Biography of a Hacienda Elizabeth Terese Newman, 2014-04-17 Winner James Deetz Book Award Society for Historical Archaeology Biography of a Hacienda is a many voiced reconstruction of events leading up to the Mexican Revolution and the legacy that remains to the present day Drawing on ethnohistorical archaeological and ethnographic data Elizabeth Terese Newman creates a fascinating model of the interplay between the great events of the Revolution and the lives of everyday people In 1910 the Mexican Revolution erupted out of a century of tension surrounding land ownership and control over labor During the previous century the elite ruling classes acquired ever increasingly large tracts of land while peasants saw their subsistence and community independence vanish Rural working conditions became so oppressive that many resorted to armed rebellion After the war new efforts were made to promote agrarian reform and many of Mexico s rural poor were awarded the land they had farmed for generations Weaving together fiction memoir and data from her fieldwork Newman reconstructs life at the Hacienda San Miguel Acocotla a site located near a remote village in the Valley of Atlixco Puebla Mexico Exploring people s daily lives and how they affected the buildup to the Revolution and subsequent agrarian reforms the author draws on nearly a decade of interdisciplinary study of the Hacienda Acocotla and its descendant community Newman s archaeological research recovered information about the lives of indigenous people living and working there in the one hundred years leading up to the Mexican Revolution Newman shows how women were central to starting the revolt and she adds their voices to the master narrative Biography of a Hacienda concludes with a thoughtful discussion of the contribution of the agrarian revolution to Mexico s history and whether it has succeeded or simply transformed rural

Saturday Night , 1925 Militarism, Ethnicity, and Politics in the Sierra Norte de Puebla, 1917-1930 Keith Brewster, 2022-08-30 In the wake of the Mexican Revolution citizens in many parts of Mexico experienced turbulent and uncertain times This book tells the story of how the people of the Sierra Norte de Puebla emerged from those traumatic years and came to terms with the many challenges facing them in the decade that followed It also examines the phenomenon of caciquismo in the postrevolutionary period as seen in the career of one powerful individual Gabriel Barrios Cabrera leader of the Brigada Serrana rose from rural obscurity in the tiny village of Cuacuila to a position of unprecedented military strength during the Revolution and throughout the 1920s he and his brother Demetrio came to enjoy the confidence of the nation s presidents This work provides an in depth look at how a local political boss held on to power Keith Brewster reveals how the story of the Sierra is inextricably linked to that of the Barrios Cabrera family and he investigates the ways in which this interconnection developed Brewster argues that Barrios owed his long prominence to his sensitivity to the region s culture but also shows that the extent of his power was exaggerated by both contemporaries and historians Barrios was able to develop a working relationship with the federal government by endorsing its objectives and convincing them of his own indispensability but his authority depended on the weakness of the federal government and on infighting within the Puebla state government once both governments stabilized Barrios quickly lost his grip on power Masterfully blending archival sources and oral history Brewster captures life in the Sierra during the 1920s and examines the decision making processes that determined how communities responded to new pressures such as requests for soldiers or support for development projects He shows that subaltern groups were able to shape and even resist state reforms mustering evidence that the Sierra s indigenous communities drove hard bargains over issues affecting their everyday lives Although many communities used Barrios as an intermediary Brewster reveals that they did not universally accept his legitimacy but simply used his connections to pursue their own local agendas Brewster depicts the Sierra de Puebla of the 1920s as a scene of shifting balances of power where political economic social and ethnic factors combined to produce the temporary ascendancy of different interest groups beyond and within the region His study forces us to question assumptions about how power was exercised at the local and regional levels in postrevolutionary Mexico and will be of lasting interest to all concerned with the dynamics of caciquismo and the evolution of the Mexican political system *The general and departmental libraries* University of California, Berkeley.
