Night Prey Tara Nina, 2007

Something in the air didn't smell right With each pace along the castle walls his senses heightened straining to locate the source of his discontent Everything about this night didn't sit well with him

The howl of the rising wind informed him of the impending storm But that wasn't the reason he was ill at ease

A strange scent upon the wind and a gnawing sensation at the base of his brain that something was wrong kept him on edge

Lightning cut the night sky reflecting off an object in the distance His best guess set it several hundred yards away

The faint sound of weapons clashing and the minute scent of fear upon the wind sent him jumping from his nightly perch upon the castle walls

Weather Bureau,1897 *Dangerous Edges of Graham Greene* Dermot Gilvary,Darren J. N. Middleton,2011-11-17 Informative broad ranging this title sheds new light on the life and literary art of one of the last century s most celebrated

authors The first volume to be authorized by the Graham Greene Birthplace Trust *Dangerous Edges of Graham Greene* brings together writers journalists and scholars to investigate as well as to assess Greene s prolific oeuvre and intense personal interests Here the reader may explore everything from Greene s Vienna at the time of the filming of *The Third Man* to his sometimes fraught relationship with Evelyn Waugh from Greene s unconventional fictional treatment of women to his believing skepticism While Greene often informed friends that a ruling passion gives to a shelf of novels the unity of a system critics of his literary art have found it extraordinarily difficult to define the content of this ruling passion Perhaps this is because Greene s own character seems so paradoxical ironic even Moreover in believing that sin contains within itself the seeds of saintliness he consistently loiters on what Robert Browning calls the dangerous edge of things In exploring this dangerous edge this book covers the full breadth of Greene s life and literary career *Monthly Weather Review* ,1876
