#### **Handbook for the Historiography of Science** Mauro L. Condé, Marlon Salomon, 2023-09-30

This book aims to perform a critical and broad assessment of the historiography of science produced from the late nineteenth century to the early twenty first century It presents its main authors concepts ideas conceptions and schools It also analyzes the historical circumstances of the rise of the discipline history of science and the relations of the historiography of science with related areas These chapters do not understand the historiography of science as a mere description or record of the history of science Instead they understand the historiography of science from the epistemological criteria and choices that guided the writing of the history of science in its different contexts In other words more than describing the record of the various possibilities of historiographical approaches to science the chapters carry out an epistemological reflection to assess the bases possibilities scope and limits of different historiographical conceptions authors and traditions that have established the writing of the history of science This book can be conceived as a reference work not only for professional historians and philosophers but also for academics from different backgrounds who are initiating themselves in the universe of history and philosophy of science be they scientists from different fields or young researchers from different backgrounds who want to

start studying the history and philosophy of science      *Social Bonds and Historical Time* Torbjörn Gustafsson Chorell, 2025-08-07 This book analyses the social dimension of historical time and explores how we emotionally and intellectually bind ourselves to the past and project these ties onto our present and future Gustafsson Chorell argues that historical time is inherently social and that the nexus of past present and future is constructed through social mechanisms Beginning with the concept of the historical imaginary this book examines the theoretical shift from future oriented to present oriented models of time and integrates insights from intellectual history philosophy and social theory This book demonstrates how a variety of social bonds such as emotion generation and authority can affect how historical time is demarcated Analysing key concepts such as desire for the past the impact of grief and nostalgia and the role of history in shaping expectations for the future the volume highlights the enduring significance of sociality even under new regimes of historicity such as the Anthropocene Ultimately Gustafsson Chorell offers a comprehensive view of how past present and future are interconnected and highlights the continued importance of thinking carefully about the relationship between time and history      *The SAGE Handbook of Historical Theory* Nancy Partner, Sarah Foot, 2012-12-18 The SAGE Handbook of Historical Theory introduces the foundations of modern historical theory and the applications of theory to a full range of sub fields of historical research bringing the reader as up to date as possible with continuing debates and current developments The book is divided into three key parts covering Part I Foundations The Theoretical Grounds for Knowledge of the Past Part II Applications Theory Intensive Areas in History Part III Coda Post Postmodernism Directions and Interrogations This important handbook brings together in one volume discussions of modernity empiricism deconstruction narrative and postmodernity in the continuing evolution of the historical discipline into our post postmodern era Chapters are written by leading academics from around the world and cover a wide array of specialized areas of the discipline including social history intellectual history gender memory psychoanalysis and cultural history The influence of major thinkers such as Jacques Derrida Michel Foucault and Hayden White is fully examined This handbook is an essential resource for practising historians and students of history and will appeal to scholars in related disciplines in the social sciences and humanities who seek a closer understanding of the theoretical foundations of history      **Historical Theory and Methods through Popular Music, 1970-2000** Kenneth L. Shonk, Jr., Daniel Robert McClure, 2017-08-17 This book examines the post 1960s era of popular music in the Anglo Black Atlantic through the prism of historical theory and methods By using a series of case studies this book mobilizes historical theory and methods to underline different expressions of alternative music functioning within a mainstream musical industry Each chapter highlights a particular theory or method while simultaneously weaving it through a genre of music expressing a notion of alterity an explicit positioning of one s expression outside and counter to the mainstream Historical Theory and Methods through Popular Music seeks to fill a gap in current scholarship by offering a collection written specifically for the pedagogical and theoretical needs of those interested in the topic      *Archaeology*

Hannah Cobb, Kevin Greene, Tom Moore, 2024-03-19 This fully updated sixth edition of a classic classroom text is essential reading for core courses in archaeology. Archaeology: An Introduction explains how the subject emerged from an amateur pursuit in the eighteenth century into a serious discipline and explores changing trends in interpretation in recent decades. The authors convey the excitement of archaeology while helping readers to evaluate new discoveries by explaining the methods and theories that lie behind them. In addition to drawing upon examples and case studies from many regions of the world and periods of the past, the book incorporates the authors' own fieldwork research and teaching. It continues to include key reference and further reading sections to help new readers find their way through the ever-expanding range of archaeological publications and online sources, as well as colour illustrations and boxed topic sections to increase comprehension. Serving as an accessible and lucid textbook and engaging students with contemporary issues, this book is designed to support students studying Archaeology at an introductory level.

New to the sixth edition: Inclusion of the latest survey and imaging techniques such as the use of drones and extended reality. Updated material on developments in dating DNA analysis, isotopes and population movement, including consideration of the ethical considerations of these techniques. Coverage of new developments in archaeological theory such as the material turn, ontological turn and work on issues of equality, diversity and inclusion. A whole new chapter covering archaeology in the present, including new sections on heritage and public archaeology and an updated consideration of archaeology's relationship with the climate crisis. A revised glossary with over 200 new additions or updates.

Handbook of Historical Methods for Management Stephanie Decker, William M. Foster, Elena Giovannoni, 2023-07-01 The Handbook of Historical Methods for Management offers an invaluable compendium for researchers seeking to expand their methodological toolkit. **Globalisation, Nation-Building and History Education** Joseph Zajda, John Whitehouse, 2024-03-19 This book uses historiography and discourse analysis to provide a new insight into understanding the nexus between ideologies, the state and nation building as depicted in history school textbooks. It focuses on the interpretation of social and political change, significant events and examining possible new biases and omissions in school textbooks. The Europeanization of history textbooks in the EU is an example of western-dominated Grand Narrative of pluralist democracy, multiculturalism and human rights according to the canon of a particularly European dimension. Various public debates in the USA, China, the Russian Federation, RF, Japan and elsewhere dealing with understandings of a nation building national identity and history education point out to parallels between the political significance of school history and the history education debates globally. The book demonstrates that the issue of national identity and balanced representations of the past continue to dominate the debate surrounding the goals, dominant ideologies and content of history textbooks and historical narratives. It concludes that competing discourses and ideologies will continue to define and shape

the nature and significance of historical knowledge ideologies and the direction of values education in history textbooks This book provides an easily accessible practical yet scholarly insights into local and global trends in the field of history education and should be required reading for a broad spectrum of users including policy makers academics graduate students education policy researchers administrators and practitioners **The Information-literate Historian** Jenny L.
