Black Exodus Alferdteen Harrison, 2010-01-06 With essays by Blyden Jackson Dernoral Davis Stewart E Tolnay and E M Beck Carole Marks James R Grossman and William Cohen and Neil R McMillen What were the causes that motivated legions of black southerners to immigrate to the North What was the impact upon the land they left and upon the communities they chose for their new homes Perhaps no pattern of migration has changed America s socioeconomic structure more than this mass exodus of African Americans in the first half of the twentieth century Because of this exodus the South lost not only a huge percentage of its inhabitants to northern cities like Chicago New York Detroit and Philadelphia but also its supply of cheap labor Fleeing from racial injustice and poverty southern blacks took their culture north with them and transformed northern urban centers with their churches social institutions and ways of life In **Black Exodus** eight noted scholars consider the causes that stimulated the migration and examine the far reaching results **The African American Urban**

Experience J. Trotter, E. Lewis, T. Hunter, 2004-03-17 From the early years of the African slave trade to America blacks have lived and laboured in urban environments Yet the transformation of rural blacks into a predominantly urban people is a relatively recent phenomenon only during World War One did African Americans move into cities in large numbers and only during World War Two did more blacks reside in cities than in the countryside By the early 1970s blacks had not only made the transition from rural to urban settings but were almost evenly distributed between the cities of the North and the West on the one hand and the South on the other In their quest for full citizenship rights economic democracy and release from an oppressive rural past black southerners turned to urban migration and employment in the nation s industrial sector as a new Promised Land or Flight from Egypt In order to illuminate these transformations in African American urban life this book brings together urban history contemporary social cultural and policy research and comparative perspectives on race ethnicity and nationality within and across national boundaries *The Harvard Guide to African-American History* Evelyn

Brooks Higginbotham, 2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America Roots of Violence in Black Philadelphia, 1860-1900 Roger Lane, 1986 Lane offers a

historical explanation for rising levels of black urban crime and family instability during a paradoxical era Modern crime rates and patterns are shown to be products of a historical culture traceable from its formative years The author charts Philadelphia s story but also makes suggestions about national and international patterns **The Lineaments of Wrath**

James W. Clarke, 2018-01-16 Violence has marked relations between blacks and whites in America for nearly four hundred years In *The Lineaments of Wrath* James W Clarke draws upon behavioral science theory and primary historical evidence to examine and explain its causes and enduring consequences Beginning with slavery and concluding with the present Clarke describes how the combined effects of state sanctioned mob violence and the discriminatory administration of race blind

criminal and contract labor laws terrorized and immobilized the black population in the post emancipation South In this fashion an agricultural system based on debt peonage and convict labor quickly replaced slavery and remained the back bone of the region s economy well into the twentieth century Quoting the actual words of victims and witnesses from former slaves to gangsta rappers Clarke documents the erosion of black confidence in American criminal justice In so doing he also traces the evolution across many generations of a black subculture of violence in which disputes are settled personally and without recourse to the legal system That subculture the author concludes accounts for historically high rates of black on black violence which now threatens to destroy the black inner city from within *The Lineaments of Wrath* puts America s race issues into a completely original historical perspective Those in the fields of political science sociology history psychology public policy race relations and law will find Clarke s work of profound importance *The House I Live In* Robert J.

Norrell,2005-02-01 In *The House I Live In* award winning historian Robert J Norrell offers a truly masterful chronicle of American race relations over the last one hundred and fifty years This scrupulously fair and insightful narrative the most ambitious and wide ranging history of its kind sheds new light on the ideologies from white supremacy to black nationalism that have shaped race relations since the Civil War Norrell argues that it is these ideologies more than politics or economics that have sculpted the landscape of race in America Beginning with Reconstruction he shows how the democratic values of liberty and equality were infused with new meaning by Abraham Lincoln only to become meaningless for generations of African Americans as the white supremacy movement took shape The heart of the book paints a vivid portrait of the long often dangerous struggle of the Civil Rights movement to overcome decades of accepted inequality Norrell offers fresh appraisals of key Civil Rights figures and dissects the ideas of racists He offers striking new insights into black white history observing for instance that the Civil Rights movement really began as early as the 1930s and that contrary to much recent writing the Cold War was a setback rather than a boost to the quest for racial justice He also breaks new ground on the role of popular culture and mass media in first promoting but later helping defeat notions of white supremacy Though the struggle for equality is far from over Norrell writes that today we are closer than ever to fulfilling the promise of our democratic values *The House I Live In* gives readers the first full understanding of how far we have come *The*

Condemnation of Blackness Khalil Gibran Muhammad,2010 The Idea of Black Criminality was crucial to the making of modern urban America Khalil Gibran Muhammad chronicles how when and why modern notions of black people as an exceptionally dangerous race of criminals first emerged Well known are the lynch mobs and racist criminal justice practices in the South that stoked white fears of black crime and shaped the contours of the New South In this illuminating book Muhammad shifts our attention to the urban North as a crucial but overlooked site for the production and dissemination of those ideas and practices Following the 1890 census the first to measure the generation of African Americans born after slavery crime statistics new migration and immigration trends and symbolic references to America as the promised land were

woven into a cautionary tale about the exceptional threat black people posed to modern urban society Excessive arrest rates and overrepresentation in northern prisons were seen by many whites liberals and conservatives northerners and southerners as indisputable proof of blacks inferiority What else but pathology could explain black failure in the land of opportunity Social scientists and reformers used crime statistics to mask and excuse anti black racism violence and discrimination across the nation especially in the urban North The Condemnation of Blackness is the most thorough historical account of the enduring link between blackness and criminality in the making of modern urban America It is a startling examination of why the echoes of America s Jim Crow past continue to resonate in color blind crime rhetoric today Book jacket

A Respectable Woman Jane E. Dabel,2008-05-10 In the nineteenth century New York City underwent a tremendous demographic transformation driven by European immigration the growth of a native born population and the expansion of one of the largest African American communities in the North New York s free blacks were extremely politically active lobbying for equal rights at home and an end to Southern slavery As their activism increased so did discrimination against them most brutally illustrated by bloody attacks during the 1863 New York City Draft Riots The struggle for civil rights did not extend to equal gender roles and black male leaders encouraged women to remain in the domestic sphere serving as caretakers moral educators and nurses to their families and community Yet as Jane E Dabel demonstrates separate spheres were not a reality for New York City s black people who faced dire poverty a lopsided sex ratio racialized violence and a high mortality rate all of which conspired to prevent men from gaining respectable employment and political clout Consequently many black women came out of the home and into the streets to work build networks with other women and fight against racial injustice *A Respectable Woman* reveals the varied and powerful lives led by black women who despite the exhortations of male reformers occupied public roles as gender and race reformers On Character James Q. Wilson,1995 These essays argue that to have good character one needs to have at least developed a sense of empathy and self control **The**

Historical and Geographical Influences on Psychopathology Patricia Cohen, Cheryl Slomkowski, Lee N. Robins, 1998-12 This book begins with the assumption that a deep understanding of the origins of psychopathology human dysfunction and their course is fundamental to the quest for the good society and perhaps even to our survival as a species The studies presented compare prevalences and risk factors across time and place and make use of concepts and methods from history geography sociology anthropology economics psychology social and medical services research social policy psychiatry and epidemiology Collectively they illustrate the methods and methodological difficulties involved in the effort to achieve a deep understanding and provide important insights into the disorders and dysfunctions that are investigated

In Lincoln's Shadow Roberta Senechal de la Roche, 2008-08-29 Winner of the Gustavus Myers Center Award for the Study of Human Rights in the United States Winner of the Illinois State Historical Society Superior Achievement Award This detailed case study of the 1908 race riot in Springfield Illinois which began only a few blocks from Abraham Lincoln's family home explores the social origins of rioting by whites against the city's African American community after a white woman alleged that a black man had raped her Over two days rioters wrecked black owned businesses burned neighborhoods to the ground killed two black men and injured many others Author Roberta Senechal de la Roche draws from a wide range of sources to describe the riot identify the rioters and their victims and challenge previous interpretations that attribute rioting to interracial competition for jobs housing or political influence Written in a direct and clear style In Lincoln's Shadow documents a violent explosion of racial hatred that shocked the nation and reveals the complexity of white racial attitudes in the early twentieth century

W.E.B. Du Bois David Levering Lewis, 2009-08-04 The two time Pulitzer Prize winning biography of W E B Du Bois from renowned scholar David Levering Lewis now in one condensed and updated volume William Edward Burghardt Du Bois the premier architect of the civil rights movement in America was a towering and controversial personality a fiercely proud individual blessed with the language of the poet and the impatience of the agitator Now David Levering Lewis has carved one volume out of his superlative two volume biography of this monumental figure that set the standard for historical scholarship on this era In his magisterial prose Lewis chronicles Du Bois's long and storied career detailing the momentous contributions to our national character that still echo today W E B Du Bois is a 1993 and 2000 National Book Award Finalist for Nonfiction and the winner of the 1994 and 2001 Pulitzer Prize for Biography

The Unlevel Playing Field David Kenneth Wiggins, Patrick B. Miller, 2003 A comprehensive study of black participation in sports since slavery reveals a checkered history of prejudice and cultural bias that have plagued American sports from the beginning

Violence in America Ted Robert Gurr, 1989-06 Violence in America The History of Crime presents a wealth of new research on the long term dynamics of murder and other crimes of violence The contributors clearly identify and

diagnose the painful circumstances of recurring epidemics of violent crime that have swept the American society over the past 150 years Among the possible causes discussed are waves of immigration the social dislocations of war and growing concentrations of urban poverty In addition this engaging volume offers an evaluation of the traits of political assassins and an assessment of the pros and cons of gun control and whether or not it will help to reduce crimes of violence Surprisingly the contributors to this compelling volume present the idea that the past and present dynamics of violent crime projected into the future suggest grounds for cautious optimism This outlook is based on recent increases in effective criminal justice policies and the widespread efforts to remedy the social disintegration that breeds violent crime Students and professionals in history criminology victimology political science and other related fields will find this volume to be essential reading For both volumes This is a major timely and immensely welcome addition to the literature on violence in American society With fresh scholarship and new insights it updates a classic study of violence first published in 1969 It would make a valuable addition to courses on American social history as well as classes specifically addressing violence and crime in this society

John J Broesamle California State University Northridge *Under Sentence of Death* W. Fitzhugh Brundage, 2017-11-01

From the assembled work of fifteen leading scholars emerges a complex and provocative portrait of lynching in the American South With subjects ranging in time from the late antebellum period to the early twentieth century and in place from the border states to the Deep South this collection of essays provides a rich comparative context in which to study the troubling history of lynching Covering a broad spectrum of methodologies these essays further expand the study of lynching by exploring such topics as same race lynchings black resistance to white violence and the political motivations for lynching In addressing both the history and the legacy of lynching the book raises important questions about Southern history race relations and the nature of American violence Though focused on events in the South these essays speak to patterns of violence injustice and racism that have plagued the entire nation The contributors are Bruce E Baker E M Beck W Fitzhugh Brundage Joan E Cashin Paula Clark Thomas G Dyer Terence Finnegan Larry J Griffin Nancy MacLean William S McFeely Joanne C Sandberg Patricia A Schechter Roberta Senechal de la Roche Stewart E Tolnay and George C Wright *'This Rash Act'* Victor Bailey, 1998 What made some 700 men and women in the Yorkshire town of Kingston upon Hull in the years 1837 to 1900 take their lives This book attempts to answer this question and also to study how suicide was understood by victims families and friends how the causes of suicide changed over time and what coroners inquests can tell us about Victorian life beliefs and values in general **Murder in New York City** Eric H. Monkkonen, 2001-01-04 This investigation into urban

homicide covers two centuries of murder in America s biggest city Combining statistical evidence with many other documentary sources the book attempts to uncover the factors behind the statistics **I Will Wear No Chain!** Christopher B. Booker, 2000-09-30 This volume traces the social history of African American men from the days of slavery to the present focusing on their achievements their changing image and their role in American society The author places the contemporary

issue of Black men's disproportionate involvement with criminal justice within its social and historical context while analyzing the most significant movements aiming to improve the status of Blacks in our society. The book's main thesis is that an ever-changing yet ever-present process of criminalization has entrapped Black men throughout history, thus creating a major barrier to their collective development. The topics discussed include the role of Blacks in the Civil War, Booker T. Washington, the Civil Rights movement, and the Million Man March. American Studies Jack Salzman, 1990-05-25. This volume supplements the acclaimed three-volume set published in 1986 and consists of an annotated listing of American Studies monographs published between 1984 and 1988. There are more than 6,000 descriptive entries in a wide range of categories: anthropology and folklore, art and architecture, history, literature, music, political science, popular culture, psychology, religion, science and technology, and sociology.
