**Hazel Scott** Karen Chilton, 2016-10-18 Hazel Scott was an important figure in the later part of the Black renaissance onward. Even in an era where there was limited mainstream recognition of Black Stars, Hazel Scott's talent stood out, and she is still fondly remembered by a large segment of the community. I am pleased to see her legend honored. Melvin Van Peebles, filmmaker and director, says this book is really, really important. It comprises a lot of history of culture, race, gender, and America. In many ways, Hazel's story is the story of the twentieth century. Murray Horwitz, NPR commentator and coauthor of *Ain't Misbehavin'*, says Karen Chilton has deftly woven three narrative threads: Adam Clayton Powell Jr., Harlem, and Hazel Scott into a marvelous tapestry of black life, particularly from the Depression to the Civil Rights era. Of course, Hazel Scott's magnificent career is the brightest thread, and Chilton handles it with the same finesse and brilliance as her subject brought to the piano. Herb Boyd, author of *Baldwin's Harlem: A Biography of James Baldwin*, a wonderful book about an extraordinary woman, says Hazel Scott was a glamorous, gifted musician and fierce freedom fighter. Thank you, Karen Chilton, for reintroducing her. May she never be forgotten. Farah Griffin, Institute for Research in African American Studies, Columbia University. In this fascinating biography, Karen Chilton traces the brilliant arc of the gifted and audacious pianist Hazel Scott from international stardom to ultimate obscurity. A child prodigy born in Trinidad and raised in Harlem in the 1920s, Scott's musical talent was cultivated by her musician mother, Alma Long Scott, as well as several great jazz luminaries of the period, namely Art Tatum, Fats Waller, Billie Holiday, and Lester Young. Career success was swift for the young pianist; she auditioned at the prestigious Juilliard School when she was only eight years old, hosted her own radio show, and shared the bill at Roseland Ballroom with the Count Basie Orchestra at fifteen. After several stand-out performances on Broadway, it was the opening of New York's first integrated nightclub, Caf Society, that made Hazel Scott a star. Still a teenager, the Darling of Caf Society wowed audiences with her swing renditions of classical masterpieces by Chopin, Bach, and Rachmaninoff. By the time Hollywood came calling, Scott had achieved such stature that she could successfully challenge the studios' deplorable treatment of black actors. She would later become one of the first black women to host her own television show. During the 1940s and 50s, her sexy and vivacious presence captivated fans worldwide, while her marriage to the controversial black Congressman from Harlem, Adam Clayton Powell Jr., kept her constantly in the headlines. In a career spanning over four decades, Hazel Scott became known not only for her accomplishments on stage and screen but for her outspoken advocacy of civil rights and her refusal to play before segregated audiences. Her relentless crusade on behalf of African Americans, women, and artists made her the target of the House Un-American Activities Committee (HUAC) during the McCarthy Era, eventually forcing her to join the black expatriate community in Paris. By age twenty-five, Hazel Scott was an international star. Before reaching thirty-five, however, she considered herself a failure. Plagued by insecurity and depression, she twice tried to take her own life. Though she was once one of the most sought-after talents in show business, Scott would return to America after years of living abroad to a music world that no longer valued what she had to offer. In this first biography of an important but overlooked African

American pianist singer actor and activist Hazel Scott's contributions are finally recognized Karen Chilton is a New York based writer and actor and the coauthor of *I Wish You Love* the memoir of legendary jazz vocalist Gloria Lynne

*Sophisticated Giant* Maxine Gordon, 2020-09-15 Tenor saxophonist Dexter Gordon was one of the major innovators of modern jazz In a context of biography history and memoir Maxine Gordon has completed the book that her late husband began weaving his solo turns with her voice and a chorus of voices from past and present She shows that his image of the cool jazzman fails to come to terms with the three dimensional man full of humor and wisdom a figure who struggled to reconcile being both a creative outsider who broke the rules and a comforting insider who was a son father husband and world citizen

**Monk's Music** Gabriel Solis, 2008 Gabriel Solis's study of Thelonious Monk's legacy energizes an important development in jazz studies Respectful of Monk and his musical heirs Solis nevertheless offers insights on Monk myth building by opposing jazz camps in which both moldy figs and avant gardists claim him as their own Moving beyond exploding these turf battles Solis comes to deep realizations about jazz as a practice This will become an often cited work even a transformative one Steven F Pond author of *Head Hunters* The Making of Jazz's First Platinum Album winner of the International Association for the Study of Popular Music's Woody Guthrie Prize

**Music in the Shadows** Sheri Chinen Biesen, 2014-03-27 An analysis of Hollywood films that blend elements of musicals and film noir from the author of *Blackout* World War II and the Origins of Film Noir Welcome to the world of noir musical films where tormented antiheroes and hard boiled musicians battle obsession and struggle with their music and ill fated love triangles Sultry divas dance and sing the blues in shrouded nightclubs Romantic intrigue clashes with backstage careers In her pioneering study *Music in the Shadows* film noir expert Sheri Chinen Biesen explores musical films that use film noir style and jazz to inhabit a disturbing underworld and reveal the dark side of fame and the American Dream While noir musical films like *A Star Is Born* 1954 include musical performances their bleak tone and expressionistic aesthetic more closely resemble the visual style of film noir Their narratives unfold behind a stark noir lens distorted erratic angles and imbalanced hand held shots allow the audience to experience a tortured disillusioned perspective While many musicals glamorize the quest for the Hollywood spotlight brooding noir musical films such as *Blues in the Night* *Gilda* *The Red Shoes* *West Side Story* and *Round Midnight* stretch the boundaries of film noir and the musical as film genres collide Deep shadows dim lighting and visual composition evoke moodiness cynicism pessimism and subjective psychological points of view Biesen draws on extensive primary research in studio archives to situate her examination within a historical industrial and cultural context Biesen builds a fascinating and quite convincing case for a genre hybrid the noir musical that took root in the 1940s but has continued to evolve ever since
