## **Romanticism Children's Literature In:**

**Romanticism and Children's Literature in Nineteenth-Century England** James Holt McGavran, 2009-10 These essays document and examine the transformation of children's literature during the Romantic period and trace Romanticism's influence on Victorian children's literature using a variety of critical approaches including neo-historicist, feminist, mythic, reader response and formalist.

**Literature and the Child** James Holt McGavran, James Holt McGavran, 1998-04 The Romantic myth of childhood as a transhistorical holy time of innocence and spirituality uncorrupted by the adult world has been subjected in recent years to increasingly serious interrogation. Was there ever really a time when mythic ideals were simple, pure and uncomplicated? The contributors to this book contend, although in widely differing ways and not always approvingly, that our culture is indeed still pervaded in this postmodern moment of the very late twentieth century by the Romantic conception of childhood which first emerged two hundred years ago. In the wake of the French Revolution and the Industrial Revolution, western Europe experienced another *fin de siècle* characterized by overwhelming material and institutional change and instability. By historicizing the specific political, social and economic conflicts at work within the notion of Romantic childhood, the essayists in *Literature and the Child* show us how little these forces have changed over time and how enriching and empowering they can still be for children and their parents. In the first section, *Romanticism Continued and Contested*, Alan Richardson and Mitzi Myers question the origins and ends of Romantic childhood. In *Romantic Ironies: Postmodern Texts*, Dieter Petzold, Richard Flynn and James McGavran argue that postmodern texts for both children and adults perpetuate the Romantic complexities of childhood. Next, in *The Commerce of Children's Books*, Anne Lundin and Paula Connolly study the production and marketing of children's classics. Finally, in *Romantic Ideas in Cultural Confrontations*, William Scheick and Teya Rosenberg investigate interactions of Romantic myths with those of other cultural systems.

**The Gothic in Children's Literature** Anna Jackson, Roderick McGillis, Karen Coats, 2013-10-11 From creepy picture books to Harry Potter, Lemony Snicket, the Spiderwick Chronicles and countless vampire series for young adult readers, fear has become a dominant mode of entertainment for young readers. The last two decades have seen an enormous growth in the critical study of two very different genres: the Gothic and children's literature. The Gothic, concerned with the perverse and the forbidden, with adult sexuality and religious or metaphysical doubts and heresies, seems to represent everything that children's literature as a genre was designed to keep out. Indeed, this does seem to be very much the way that children's literature was marketed in the late eighteenth century at exactly the same time that the Gothic was really taking off, written by the same women novelists who were responsible for the promotion of a safe and segregated children's literature. This collection examines the early intersection of the Gothic and children's literature and the contemporary manifestations of the gothic impulse, revealing that Gothic elements can in fact be traced in children's literature for as long as children have been reading.

The Romanticism series in the Comparative History of Literatures in European Languages is the result of a remarkable international collaboration The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism A glance at the index of each volume quickly reveals the extraordinary richness of the series total contents Romantic Irony sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams Romantic Drama traces creative innovations that deeply altered the understanding of genre at large fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments Nonfictional

Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism's own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age
