She and other experts wondered if di Robilant's unnamed rose could possibly be one of the long lost China varieties that nineteenth century European growers had cultivated but which have since disappeared. On the hunt for the identity of his anonymous yet quietly distinctive rose Di Robilant finds himself captivated by roseophiles through time from Lucia and her friend Josephine Bonaparte to the gifted Eleonora whose garden of nearly fifteen hundred varieties of old roses is one of the most significant in Europe and by the roses themselves each of which has a tale to tell. What starts out as a lighthearted quest becomes a meaningful journey as di Robilant contemplates the enduring beauty of what is passed down to us in a rose through both the generosity of nature and the cultivating hand of human beings who for centuries have embraced and extended the life of this mysterious flower.
