Horsfjord,2017-10-23 In Common Words in Muslim Christian Dialogue Vebjørn L Horsfjord offers an analysis of texts from an international dialogue process between Christian and Muslim leaders Through detailed engagement with the Muslim dialogue letter A Common Word between Us and You 2007 and a large number of Christian responses to it the study analyses the dialogue process in the wake of the Muslim initiative and shows how the various texts gain meaning through their interaction The author uses tools from critical discourse analysis and speech act analysis and claims that the Islamic dialogue initiative became more important as an invitation to Muslim Christian dialogue than as theological reflection He shows how Christian leaders systematically chose to steer the dialogue process towards practical questions about peaceful coexistence and away from theological issues [the hajj the journey of love](#) IslamKotob,1980-01-01 **International Handbook of**

volume is of interest to a wide readership including researchers practitioners and students of the social sciences humanities and behavioural sciences In the 1970s through the 90s I was told that globalization was homogenizing cultures into a worldwide monoculture This volume as risky and profound as the many adventures of love across our multiplying cultures are proves otherwise The authors revolutionary and courageous work will challenge our sensibilities and expand the boundaries of what we understand what love is But that s what love does It communicates what is offers what can be and pleads for what must be I know you ll enjoy this wonderful book as much as I do Jeffrey Ady Associate Professor retired Public Administration Program University of Hawaii at Manoa Founding Fellow International Academy for Intercultural Research The International Handbook of Love is far more than a traditional compendium It is a breath taking attempt to synthesize our anthropological and sociological knowledge on love It illuminates topics as diverse as Chinese love one night stands teen romance or love of leaders and many more This is a definitive reference in the field of love studies Eva Illouz author of The End of Love A sociology of Negative relationships Oxford University Press This is not a volume to be read in a single sitting though I almost did due to a protracted hospital stay nor is it romantic or inspirational reading though in some cases I had hoped for more narrative examples and case studies Rather it is a highly diverse scholarly effort a massive resource collection of research papers on love in a variety of contexts personal and professional settings and cultures The work is well referenced providing a large number of resources for deeper exploration We owe our thanks to the authors and editors of this handbook for work well done though that word in the title should not lead readers to suspect that enlightening as it is this book is a vade mecum or practical tour guide that provides ready solutions to the vicissitudes and challenges of our love lives Reviewed by Dr George F Simons on amazon com Please see Claude H l ne Mayer s interview related to the handbook in LeanHealth Talks published by Bernadette Bruckner <https://www.youtube.com/watch?v=yVNXA9sWuWo> Please see Claude H l ne Mayer s interview related to the handbook published In Iran News Daily <https://newspaper.irandaily.ir/nid/6941/pid/6/type/0>

Jinnealogy Anand Vivek Taneja,2017-11-21 In the ruins of a medieval palace in Delhi a unique phenomenon occurs Indians of all castes and creeds meet to socialize and ask the spirits for help The spirits they entreat are Islamic jinns and they write out requests as if petitioning the state At a time when a Hindu right wing government in India is committed to normalizing a view of the past that paints Muslims as oppressors Anand Vivek Taneja s Jinnealogy provides a fresh vision of religion identity and sacrality that runs counter to state sanctioned history The ruin Firoz Shah Kotla is an unusually democratic religious space characterized by freewheeling theological conversations DIY rituals and the sanctification of animals Taneja observes the visitors who come mainly from the Muslim and Dalit neighborhoods of Delhi and uses their conversations and letters to the jinns as an archive of voices so often silenced He finds that their veneration of the jinns recalls pre modern religious traditions in which spiritual experience was inextricably tied to ecological surroundings In this enchanted space Taneja encounters a form of popular Islam that is not a relic of bygone days but a vibrant form of resistance to state repression and post colonial visions of India

Islam and China's Hong Kong Wai-Yip Ho,2013-06-07 Hong Kong is a global city state under the sovereignty of the People s Republic of China and is home to around 250 000 Muslims practicing Islam However existing studies of the Muslim majority communities in Asia and

the Northwest China largely ignore the Muslim community in Hong Kong Islam and China's Hong Kong skillfully fills this gap and investigates how ethnic and Chinese speaking Muslims negotiate their identities and the increasing public attention to Islam in Hong Kong Examining a range of issues and challenges facing Muslims in Hong Kong this book focuses on the three different diasporic Muslim communities and reveals the city state's triple Islamic heritage and distinctive Islamic culture It begins with the transition from the colonial to the post colonial era and explores how this has impacted on the experiences of the Muslim diaspora and the ways this shift has compelled the community to adapt to Chinese nationalism whilst forging greater links with the Gulf Then with reference to the rise of new media and technology the book examines the heightened presence of Islam in the Chinese public sphere alongside the emergence of Chinese Islamic websites which have sought to balance transnational Muslim solidarity and sensitivity towards Chinese government's concern of external extremism Finally it concludes by investigating Hong Kong's growing awareness of the Muslim minorities demands for Islamic religious education and how this links with the city state's aspiration to become the new gateway for Islamic finance Indeed Wai Yip Ho posits that Hong Kong is now shifting from its role as the broker that bridged East and West during the Cold War to that of a new mediator between China and the Middle East Drawing on extensive ethnographic research this book thoughtfully charts a new area of inquiry and as such will be welcomed by students and scholars of Chinese studies Islamic studies Asian studies and ethnicity studies

The Impossibility of Muslim Boyhood Shenila Khoja-Moolji,2024-07-30 How the construction of Muslim boys as proto terrorists is integral to the story of American racial capitalism How do we understand an incident where a five year old Muslim boy arrives at Dulles airport and is preemptively detained as a threat To answer that question Shenila Khoja Moolji examines American public culture arguing that Muslim boyhood has been invented as a threat within an ideology that seeks to predict future terrorism Muslim boyhood bridges actual past terrorism and possible future events justifying preemptive enclosure surveillance and punishment Even in the occasional reframing of individual Muslim boys as innocent Khoja Moolji identifies a pattern of commodity antiracism through which elites buy public goodwill but leave intact the collective anti Muslim notion that fuels an expanding carceral and security state Framing Muslim boyhood as a heuristic device she turns to a discussion of Hindutva ideology in India to show how Muslim boyhood may be resituated in global contexts
