## Roving Commissions 23:

**Chain of Fire** Peter Hart, 2025-02-06 In the 1880s control over northeastern Africa was a political minefield into which Prime Minister Gladstone did not want to step until his emissary Charles Gordon was besieged in Khartoum and the city became the focal point for war. It was the height of European colonialism. Injustices were administered, bloody battles fought, and civilians caught in the crossfire. Among the British officers were figures who would later adopt starring roles in the First World War such as Egyptian Army sapper Captain Herbert Kitchener. By turns shocking and dynamic, *Chain of Fire* examines the terrible desert wars using the testimonies of the men who fought there. *The Law of Trademarks, Tradenames and Unfair Competition, Including Trade Secrets* James Love Hopkins, 1924 *Sunk Without Trace* Paul Gelder, 2012-03-01 Gripping real life stories of yachts lost at sea from the author of the bestselling *Total Loss* *The Illusion of Net Neutrality* Bob Zelnick, Eva Zelnick, 2013-09-01 In this riveting treatise coauthors Bob Zelnick and Eva Zelnick sound the alarm on the debilitating effect that looming regulations, rules, and powerful interests would have on today's regulation-free Internet. The authors lay out the imminent threats from network neutrality to FCC regulations that would rob this global society-changing communication powerhouse forever of its full potential. **Court of Appeals: State of New York: 434**, *Crusaders and Settlers in the Latin East* Jonathan Riley-Smith, 2023-05-31 The studies here reflect Jonathan Riley-Smith's work as a historian which began with research on the history of the military orders; the specific focus of the third section here. Out of this grew the concerns covered in the previous sections: an interest in the political and constitutional history of the kingdom of Jerusalem and the relations of the western settlers with the indigenous population of Palestine and Syria; the theory of crusading involving research on theology and canon law and the role of the popes as preachers; and at the same time detailed consideration of the responses of lay men and women to the ideas that were being presented to them. The two final papers explore some of the implications of crusading ideology and mythology in the modern world. **God & Churchill** Jonathan Sandys, Wallace Henley, 2015-10-01 When Winston Churchill was a boy of sixteen he already had a vision for his purpose in life: "This country will be subjected somehow to a tremendous invasion. I shall be in command of the defences of London; it will fall to me to save the Capital, to save the Empire." It was a most unlikely prediction. Perceived as a failure for much of his life, Churchill was the last person anyone would have expected to rise to national prominence as prime minister and influence the fate of the world during World War II. But Churchill persevered on a mission to achieve his purpose. *God and Churchill* tells the remarkable story of how one man, armed with belief in his divine destiny, embarked on a course to save Christian civilization when Adolf Hitler and the forces of evil stood opposed. It traces the personal, political, and spiritual path of one of history's greatest leaders and offers hope for our own violent and troubled times. More than a spiritual biography, *God and Churchill* is also a deeply personal quest. Written by Jonathan Sandys, Churchill's great grandson and former White House staffer, Wallace Henley, *God and Churchill* explores Sandys' intense search to discover his great grandfather and how it

 published in 1946 this historical analysis of Canadian agricultural policy from 1600 to 1930 tests the assumption that  
 agriculture has been Canada s basic industry central in the economic and political life of the nation Professor Fowke  
 demonstrates that agricultural interests have always been secondary in shaping agricultural policy Government attitudes  
 have been influenced less by economic and political agrarian pressures than by such considerations as defence of empire  
 provisioning of the staple trades and later the investment opportunities offered to industry commerce and finance by an  
 expanding agricultural frontier
