Rosa Lee A Mother And Her Family In Urban America:

Rosa Lee Leon Dash, 2015-06-02 Based on a heart rending and much discussed series in the Washington Post this is the story of one woman and her family living in the projects in Washington D C A transcendent piece of writing it won the Pulitzer Prize and the Robert F Kennedy Journalism Award For four years Leon Dash of the Washington Post followed the lives of Rosa Lee Cunningham her children and five of her grandchildren in an effort to understand the persistence of poverty and pathology within America s black underclass Rosa Lee s life story spans a half century of hardship in the slums and housing projects of Southeast Washington a stone s throw from the marble halls and civic monuments of the world s most prosperous nation Yet for all of America s efforts Rosa Lee and millions like her remain trapped in a cycle of poverty characterized by illiteracy teenage pregnancy drugs and violent crime Dash brings us into her life and the lives of her family members offering a human drama that statistics can only refer to He also shows how some people including two of Rosa Lee s children have made it out of the ghetto breaking the cycle to lead stable middle class lives in the mainstream of American society

Rosa Lee Leon Dash, 1997 Based on a series of Pulitzer Prize winning articles this harrowing account of life in the urban underclass offers compelling testimony in the ongoing national debate about welfare reform In Rosa Lee Washington Post reporter Leon Dash vividly chronicles the hardships and pathologies of the daily life of a family in the slums of Washington D C Defying simplistic conservative and liberal arguments about why the black underclass persists Dash puts a human face on their struggle to survive despite both disastrous personal choices and almost insurmountable circumstances The book spans a half century of hardship from Rosa Lee Cunningham s bleak early life in the Jim Crow South to her death from AIDS at age fifty nine Rosa Lee gave birth to her first child at fourteen was married at sixteen and ultimately bore eight children whom she had no legitimate means of supporting When her welfare checks proved insufficient to feed her family she turned to prostitution and selling stolen clothes and drugs Yet Rosa Lee maintained a flickering desire to do what was right Two of her sons did escape the ghetto to enter mainstream life and after Dash s series of articles ran in The Washington Post she made public speeches hoping to encourage other people to avoid her destructive choices Rosa Lee is the worthy successor to such works as Jonathan Kozol s Death at an Early Age It offers no easy answers but is instead challenging thought provoking and utterly unforgettable

Rosa Lee Leon Dash, 1996 For four years reporter Leon Dash followed the lives of Rosa Lee Cunningham her eight children and five of her grandchildren in an effort to capture the stark reality of life in the growing black underclass As a black journalist troubled by the crisis in urban America he wanted readers to share his discomfort and alarm Dash s reports in the Washington Post touched a powerful nerve 4 600 readers called the paper in response and received critical acclaim as well winning both the Pulitzer Prize and the Robert F Kennedy Journalism Award The Kennedy prize board called his series a tour de force that sets the standard for reporting about poverty Dash continued reporting even after his articles were published and in this book he provides the complete unvarnished family portrait But

Leon Dash does more than simply report facts he becomes an integral part of Rosa Lee's daily life driving her to the methadone clinic helping her read her mail visiting her in the hospital While maintaining his journalistic distance he never lends her money or intervenes with the city bureaucracy Dash can't help forging a powerful bond with Rosa Lee Once after uncharacteristically losing his temper Dash offers an apology which she waves aside That lets me know that you're really concerned about me she says That means a lot to a woman like me who has been used and misused People don't give a damn about me Rosa Lee's life story challenges the pieties of left and right she has made choices that were often unwise and has paid the price for her actions but through it all she cares about doing the right thing even if she cannot always find the inner strength to do so When she agreed to let Dash chronicle her life she said simply Maybe I can help somebody not follow in my footsteps Those who read this poignant and provocative portrait will find that Rosa Lee's voice is one that cannot be ignored and through her experiences we see the magnitude of the problems facing urban America today Life on the Outside

Race and Morality Melvyn L. Fein, 2012-12-06 After I had finished my presentation a colleague and I sat rocking on the hotel porch to discuss its merits It was a picture perfect fall day in Jekyll Island Georgia and he was a friend Yes he explained what I was saying seemed to be true And yes it probably needed to be said but why did I want to be the one to say it Wasn't I after all a tenured professor who didn't need to make a fuss in order to retain his job Didn't it make sense to just kick back and enjoy the easy life I had earned The topic of our tete a tete was my speculations about race relations and he was certain that too much honesty could only get me in trouble Given my lack of political correctness people were sure to assume that I was a racist and not give me a fair hearing This was a prospect I had previously contemplated Long before embarking on this volume I had often asked myself why I wanted to write it The ideological fervor that dominates our public dialogue on race guaranteed that some people would perceive me as a dangerous scoundrel who had to be put in his place

Moving Up, Moving Out Will Cooley, 2018-10-19 In *Moving Up Moving Out* Will Cooley discusses the damage racism and discrimination have exacted on black Chicagoans in the twentieth century while accentuating the resilience of upwardly mobile African Americans Cooley examines how class differences created fissures in the black community and produced quandaries for black Chicagoans interested in racial welfare While black Chicagoans engaged in collective struggles they also used individualistic means to secure the American Dream Black Chicagoans demonstrated their talent and ambitions but they entered through the narrow gate and whites denied them equal opportunities in the educational institutions workplaces and neighborhoods that produced the middle class African Americans resisted these restrictions at nearly every turn by moving up into better careers and moving out into higher quality neighborhoods but their continued marginalization helped create a deeply dysfunctional city African Americans settled in Chicago for decades inspired by the gains their forerunners were making in the city Though faith in Chicago as a land of promise wavered the progress of the black middle class kept the city from completely falling apart In this important study Cooley shows how Chicago in all of its glory and faults was held together by black dreams of advancement *Moving Up Moving Out* will appeal to urban historians and sociologists scholars of African American studies and general readers interested in Chicago and urban history

On Loss and Losing Melvyn L. Fein,2017-09-08 All people suffer instances of personal loss that cause distress All too often their discomfort is treated as a medical issue requiring treatment usually through medication Melvyn L Fein argues for a broader understanding of loss and losing that offers another approach which he characterizes as resocialization Indeed how a person

thinks feels and acts may all need to be reorganized if personal distress is to be overcome. Fein urges that we distinguish between the loss of something we once possessed and losing something that never came to fruition. Thus it is possible never to achieve vital social roles, social statuses and or personal bonds despite our individual efforts. While some of these losses are not necessarily problematic, others are extremely painful. Unfortunately, rather than investigate the source of this discomfort, distraught individuals frequently seek refuge in simplistic solutions. As a consequence, one of the reasons the medical model remains dominant is that the alternative is imperfectly understood. Fein presents a compelling case for a sociological interpretation of personal distress. Although he acknowledges that some personal suffering derives from biological sources and that mental illnesses can spill over to cause social dysfunctions, he argues that it is important to recognize the social causes of human suffering. In thereby recognizing the limitations of the human condition, most of us can do better than blindly accept an inherited dedication to the medical model.

On Loss and Losing offers a legitimate option without denying the reality of human suffering.

The New New Journalism Robert Boynton, 2007-12-18. Forty years after Tom Wolfe, Hunter S. Thompson and Gay Talese launched the New Journalism movement, Robert S. Boynton sits down with nineteen practitioners of what he calls the New New Journalism to discuss their methods, writings and careers. The New New Journalists are first and foremost brilliant reporters who immerse themselves completely in their subjects. Jon Krakauer accompanies a mountaineering expedition to Everest. Ted Conover works for nearly a year as a prison guard. Susan Orlean follows orchid fanciers to reveal an obsessive subculture few knew existed. Adrian Nicole LeBlanc spends nearly a decade reporting on a family in the South Bronx. And like their muckraking early twentieth century precursors, they are drawn to the most pressing issues of the day: Alex Kotlowitz on race and class; Ron Rosenbaum on the problem of evil; Michael Lewis on boom and bust economies; Richard Ben Cramer on the nitty gritty of politics. How do they do it? In these interviews, they reveal the techniques and inspirations behind their acclaimed works, from their felt tip pens, tape recorders, long car rides and assumed identities to their intimate understanding of the way a truly great story unfolds. Interviews with Gay Talese, Jane Kramer, Calvin Trillin, Richard Ben Cramer, Ted Conover, Alex Kotlowitz, Richard Preston, William Langewiesche, Eric Schlosser, Leon Dash, William Finnegan, Jonathan Harr, Jon Krakauer, Adrian Nicole LeBlanc, Michael Lewis, Susan Orlean, Ron Rosenbaum, Lawrence Weschler, Lawrence Wright.

Job Training that Gets Results Michael Bernick, 2005. Argues that a strong private economy can reduce unemployment more successfully than government programmes and that job training programmes should reflect the current market. Looks at ways of building and maintaining career ladders for the working poor, the roles of welfare reform and emerging new occupations in the ITC industries, aspects of poverty reduction and job training in a world of globalization.

despite their extremely disproportional representation in correctional institutions little attention has been paid to their experiences within the criminal justice system *Inner Lives* provides readers the rare opportunity to intimately connect with African American women prisoners By presenting the women s stories in their own voices Paula C Johnson captures the reality of those who are in the system and those who are working to help them Johnson offers a nuanced and compelling portrait of this fastest growing prison population by blending legal history ethnography sociology and criminology These striking and vivid narratives are accompanied by equally compelling arguments by Johnson on how to reform our nation s laws and social policies in order to eradicate existing inequalities Her thorough and insightful analysis of the historical and legal background of contemporary criminal law doctrine sentencing theories and correctional policies sets the stage for understanding the current system
