The Nebulus By Garrett W McIntire Earth as we know it is gone The human race is dwindling and in danger of extinction The hope of mankind falls on one crew in a desperate mission aboard the Sabina This crew of sixteen must travel to the closest inhabitable planet to their space station and put their training to the test However space travel is incredibly challenging and unpredictable if something can go wrong it typically does And with the fate of the world on their shoulders there s no room for error Instead the crew must live the motto of USUM evolve endure and explore the weight of the entire world falls on their shoulders as the final hope for the human race If they die they fail If they fail we die **A Guide to Being a Golf Rules Official** Jason R. Smith,Woodrow T. Fail,2023-04-26 There are many books covering the rules of golf but very little written on how to be a golf referee rules official Most people do not realize that almost all golf referees are volunteers Sure many of them get lunch or breakfast covered while at a tournament But very few actually get paid The comradery and passion for the game of golf are what inspires most golf enthusiasts to begin an exploration of the rules From there many want to help with golf tournaments There is very little guidance other than word of mouth on how to become involved or what golf referees do Some seem to think that golf referees hang out in the woods and race out in a golf cart to tell a player they incurred a penalty But on the contrary we try to help players avoid penalties and be there for them when they have questions to insure they play according to the rules We also help set up the course set the tees mark the course and choose hole locations and set up the tournament notice to players local rules starting times and many other administrative duties We hope this book provides a different side of golf that might inspire you to become a golf referee **In Dogs We Trust** Jacob F.
