Rooms in the Darwin Hotel Tom H. Gibbons, 1973 A survey of the critical writings of three neglected English men of letters Havelock Ellis Arthur Symons and Alfred Orage in the light of some of the contemporary preoccupations of their time a revival of mysticism and occultism and a rejection of naturalism for supernaturalism in the arts *The Edwardian Sense* Morna O'Neill, Michael Hatt, 2010 This is the twentieth in a series of occasional volumes devoted to studies in British art published by the Yale Center for British Art and the Paul Mellon Centre for Studies in British Art and distributed by Yale University Press Book Jacket **Evolution and Victorian Culture** Bernard V. Lightman, Bennett Zon, 2014-05-29 In this collection of essays from leading scholars the dynamic interplay between evolution and Victorian culture is explored for the first time mapping new relationships between the arts and sciences Rather than focusing simply on evolution and literature or art this volume brings together essays exploring the impact of evolutionary ideas on a wide range of cultural activities including painting sculpture dance music fiction poetry cinema architecture theatre photography museums exhibitions and popular culture Broad ranging rather than narrowly specialized each chapter provides a brief introduction to key scholarship a central section exploring original insights drawn from primary source material and a conclusion offering overarching principles and a projection towards further areas of research Each chapter covers the work of significant individuals and groups applying evolutionary theory to their particular art both as theorists and practitioners This comprehensive examination of topics sheds light on larger and previously unknown Victorian cultural patterns **The Colonial Conan Doyle** Catherine Wynne, 2002-07-30 Arthur Conan Doyle is often perceived as the quintessential Englishman patriotically devoted to the Crown and the empire s defender and apologist But such a relegation is both limiting and simplistic Born in Scotland to Irish Catholic parents Doyle s heritage is complex His paternal grandfather John Doyle had originally left Ireland for London in the early 19th century his father was committed to the cause of Irish separatism and his uncle resigned from his position as main cartoonist for *Punch* after the journal launched an attack on the Pope Consequently British imperialism Irish nationalism and Catholic allegiance converge uneasily in his works This book examines the resulting tensions between imperialism and colonialism in his writings It argues that his thematic obsessions with topography race psyche and sexuality stem from his ambivalence toward his own heritage The volume repositions Doyle and redresses current critical approaches that have seen him solely as the advocate of empire and have ignored his colonial background It explores how his fictions occur within a colonial context the complexity of which is evident in gothic tropes of shifting landscapes disguised criminalities spiritualism and sexual anomalies and conflicts *Rhythmical Subjects* Laura Marcus, 2024-02-15 Drawing on extensive archival research *Rhythmical Subjects* shows the ways in which literature dance music the visual arts and architecture drew from and fed into the realms of social and anthropological thought *Ansel Adams* Anne Hammond, Ansel Adams, 2002-01-01 Despite his significance little scholarly attention has been paid to Adams s contributions

as an artist or his place in photographic history This handsome book addresses this gap by looking beyond his reputation as a Sierra Club environmentalist and examining in depth his life as an artist and the complexities of his creative vision 80
