The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that

printing tends to be associated with the ukiyo e tradition and the familiar portrayals of kabuki actors or courtesan beauties

These well known images were produced by a publisher and artist using the extraordinary skills of carvers and printers

whose identities are rarely known The same craftsmen also produced woodblock printed objects for use in everyday life such

as decorative paper chiyogami votive slips senjafuda playing cards karuta and board games sugoroku As the market changed

in the late nineteenth century the craftsmen increasingly turned to the production of these low value essentially ephemeral

objects Although the prices were kept low many were imbued with the same glorious visual sophistication that had attracted

Westerners to ukiyo e Approaching the subject as an artist rather than a print scholar Rebecca Salter focuses on the

craftsmen and the complex visual culture within which they worked Through information gained from interviews with some

of the remaining practitioners and analysis of the objects themselves she builds up a picture of the quiet role woodblock

played in the lives of the Japanese as they moved from the isolation of the Edo period to embrace modernization in the early

twentieth century This book is a fascinating exploration of this area of cultural history and the numerous color illustrations

encourage a playful investigation of the many threads of Japan s visual culture Rebecca Salter is a well known British
