Romanticism And The Gothic Genre Reception And Canon Formation:

Romanticism and the Gothic Michael Gamer, 2000-09-04 This is the first full length study to examine the links between high Romantic literature and what has often been thought of as a merely popular genre the Gothic Michael Gamer offers a sharply focused analysis of how and why Romantic writers drew on Gothic conventions whilst at the same time denying their influence in order to claim critical respectability He shows how the reception of Gothic literature including its institutional and commercial recognition as a form of literature played a fundamental role in the development of Romanticism as an ideology In doing so he examines the early history of the Romantic movement and its assumptions about literary value and the politics of reading writing and reception at the end of the eighteenth century As a whole the book makes an original contribution to our understanding of genre tracing the impact of reception marketing and audience on its formation

Scotland and the Borders of Romanticism Leith Davis, Ian Duncan, Janet Sorensen, 2004-06-24 Originally published in 2004 Scotland and the Borders of Romanticism is a collection of critical essays devoted to Scottish writing between 1745 and 1830 a key period marking the contested divide between Scottish Enlightenment and Romanticism in British literary history Essays in the volume by leading scholars from Scotland England Canada and the USA address a range of major figures and topics among them Hume and the Romantic imagination Burns s poetry the Scottish song and ballad revivals gender and national tradition the prose fiction of Walter Scott and James Hogg the national theatre of Joanna Baillie the Romantic varieties of historicism and antiquarianism Romantic Orientalism and Scotland as a site of English cultural fantasies The essays undertake a collective rethinking of the national and period categories that have structured British literary history by examining the relations between the concepts of Enlightenment and Romanticism as well as between Scottish and English writing

Romanticism, Gender, and Violence Nowell Marshall, 2013-07-22 Combining queer theory with theories of affect psychoanalysis and Foucauldian genealogy Romanticism Gender and Violence Blake to George Sodini theorizes performative melancholia a condition where regardless of sexual orientation overinvestment in gender norms causes subjects who are unable to embody those norms to experience socially expected normal gender as something unattainable or lost This perceived loss causes an ambivalence within the subject that can lead to self inflicted violence masochism suicide or violence toward others sadism murder Reading a range of Romantic poetry and novels between 1790 1820 but ultimately moving beyond the period to show its contemporary cultural relevance through readings of Eliot s The Mill on the Floss Virginia Woolf s Mrs Dalloway Andrew Holleran s Dancer from the Dance and George Sodini s 2009 murder suicide case this study argues that we need to move beyond focusing on bullying teens and LGBT students and look at our cultural investment in gender normativity itself Doing so allows us to recognize that the relationship between non normative gender performance and violence is not simply a gay problem it is a human problem that can affect people of any sex sexuality age race or ethnicity and one that we can trace back to the Romantic period Bringing late 18th century novels into conversation with

both canonical and lesser known Romantic poetry allows us to see that as people whose performance of gender occasionally exceeds the normal we too often internalize these norms and punish ourselves or others for our inability to adhere to them

Contrasting paired chapters by male and female authors and including sections on failed romantic coupling melancholic femininities melancholic masculinities failed gender performance and madness and ending with a section titled After Romanticism this study works on multiple levels to complicate previous understandings of gender and violence in Romanticism while also offering a model for contemporary issues relating to gender and violence among people who fail to perform gender according to social norms

Mary Robinson and the Genesis of Romanticism Ashley Cross, 2016-08-19

First coming to prominence as an actress and scandalous celebrity Mary Robinson created an identity for herself as a Romantic poet and novelist in the 1790s Through a series of literary dialogues with established writers Robinson put herself at the center of Romantic literary culture as observer participant and creator Cross argues that Robinson's dialogues shaped the nature of Romantic writing both in content and form and influenced second generation Romantics These dialogues further establish the idea of Romantic discourse as essentially interactive and conversational not the work of original geniuses working in isolation and positions Robinson as a central player in its genesis

The Poetics of Decline in British Romanticism Jonathan Sachs, 2018-01-18

Anxieties about decline were a prominent feature of British public discourse in the late eighteenth and early nineteenth century These anxieties were borne out repeatedly in books and periodicals pamphlets and poems Tracing the reciprocal development of Romantic era Britain's rapidly expanding literary and market cultures through the lens of decline Jonathan Sachs offers a fresh way of understanding British Romanticism The book focuses on three aspects of literary experience questions of value the fascination with ruins and the representation of slow time to explore how shifting conceptions of progress and change inform a post enlightenment sense of cultural decline Combining close readings of Romantic literary texts with an examination of works from political economy historical writing classical studies and media history the book reveals for the first time how anxieties about decline impacted literary form and shaped Romantic debates about poetry and the meaning of literature

The field of literature changed dramatically at the end of the eighteenth

century as under the shadow of Romanticism the novel became the most important literary genre of its day Often neglected the novels of the Romantic era puzzle critics yet are much more concerned with the unexpected the unconventional and the uncanny than their immediate predecessors or successors and their authors include some of the most important novelists of British literary history Jane Austen Fanny Burney James Hogg Mary Shelley and Sir Walter Scott among them Featuring contributions from distinguished scholars in the field Recognizing the Romantic Novel evaluates the vibrancy and centrality of the Romantic novel showcasing the important new voices and directions in the field and showing it can hold its own in the canon of literary scholarship These essays offer us a lens through which we may recognize the Romantic novel as it has never been recognized before Times Literary Supplement Romantic Misfits R. Miles, 2008-10-31 This book explores the false starts and disturbances of Romantic writing in Britain misfits and misfittings as both a constitutive challenge to canonical romanticism and a distinctive literary field worth examining on its own account Misfits include the Shakespeare forger W H Ireland the novel itself and the culture of Dissent European Literatures in Britain, 18-15-1832: Romantic Translations Diego Saglia, 2019 Sheds new light on the presence and impact of Continental European literary traditions in post Napoleonic Britain *Romantic Border Crossings* Professor Jeffrey Cass, Professor Larry Peer, 2013-04-28 Romantic Border Crossings participates in the important movement towards otherness in Romanticism by uncovering the intellectual and disciplinary anxieties that surround comparative studies of British American and European literature and culture As this diverse group of essays demonstrates we can now speak of a global Romanticism that encompasses emerging critical categories such as Romantic pedagogy transatlantic studies and transnationalism with the result that new works by writers marginalized by class gender race or geography are invited into the canon at the same time that fresh readings of traditional texts emerge Exemplifying these developments the authors and topics examined include Elizabeth Inchbald Lord Byron G rard de Nerval English Jacobinism Goethe the Gothic Orientalism Emily Dickinson Walt Whitman Anglo American conflicts manifest destiny and teaching romanticism The collection constitutes a powerful rethinking of the divisions that continue to haunt Romantic studies **Romantic Literature in Light of Bakhtin** Walter L. Reed, 2014-02-27 Literature and literary criticism throughout the twentieth century are famous for their proclamations of the death of the author the eclipse of character and the nothingness of personality as Borges put it Walter Reed investigates the ideas of personhood developed by one of the most influential literary theorists of the last century Mikhail Bakhtin He finds in Bakhtin a personalism based on the idea of an ongoing dialogue between authors and their heroes in imaginative literature Such a model of inter personality Reed argues allows us to appreciate the rich possibilities of personhood set forth in the earlier nineteenth century period of Romanticism Elaborating a new general theory and providing close readings of classic works of Romantic poetry and fiction Romantic Literature in Light of Bakhtin offers a better understanding of the preoccupation with the individual creative self that lay at the heart of this revolutionary literature that still speaks to readers today **Romanticism and Theatrical**

Experience Jonathan Mulrooney, 2019-01-10 Bringing together studies in theater history print culture and literature this book offers a new consideration of Romantic period writing in Britain Recovering a wide range of theatrical criticism from newspapers and periodicals some of it overlooked since its original publication in Regency London Jonathan Mulrooney explores new contexts for the work of the actor Edmund Kean essayist William Hazlitt and poet John Keats Kean's ongoing presence as a figure in the theatrical news presented readers with a provocative reimagining of personal subjectivity and a reworking of the British theatrical tradition Hazlitt and Keats in turn imagined the essayist and the poet along similar theatrical lines reframing Romantic prose and poetics Taken together these case studies illustrate not only theater's significance to early nineteenth century Londoners but also the importance of theater's textual legacies for our own re-assessment of Romanticism as a historical and cultural phenomenon

Women, Epic, and Transition in British Romanticism Elisa Beshero-Bondar, 2011-05-31 Women Epic and Transition in British Romanticism argues that early nineteenth century women poets contributed some of the most daring work in modernizing the epic genre The book examines several long poems to provide perspective on women poets working with and against men in related efforts contributing together to a Romantic movement of large scale genre revision Women poets challenged longstanding categorical approaches to gender and nation in the epic tradition and they raised politically charged questions about women's importance in moments of historical crisis While Romantic epics did not all engage in radical questioning or undermining of authority this study calls attention to some of the more provocative poems in their approach to gender culture and history This study prioritizes long poems written by and about women during the Romantic era and does so in context with influential epics by male contemporaries The book takes its cue from a dramatic increase in the publication of epics in the early nineteenth century At their most innovative Romantic epics provoked questions about the construction of ideological meaning and historical memory and they centralized women's experiences in entirely new ways to reflect on defeat loss and inevitable transition For the first time the epic became an attractive genre for ambitious women poets The book offers a timely response to recent groundbreaking scholarship on nineteenth century epic by Herbert Tucker and Simon Dentith and should be of interest to Romanticists and scholars of 18th and 19th century literature and history gender and genre and women's studies Published by University of Delaware Press Distributed worldwide by Rutgers University Press
