approaches help rethink the new dynamics of anglophone literature but they have often overlooked one of the basic elements of literature the language itself Literatures in English vernaculars have flourished and Justin Quinn shows that writers are also creating a new idiom in English that is not fixed to a particular locale or community While sentences may become simpler the vocabulary range narrower and rich cultural references lost Quinn reveals how much this new form of writing gains He explores the work of a wide range of authors including Daisy Hildyard Kim Stanley Robinson Bryan Washington Yiyun Li and Terrance Hayes Literature in the Age of Lingua Franca English The Zero Style is an innovative and illuminating resource for students and scholars of global anglophone literature comparative literature and cultural studies The Undecidable Clare Gorman, 2015-09-18 This book offers a detailed engagement between the French philosopher Jacques Derrida and the contemporary Irish author Paul Howard aka Ross O Carroll Kelly The book offers insightful analyses of Derrida's deconstructive theory with all its concepts non concepts and neologisms thus showing how they can be used in order to provide a critique of the socio linguistic realm of Howard's fictional series Through his work Howard set in ink a depiction of Ireland and specifically Dublin throughout the Celtic Tiger era and its aftermath The book promotes a dialogue between Derrida and Howard in order to cultivate a succinct and accessible overview of critical theory *Books Ireland*, 2003
