**Elise K. Tipton**

## Roots Of Modern Japan:

The Roots of Modern Japan Jean-Pierre Lehmann,1982 Ancien Regime Edo era society intellect and ideology Meiji era Response to modernity Society culture and politics Education and the state Militarisation Expansion of modern Japan

Japanese imperialism **The Rise of Modern Japan** Linda K. Menton,2003-01-01 Graphs charts photographs maps and timelines enhance a history of modern Japan **The Emergence of Modern Japan** Janet Hunter,2014-06-06 The main

emphasis of this book is upon political social and economic developments as conditioned by Japan s interaction with the outside world the advance of industrialisation and the emergence of the Japanese nation state Unlike previous textbooks on the history of modern Japan Janet Hunter s book adopts a thematic approach which makes the period much more accessible for readers who wish to pursue their particular interests throughout the period Moreover it will also establish a greater awareness of the cultural and institutional continuities which are crucial to any proper understanding of modern Japan

**Modern Japan** J.E. Thomas,2014-09-25 J E Thomas examines the historical roots of Japanese social structures and preoccupations and he sets these within the broad chronological framework of Japan s political and military development The book can thus serve as an introduction to modern Japan in a more general sense but its focus throughout is on the people themselves Professor Thomas gives due attention to the Japanese mainstream but he also discusses those other sections of the community which have traditionally been underprivileged or marginalised most obviously women but also minority groups and outcasts and the Japanese attitude to foreigners beyond her shores

**Modern Japan** Elise K. Tipton,2002 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play s various printed versions and its theatrical productions Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play The issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality The Revolutionary

Origins of Modern Japan Thomas M. Huber,1981 Challenging the popular view of the Meiji Restoration as a revolution from above this book argues that its main cause was neither the growing threat of the West nor traditional loyalty to Emperor and nation but rather lay in class conflict and long term institutional change The author sees the Restoration as a revolution against feudal privilege carried out from below by a service intelligentsia of minor administrators priests scholars and village officials The book focuses on the politically most effective body of activists those in the domain of Choshu and on their most important leaders of the 1850s and 1860s Yoshida Shoin Kusaka Genzui and Takasugi Shinsaku It examines their social and educational background explores their motives for acting and follows them through their intellectual and political struggles The final chapter explains various heretofore puzzling aspects of the Meiji period 1868 1912 in terms of its revolutionary origins and concludes by showing that the Restoration far from being uniquely Japanese had many of the characteristics we associate with the great revolutions of England France and Russia A History of Modern Japan Richard Storry,1962

*History of Modern Japan* Christopher Harding, 2020-06-30 ING\_08 Review quote      **Studies in the Institutional**

**History of Early Modern Japan** John Whitney Hall, Marius B. Jansen, 2015-03-08 This study contains twenty two essays by leading historians on the Tokugawa Period 1600 1868 eight of which have never before been published The Tokugawa Period has long been seen as one of Eastern feudalism awaiting the breakthrough that came with the Meiji enlightenment and the opening of Japan to the West The general thrust of these papers is to show that in many institutional aspects Japan was far from backward before the Meiji Period and that many of the preconditions of modernization were present and developing much earlier than has generally been believed This collection will be particularly valuable to students and scholars of comparative and Japanese modernization Originally published in 1968 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905      New Times in Modern Japan Stefan Tanaka, 2009-02-09 New Times in Modern Japan concerns the transformation of time the reckoning of time during Japan s Meiji period specifically from around 1870 to 1900 Time literally changed as the archipelago synchronized with the Western imperialists reckoning of time The solar calendar and clock became standard timekeeping devices and society adapted to the abstractions inherent in modern notions of time This set off a cascade of changes that completely reconfigured how humans interacted with each other and with their environment a process whose analysis carries implications for other non Western societies as well By examining topics ranging from geology ghosts childhood art history and architecture to nature as a whole Stefan Tanaka explores how changing conceptions of time destabilized inherited knowledge and practices and ultimately facilitated the reconfiguration of the archipelago s heterogeneous communities into the liberal capitalist nation state Japan However this revolutionary transformation where in the words of Lewis Mumford the clock not the steam engine is the key mechanism of the industrial age has received little more than a footnote in the history of Japan This book s innovative focus on time not only shifts attention away from debates about the failure or success of modernization toward how individuals interact with the overlay of abstract concepts upon their lives it also illuminates the roles of history as discourse and as practice in this reconfiguration of society In doing so it will influence discussions about modernity well beyond the borders of Japan      *Monarchies 1000-2000* W. M. Spellman, 2001 Monarchies 1000 2000 surveys a form of government whose legitimacy rests not on voluntary consensus but on age old custom heredity and or religious sanction Global in scope and comparative in approach W M Spellman s survey establishes connections between monarchy as idea and practice in a variety of historical and cultural contexts across a millennium when the system was without serious rival Spellman examines the intellectual assumptions behind different models of monarchy tracing the ways in which each of

these assumptions shifted in response to historical factors including expanding literacy the development of modern science and the growth of rationalism and the decline of institutional religion While no human institution has retreated as rapidly as monarchy in the modern period the system's remarkable longevity invites us to weigh the significance of hierarchy subordination and dependence as constants of the human experience book jacket      **The Columbia Guide to Modern**

**Japanese History** Gary D. Allinson, 1999 The first all inclusive single volume guide to the history of modern Japan conveniently divided into easy to use sections that provide a narrative topical compendium resource guide and selected documents      **Modern Japan: Origins Of The Mind - Japanese Traditions And Approaches To Contemporary Life**

Alexander Prasol, 2010-07-22 The book takes a fresh look at modern Japan and does not treat the Japanese as enigmatic or mysterious people their ways of thinking and their culture can be explained by an honest appraisal of their history and of the norms that have shaped this history This book not only reveals the mentality and national character of modern Japanese people but also attempts to explore and analyze the roots of their mannerisms Everyone knows that the Japanese are generally more polite than other nationalities but why is this so Why do they embrace a relaxed attitude when being served by others Surely there must be specific reasons to account for these observations Delving into the social values of the Japanese why do they value loyalty and commitment so much How long have they been upholding these virtues Why when interrogated by the police even without being beaten or tortured do they easily confess guilt for crimes that they have not committed What are the reasons for such behaviors All these questions and more are answered in this engaging and illuminating book      **Voices of Early Modern Japan** Constantine Nomikos Vaporis, 2020-11-27 In this newly revised and updated 2nd edition of Voices of Early Modern Japan Constantine Nomikos Vaporis offers an accessible collection of

annotated historical documents of an extraordinary period in Japanese history ranging from the unification of warring states under Tokugawa Ieyasu in the early seventeenth century to the overthrow of the shogunate just after the opening of Japan by the West in the mid nineteenth century Through close examination of primary sources from The Great Peace this fascinating textbook offers fresh insights into the Tokugawa era its political institutions rigid class hierarchy artistic and material culture religious life and more demonstrating what historians can uncover from the words of ordinary people New features include An expanded section on religion morality and ethics A new selection of maps and visual documents Sources from government documents and household records to diaries and personal correspondence translated and examined in light of the latest scholarship Updated references for student projects and research assignments The first edition of Voices of Early Modern Japan was the winner of the 2013 Franklin R Buchanan Prize for Curricular Materials This fully revised textbook will prove a comprehensive resource for teachers and students of East Asian Studies history culture and anthropology      [A Short](#)

[Economic History of Modern Japan](#) NA NA, 2015-12-30      **The History of Modern Japanese Education** Benjamin

Duke, 2008-12-30 The History of Modern Japanese Education is the first account in English of the construction of a national

school system in Japan as outlined in the 1872 document the Gakusei Divided into three parts tracing decades of change the book begins by exploring the feudal background for the Gakusei during the Tokugawa era which produced the initial leaders of modern Japan Next Benjamin Duke traces the Ministry of Education's investigations of the 1870s to determine the best western model for Japan including the decision to adopt American teaching methods He then goes on to cover the eventual reverse course sparked by the Imperial Household protest that the western model overshadowed cherished Japanese traditions Ultimately the 1890 Imperial Rescript on Education integrated Confucian teachings of loyalty and filial piety with Imperial ideology laying the moral basis for a western style academic curriculum in the nation's schools

Voices of Early Modern Japan Constantine Nomikos Vaporis Ph.D.,2012-01-06 Based on fresh translations of historical documents this volume offers a revealing look at Japan during the time of the Tokugawa shoguns from 1600-1868 focusing on the day to day lives of both the rich and powerful and ordinary citizens Voices of Early Modern Japan Contemporary Accounts of Daily Life during the Age of the Shoguns spans an extraordinary period of Japanese history ranging from the unification of the warring states under Tokugawa Ieyasu in the early 17th century to the overthrow of the shogunate just prior to the mid 19th century opening of Japan by the West Through close examinations of sources from a time known as The Great Peace this fascinating volume offers fresh insights into the Tokugawa era its political institutions rigid class hierarchy artistic and material culture religious life and more Sources come from all levels of Japanese society everything from government documents and household records to personal correspondence and diaries all carefully translated and examined in light of the latest scholarship

Japanese Studies from Pre-History to 1990 Richard Perren,1992

**The Political History of Modern Japan** Kitaoka Shinichi,2018-10-10 Spanning the 130 year period between the end of the Tokugawa Era and the end of the Cold War this book introduces students to the formation collapse and rebirth of the modern Japanese state It demonstrates how faced with foreign threats Japan developed a new governing structure to deal with these challenges and in turn gradually shaped its international environment Had Japan been a self sufficient power like the United States it is unlikely that external relations would have exercised such great control over the nation And if it were a smaller country it may have been completely pressured from the outside and could not have influenced the global stage on its own For better or worse therefore this book argues Japan was neither too large nor too small Covering the major events actors and institutions of Japan's modern history the key themes discussed include Building the Meiji state and Constitution The establishment of Parliament The First Sino Japanese and Russo Japanese Wars Party Politics and International Cooperation The Pacific War Development of LDP politics Changes in the international order and the end of the Cold War This book written by one of Japan's leading experts on Japan's political history will be an essential resource for students of Japanese modern history and politics

The Routledge Companion to World History since 1914 Chris Cook,John Stevenson,2006-01-27 The Routledge Companion to World History since 1914 is an outstanding compendium of facts and figures on World History Fully up to date
