*Marie-Antoinette's Legacy* Susan

Taylor-Leduc, 2025-10-01 Challenging the established historiography that frames the French picturesque garden movement as an international style this book contends that the French picturesque gardens from 1775 until 1867 functioned as liminal zones at the epicenter of court patronage systems Four French consorts queen Marie Antoinette and empresses Josphine Bonaparte Marie Louise and Eugénie constructed their gardens betwixt and between court ritual and personal agency where they transgressed sociopolitical boundaries in order to perform gender and identity politics Each patron endorsed embodied strolling promoting an awareness of the sentient body in artfully contrived sensoria at the Petit Trianon and Malmaison transforming these places into spaces of shared affectivity The gardens became living legacies where female agency excluded from the garden history canon created a forum for spatial politics Beyond the garden gates the spatial experience of the picturesque influenced the development of cultural fields dedicated to performances of subjectivity including landscape design cultural geography and the origination of landscape aesthetics in France

**Rousseau as Author** Christopher

Kelly,2003-02-15 For Rousseau consecrating one's life to the truth his personal credo meant publicly taking responsibility for what one publishes and only publishing what would be of public benefit Christopher Kelly argues that this commitment is central to understanding the relationship between Rousseau's writings and his political philosophy Unlike many other writers of his day Rousseau refused to publish anonymously even though he risked persecution for his writings But Rousseau felt that authors must be self-restrained as well as bold and must carefully consider the potential political effects of what they might publish sometimes seeking the good conflicts with writing the truth Kelly shows how this understanding of public authorship played a crucial role in Rousseau's conception and practice of citizenship and political action Rousseau as Author will be a groundbreaking book not just for Rousseau scholars but for anyone studying Enlightenment ideas about authorship and responsibility

**Western Representations of the Muslim Woman** Mohja Kahf,2010-01-01 Veiled secluded submissive oppressed the odalisque image has held sway over Western representations of Muslim women since the Enlightenment of the eighteenth century Yet during medieval and Renaissance times European writers portrayed Muslim women in exactly the opposite way as forceful queens of wanton and intimidating sexuality In this illuminating study Mohja Kahf traces the process through which the termagant became an odalisque in Western representations of Muslim women Drawing examples from medieval chanson de geste and romance Renaissance drama Enlightenment prose and Romantic poetry she links the changing images of Muslim women to changes in European relations with the Islamic world as well as to changing gender dynamics within Western societies

Greater Perfections John Dixon Hunt,2000 Greater Perfections explores the meanings of garden and its relationship to other interventions into the natural world But above all it offers a new and challenging account of the role of representation in garden art Journal

Paper Gardens Evelyne Bloch-Dano,2018-04-26 From Jean Jacques Rousseau to Marcel Proust from Marguerite Duras to George Sand from Colette to Patrick Modiano gardens appear in novels as representations of the real world but also as reflections of the imagination In Paper Gardens A Stroll through French Literature Evelyne Bloch-Dano contemplates the role of the garden in the work of great prose writers ruminating on how the garden can variously symbolize a reflection of the soul a well-earned rest an improving form of work a nostalgia for childhood and the dream of an ideal world The charming and erudite first section focuses on history and is devoted to types of gardens ranging from the biblical Garden of Eden to English parklands the second perceptively considers their role in literary works Concealed within these cultivated wanderings is also an element of autobiography Lovers of literature and gardening alike will fall in love with this beautifully written meditation

**Romanticism, Rhetoric and the Search for the Sublime, 2nd Edition** Craig R. Smith, 2023-01-23 Relying on the author's established expertise in rhetoric and political communication this book re contextualizes Romantic rhetorical theory from the late 18th and early 19th centuries to provide a foundation for a Neo Romantic rhetorical theory for our own time In the process it uses a unique methodology to correct misconceptions about the rhetorical theories of many writers Using a dialectical approach the early chapters trace Romanticism through its opposition to the industrial revolution and the Enlightenment back through Humanism and its opposition to Scholasticism to its roots in St Augustine's writing These chapters include a revisionist analysis of the church's treatment of Galileo in the course of showing how difficult it was for scientific study to be accepted in Scholastic circles The study goes on to argue that Jean Jacques Rousseau David Hume and Edmund Burke were bridge figures to the Romantic Era This move throws new light on exemplary painters composers writers and orators of the Romantic Era who are examined in chapters eight and nine Chapter ten focuses on Percy Bysshe Shelley and his development of the rhetorical poem and thereby provides a new genre in the Romantic catalogue Chapter Eleven turns to the Romantic rhetorical theories of Hugh Blair and Thomas De Quincey to empower those seeking to save the environment The concluding chapter then synthesizes their theories with relevant contemporary rhetorical theories thereby

constructing a Neo Romantic theory for our own time In the process the book links the Romantics love of nature to the current environmental crisis      **Sowing Empire** Jill H. Casid,2005-01-01 In an ambitious work of wide ranging literary visual and historical allusion Jill H Casid examines how landscaping functioned in an imperial mode that defined and remade the heartlands of nations as well as the contact zones and colonial peripheries in the West and East Indies Revealing the colonial landscape as far more than an agricultural system as a means of regulating national sexual and gender identities Casid also traces how the circulation of plants and hybridity influenced agriculture and landscaping on European soil and how colonial contacts materially shaped what we take as European      **The Parent as Citizen** Brian Duff,2011 How ideas about parenthood undermine politics      **ALEXANDRE DUMAS Premium Collection - 27 Novels in One Volume** Alexandre Dumas,2023-12-08 In ALEXANDRE DUMAS Premium Collection 27 Novels in One Volume readers are presented with a magnificent compendium of Dumas most celebrated works characterized by his signature blend of adventure romance and historical drama This collection spans a diverse array of genres showcasing Dumas skillful storytelling that captivates the imagination while exploring themes of loyalty betrayal justice and the complexity of human relationships The eloquent prose is marked by rich character development and intricate plots ensuring that each tale resonates with the essence of 19th century French literature set against the backdrop of tumultuous historical events like the French Revolution and the Napoleonic Wars Alexandre Dumas a prolific literary figure was born in 1802 the son of a French general and a Haitian mother experiences which profoundly influenced his literary voice His unique heritage combined with his working class upbringing informed his perspectives on freedom and class struggles themes that resonate throughout his oeuvre Dumas was inspired by historical figures and events weaving his personal beliefs into narratives that not only entertain but also provoke thought making literature a vehicle for social commentary This collection is a must read for those who appreciate classic literature and the timeless stories of heroism adventure and moral complexity Dumas masterful narratives remain relevant inviting readers to escape into richly constructed worlds while pondering the enduring questions of loyalty and honor within the relentless march of history      Blindness and Insight Paul de Man,2013-10-28 In Blindness and Insight de Man examines several critics and finds in their writings a gap between their statements about the nature of literature and the results of their practical criticism Not only are the critics unaware of this gap says de Man but their blindness to it often leads to some of their most valuable insights The central issue of de Man s work is the rhetorical constitution of the text and this book with its new introduction by Wlad Godzich and five additional essays by de Man is meant to challenge readers to a new appreciation of their chosen task as readers of literature Included in this new edition are the original essays on Binswanger Poulet Lukas Blanchot the New Critics and Derrida s of Grammatology as well as five more The Rhetoric of Temporality The Dead End of Formalist Criticism Heidegger s Exegesis of Holderlin a review of Bloom s Anxiety of Influence and Literature and Language      *Theories of Mimesis* Arne Melberg,1995-01-26 Mimesis with its connecting concepts of imitation simile

and similarity has been cited since classical times in the exploration of the relationship between art and reality In this major study Arne Melberg discusses the theory and history of mimesis through narratological analysis of texts by Plato Cervantes Rousseau and Kierkegaard Moving away from the relatively straightforward representation of reality ideas in Erich Auerbach's *Mimesis* 1946 Melberg brings the concept of mimesis into the context of the literary theories of de Man and others Theories of Mimesis is a strenuously argued account of language and time charting the movement of mimesis from the Platonic philosophy of similarity to modern ideas of difference      *Sculpture and the Garden* Patrick Eyres, Fiona Russell, 2006 Although the integration of sculpture in gardens is part of a long tradition dating back at least to antiquity the sculptures themselves are often overlooked both in the history of art and in the history of the garden This collection of essays considers the changing relationship between sculpture and gardens over the last three centuries focusing on four British archetypes the Georgian landscape garden the Victorian urban park the outdoor spaces of twentieth century modernism and the late twentieth century sculpture park Through a series of case studies exploring the contemporaneous audiences of gardens the book uncovers the social political and gendered messages revealed by sculpture's placement and suggests that the garden can itself be read as a sculptural landscape      **Rousseau in Drag** R. Kennedy, 2012-01-02 Through a series of close readings of most of Rousseau's major writings this book provides a new interpretation of the eighteenth century philosopher's sexual politics The text argues that Rousseau's writings provide a critique of not only normative gender identity but also normative familial and kinship relations
