market and the global art networks that operated not only in Paris London and New York but in cities such as Glasgow Vienna Melbourne and Kansas City It is perfect reading for scholars and researchers on the history of the art market museum studies and art history more broadly

Waiting for Verdi Mary Ann Smart,2018-06-22 The name Giuseppe Verdi conjures images of Italians singing opera in the streets and bursting into song at political protests or when facing the firing squad While many of the accompanying stories were exaggerated or even invented by later generations Verdi s operas along with those by Rossini Donizetti and Mercadante did inspire Italians to imagine Italy

as an independent and unified nation Capturing what it was like to attend the opera or to join in the music at an aristocratic salon Waiting for Verdi shows that the moral dilemmas emotional reactions and journalistic polemics sparked by these performances set new horizons for what Italians could think feel say and write Among the lessons taught by this music were that rules enforced by artistic tradition could be broken that opera could jolt spectators into intense feeling even as it educated them and that Italy could be in the vanguard of stylistic and technical innovation rather than clinging to the glories of centuries past More practically theatrical performances showed audiences that political change really was possible making the newly engaged spectator in the opera house into an actor on the political stage **Joyce in the Belly of the Big**
