Roosevelt Hitler:

Roosevelt & Hitler Robert Edwin Herzstein, 1989 This controversial review of history challenges accepted notions of FDR's behavior on the eve of World War II by depicting him not as a blind follower reluctant to act but as the most cunning anti-Nazi statesman of his time *The Conquerors* Michael R. Beschloss, 2003-10-07 As Allied soldiers fought the Nazis Franklin Roosevelt and later Harry Truman fought in private with Churchill and Stalin over how to ensure that Germany could never threaten the world again Franklin D. Roosevelt and American Foreign Policy, 1932-1945 Robert Dallek, 1995-05-25 Since the original publication of this classic book in 1979 Roosevelt's foreign policy has come under attack on three main points Was Roosevelt responsible for the confrontation with Japan that led to the attack at Pearl Harbor Did Roosevelt give away Eastern Europe to Stalin and the U S S R at Yalta And most significantly did Roosevelt abandon Europe's Jews to the Holocaust making no direct effort to aid them In a new Afterword to his definitive history Dallek vigorously and brilliantly defends Roosevelt's policy He emphasizes how Roosevelt operated as a master politician in maintaining a national consensus for his foreign policy throughout his presidency and how he brilliantly achieved his policy and military goals **Hitler's Aristocrats** Susan Ronald, 2023-03-14 Susan Ronald acclaimed author of *Hitler's Art Thief* takes readers into the shadowy world of the aristocrats and business leaders on both sides of the Atlantic who secretly aided Hitler and Nazi Germany Hitler said I am convinced that propaganda is an essential means to achieve one's aims Enlisting Europe's aristocracy international industrialists and the political elite in Britain and America Hitler spun a treacherous tale everyone wanted to believe he was a man of peace Central to his deception was an international high society Black Widow Princess Stephanie Hohenlohe Waldenburg Schillingsf rst whom Hitler called his dear princess She and others conspired for Hitler at the highest levels of the British aristocracy and spread their web to America's wealthy powerbrokers Hitler's aristocrats became his eyes listening posts and mouthpieces in the drawing rooms cocktail parties and weekend retreats of Europe and America Among these gentlemen spies and ladies of mystery were the Duke and Duchess of Windsor Lady Nancy Astor Charles Lindbergh and two of the Mitford sisters They were the trusted voices disseminating his political and cultural propaganda about the New Germany brushing aside the Nazis atrocities Distrustful of his own Foreign Ministry Hitler used his aristocrats to open the right doors in Great Britain and the United States creating a formidable fifth column within government and financial circles In a tale of drama and intrigue Hitler's Aristocrats uncovers the battle between these influencers and those who heroically opposed them **Roosevelt: The Soldier of Freedom (1940-1945)** James MacGregor Burns, 2012-05-08 The engrossing Pulitzer Prize and National Book Award winning history of FDR's final years Barbara Tuchman The second entry in James Macgregor Burns's definitive two volume biography of Franklin Delano Roosevelt begins with the president's precedent breaking third term election in 1940 just as Americans were beginning to face the likelihood of war Here Burns examines Roosevelt's skillful wartime leadership as well as his vision for post war peace Hailed by William Shirer as the definitive book

on Roosevelt in the war years and by bestselling author Barbara Tuchman as engrossing informative endlessly readable *The Soldier of Freedom* is a moving profile of a leader gifted with rare political talent in an era of extraordinary challenges sacrifices heroism and hardship

Roosevelt's Blues: African American Blues and Gospel Songs on FDR Guido van Rijn, 1997

The Unmaking of Adolf Hitler Eugene Davidson, 2004 *The Unmaking of Adolf Hitler* which includes dozens of photos from German collections covers literally every aspect of Hitler's life from his success after he came to power in 1933 to his self destruction Renowned author Eugene Davidson describes in detail Hitler's stratagems in reviving morale and undoing the inequitable treaties imposed on Germany after World War I and his shrewd moves to take advantage of the fatal miscalculations of the coalition that had been aligned against the Reich Once Hitler had brutally improved Germany's desperate state there followed mortal errors and fateful mistakes of judgment arising from his own inadequacies Compelling well researched and eminently readable *The Unmaking of Adolf Hitler* strives to explain how and why Hitler's empire collapsed from his own actions Available only in the USA and Canada

Hitler and America Klaus P. Fischer, 2011-05-26

In February 1942 barely two months after he had declared war on the United States Adolf Hitler praised America's great industrial achievements and admitted that Germany would need some time to catch up The Americans he said had shown the way in developing the most efficient methods of production especially in iron and coal which formed the basis of modern industrial civilization He also touted America's superiority in the field of transportation particularly the automobile He loved automobiles and saw in Henry Ford a great hero of the industrial age Hitler's personal train was even code named Amerika In *Hitler and America* historian Klaus P Fischer seeks to understand more deeply how Hitler viewed America the nation that was central to Germany's defeat He reveals Hitler's split minded image of America America and Amerika Hitler would loudly call the United States a feeble country while at the same time referring to it as an industrial colossus worthy of imitation Or he would belittle America in the vilest terms while at the same time looking at the latest photos from the United States watching American films and amusing himself with Mickey Mouse cartoons America was a place that Hitler admired for the can do spirit of the American people which he attributed to their Nordic blood and envied for its enormous territorial size abundant resources and political power Amerika however was to Hitler a mongrel nation grown too rich too soon and governed by a capitalist elite with strong ties to the Jews Across the Atlantic President Franklin Delano Roosevelt had his own far more realistically grounded views of Hitler Fischer contrasts these with the misconceptions and misunderstandings that caused Hitler in the end to see only Amerika not America and led to his defeat

Roosevelt Confronts Hitler Patrick J. Hearden, 1987

[Hitler's American Friends](#) Bradley W. Hart, 2018-10-02 A book examining the strange terrain of Nazi sympathizers nonintervention campaigners and other voices in America who advocated on behalf of Nazi Germany in the years before World War II Americans who remember World War II reminisce about how it brought the country together The less popular truth behind this warm nostalgia until the attack on Pearl Harbor America was deeply dangerously divided

Bradley W Hart's *Hitler's American Friends* exposes the homegrown antagonists who sought to protect and promote Hitler leave Europeans and especially European Jews to fend for themselves and elevate the Nazi regime. Some of these friends were Americans of German heritage who joined the Bund whose leadership dreamed of installing a stateside Führer. Some were as bizarre and hair-raising as the Silver Shirt Legion run by an eccentric who claimed that Hitler fulfilled a religious prophesy. Some were Midwestern Catholics like Father Charles Coughlin, an early right-wing radio star who broadcast anti-Semitic tirades. They were even members of Congress who used their franking privilege sending mail at cost to American taxpayers to distribute German propaganda. And celebrity pilot Charles Lindbergh ended up speaking for them all at the America First Committee. We try to tell ourselves it couldn't happen here but Americans are not immune to the lure of fascism. *Hitler's American Friends* is a powerful look at how the forces of evil manipulate ordinary people how we stepped back from the ledge and the disturbing ease with which we could return to it. *Hitler's Foreign Policy 1933-1939* Gerhard L. Weinberg, 2010-03-01 Hitler's path to war consisted of two different stages that paralleled the internal development of Germany. From 1933 to the end of 1936 he created a diplomatic revolution in Europe. From a barely accepted equal Germany became the dominant power on the continent. With the remilitarization of the Rhineland, the stalemate in the Spanish Civil War, the forming of the Axis and the signing of the Anti Comintern Pact, the first phase was completed. In the second phase the diplomatic initiative in the world belonged to Germany and its partners. Germany's march toward war therefore became the central issue in world diplomacy. ***Hitler's American Gamble*** Brendan Simms, Charlie Laderman, 2021-11-16 A riveting account of the five most crucial days in twentieth-century diplomatic history from Pearl Harbor to Hitler's declaration of war on the United States. By early December 1941 war had changed much of the world beyond recognition. Nazi Germany occupied most of the European continent while in Asia the Second Sino-Japanese War had turned China into a battleground. But these conflicts were not yet inextricably linked and the United States remained at peace. *Hitler's American Gamble* recounts the five days that upended everything December 7 to 11. Tracing developments in real time and backed by deep archival research, historians Brendan Simms and Charlie Laderman show how Hitler's intervention was not the inexplicable decision of a man so bloodthirsty that he forgot all strategy but a calculated risk that can only be understood in a truly global context. This book reveals how December 11, not Pearl Harbor, was the real watershed that created a world war and transformed international history. ***Roosevelt's Secret War*** Joseph E. Persico, 2002-10-22 Despite all that has already been written on Franklin Delano Roosevelt, Joseph Persico has uncovered a hitherto overlooked dimension of FDR's wartime leadership: his involvement in intelligence and espionage operations. *Roosevelt's Secret War* is crowded with remarkable revelations. FDR wanted to bomb Tokyo before Pearl Harbor. A defector from Hitler's inner circle reported directly to the Oval Office. Roosevelt knew before any other world leader of Hitler's plan to invade Russia. Roosevelt and Churchill concealed a disaster costing hundreds of British soldiers' lives in order to protect Ultra, the British codebreaking secret. An unwitting

Japanese diplomat provided the President with a direct pipeline into Hitler's councils Roosevelt's Secret War also describes how much FDR had been told before the Holocaust about the coming fate of Europe's Jews And Persico also provides a definitive answer to the perennial question Did FDR know in advance about the attack on Pearl Harbor By temperament and character no American president was better suited for secret warfare than FDR He manipulated compartmentalized dissembled and misled demonstrating a spymaster's talent for intrigue He once remarked I never let my right hand know what my left hand does Not only did Roosevelt create America's first central intelligence agency the OSS under Wild Bill Donovan but he ran spy rings directly from the Oval Office enlisting well placed socialite friends FDR was also spied against Roosevelt's Secret War presents evidence that the Soviet Union had a source inside the Roosevelt White House that British agents fed FDR total fabrications to draw the United States into war and that Roosevelt by yielding to Churchill's demand that British scientists be allowed to work on the Manhattan Project enabled the secrets of the bomb to be stolen And these are only a few of the scores of revelations in this constantly surprising story of Roosevelt's hidden role in World War II

American Journalists in Hitler's Germany Norman Domeier, 2025 The first book to critically examine American journalists and media companies' roles in Hitler's Germany reigniting the debate on the relationship between political power and the media Despite Hitler's international use of propaganda and despite the power of the US press historians have neglected American journalists' activity in Nazi Germany American media companies expanded their presence in Germany after 1933 and the Associated Press AP conducted business with Hitler's regime throughout the war Norman Domeier's study now in English is the first to examine critically and in detail the roles of American journalists and media companies in Hitler's Germany showing that they knew about but kept secret the plans for rearmament the occupation of the Rhineland the annexation of Austria the invasions of Denmark Norway and the Soviet Union The book documents the companionship between Adolf Hitler and Karl Henry von Wiegand chief German correspondent of the Hearst press who was the first and last American to interview him Most important it details the secret exchange of news photographs discovered by Domeier in 2017 between the AP and the Nazis from 1942-45 Thousands of AP photos were used in the Nazi press usually with anti-American or anti-Semitic spin while the AP distributed ca 40 000 Nazi photographs to US newspapers Domeier's book reignites the debate on the relationship between political power and the media opening up new perspectives on the political and cultural history of journalism beyond one-sided idealizations

The Myth of Hitler's Pope David G. Dalin, 2012-03-28 Was Pope Pius XII secretly in league with Adolf Hitler No says Rabbi David G Dalin but there was a cleric in league with Hitler the grand mufti of Jerusalem Hajj Amin al-Husseini As Pope Pius XII worked to save Jews from the Nazis the grand mufti became Hitler's staunch ally and a promoter of the Holocaust with a legacy that feeds radical Islam today In this shocking and thoroughly documented book Rabbi Dalin explodes the myth of Hitler's pope and condemns the mythmakers for not only rewriting history but for denying the testimony of Holocaust survivors hijacking the Holocaust for unseemly political ends

and ignoring the real threat to the Jewish people Franklin Roosevelt's Foreign Policy and the Welles Mission J. Rofe, 2007-06-11 A new and original analysis of the mission undertaken by FDR's Secretary of State during the Phoney War Rofe's work explains the motivations and goals of Roosevelt through an analysis of the president's foreign policy and of the nature of the Anglo American relationship of the time **The Best of American Heritage Roosevelt** Edwin S. Grosvenor, 2018-07-07 Franklin Delano Roosevelt led the United States through two of the most critical periods in our history the Great Depression and World War II And in those twelve years he did more than any president except Abraham Lincoln to change America Here some of the country's greatest historians James MacGregor Burns Thomas Fleming John Kenneth Galbraith Richard Ketchum John Lukacs Allan Nevins Joe Persico William vanden Heuvel and Geoffrey Ward bring FDR vividly to life assessing his place in history and exploring his marriage to Eleanor his struggle with polio his love of Hyde Park his relationships with Winston Churchill and Joseph Stalin and his complicated final days *Hitler's Interpreter* Paul Schmidt, 2016-06-06 As an interpreter in the German Foreign Ministry Paul Otto Schmidt 1899 1970 was in attendance at some of the most decisive moments of twentieth century history Fluent in both English and French he served as Hitler's translator during negotiations with Chamberlain the British declaration of war and the surrender of France as well as translating the Führer's infamous speeches for radio Having gained favour with the Nazi Party donning first the uniform of the SS then that of the Luftwaffe Paul Schmidt was given absolute authority in everything to do with foreign languages He later presided over the interrogation of Canadian soldiers captured after the 1942 Dieppe Raid Arrested in May 1945 Schmidt was freed by the Americans in 1948 In 1946 he testified at the Nuremberg Trials where conversations with him were noted down by the psychiatrist Leon Goldensohn and later published After the war he taught at the Sprachen und Dolmetscher Institut in Munich *Hitler's Interpreter* presents a highly atmospheric account of the bizarre life led behind the scenes at the highest level of the Third Reich Roger Moorhouse is a historian of the Third Reich He is the author of the acclaimed *Berlin at War* *Killing Hitler* and *The Devil's Pact* He has contributed to *He Was My Chief* *I Was Hitler's Chauffeur* *With Hitler to the End* and *Hitler's Last Witness* *Roosevelt's Centurions* Joseph E. Persico, 2013-05-28 FDR's centurions were my heroes and guides Now Joe Persico has written the best account of those leaders I've ever read Colin L Powell All American presidents are commanders in chief by law Few perform as such in practice In *Roosevelt's Centurions* distinguished historian Joseph E Persico reveals how during World War II Franklin D Roosevelt seized the levers of wartime power like no president since Abraham Lincoln during the Civil War Declaring himself Dr Win the War FDR assumed the role of strategist in chief and though surrounded by star studded generals and admirals he made clear who was running the war FDR was a hands on war leader involving himself in everything from choosing bomber targets to planning naval convoys to the design of landing craft Persico explores whether his strategic decisions including his insistence on the Axis powers unconditional surrender helped end or may have prolonged the war Taking us inside the Allied war councils the author

reveals how the president brokered strategy with contentious allies particularly the iron willed Winston Churchill rallied morale on the home front and handpicked a team of proud sometimes prickly warriors who he believed could fight a global war Persico's history offers indelible portraits of the outsize figures who roused the sleeping giant that defeated the Axis war machine the dutiful yet independent minded George C Marshall charged with rebuilding an army whose troops trained with broomsticks for rifles eggs for hand grenades Dwight Eisenhower an unassuming Kansan elevated from obscurity to command of the greatest fighting force ever assembled the vainglorious Douglas MacArthur and the bizarre battlefield genius George S Patton Here too are less widely celebrated military leaders whose contributions were just as critical the irascible dictatorial navy chief Ernest King the acerbic army advisor in China Vinegar Joe Stilwell and Henry H Hap Arnold who zealously preached the gospel of modern air power The Roosevelt who emerges from these pages is a wartime chess master guiding America's armed forces to a victory that was anything but foreordained What are the qualities we look for in a commander in chief In an era of renewed conflict when Americans are again confronting the questions that FDR faced about the nature and exercise of global power Roosevelt's Centurions is a timely and revealing examination of what it takes to be a wartime leader in a freewheeling complicated and tumultuous democracy

Totalitarian Communication Kirill Postoutenko, 2014-04-09 Totalitarianism has been an object of extensive communicative research since its heyday already in the late 1930s such major cultural figures as George Orwell or Hannah Arendt were busy describing the visual and verbal languages of Stalinism and Nazism After the war many fashionable trends in social sciences and humanities ranging from Begriffsgeschichte and Ego Documentology to Critical Linguistics and Critical Discourse Analysis were called upon to continue this media centered trend in the face of increasing political determination of the burgeoning field Nevertheless the integration of historical sociological and linguistic knowledge about totalitarian society on a firm factual ground remains the thing of the future This book is the first step in this direction By using history and theory of communication as an integrative methodological device it reaches out to those properties of totalitarian society which appear to be beyond the grasp of specific disciplines Furthermore this functional approach allows to extend the analysis of communicative practices commonly associated with fascist Italy Nazi Germany and Soviet Union to other locations France United States of America and Great Britain in the 1930s or historical contexts post Soviet developments in Russia or Kyrgyzstan This in turn leads to the revaluation of the very term totalitarian no longer an ideological label or a stock attribute of historical narration it gets a life of its own defining a specific constellation of hierarchies codes and networks within a given society
