The Forum and the Tower Mary Ann Glendon, 2011-08-01 As Mary Ann Glendon writes in this fascinating new book the relationship between politics and the academy has been fraught with tension and regret and the occasional brilliant success since Plato himself In *The Forum and the Tower* Glendon examines thinkers who have collaborated with leaders from ancient Syracuse to the modern White House in a series of brisk portraits that explore the meeting of theory and reality Glendon discusses a roster of great names from Edmund Burke to Alexis de Tocqueville Machiavelli to Rousseau John Locke to Max Weber down to Charles Malik who helped Eleanor Roosevelt draft the 1948 Universal Declaration of Human Rights With each she explores the eternal questions they faced including Is politics such a dirty business that I shouldn t get involved Will I betray my principles by pursuing public office Can I make a difference or will my efforts be wasted Even the most politically successful intellectuals she notes did not all end happily The brilliant Marcus Tullius Cicero for example reached the height of power in the late Roman Republic then fell victim to intrigue assassinated at Mark Antony s order Yet others had a lasting impact The legal scholar Tribonian helped Byzantine Emperor Justinian I craft the *Corpus Juris Civilis* which became a bedrock of Western law Portalis and Napoleon emulated them creating the civil code that the French emperor regarded as his greatest legacy Formerly ambassador to the Vatican and an eminent legal scholar Glendon knows these questions personally Here she brings experience and expertise to bear in a timely and timeless study

arbitrarily bounded it can at least be studied and we can ask whether any dominant themes overall patterns of movement or notable achievements can be found within it This question is one that is best asked by the reader after he has read or read around in these works This Modern Library Paperback Classic also includes a newly updated Bibliography
