# Royal Children 1840 1980

**Arthur James Wells**

## **Royal Children 1840 1980:**

*Royal Children, 1840-1980* Celia Clear, 1981 From Queen Victoria to Queen Elizabeth II      **Royal Children** Celia Clear, 1981      **Born to Rule** Julia P. Gelardi, 2007-04-01 Julia Gelardi's *Born to Rule* is an historical tour de force that weaves together the powerful and moving stories of the five royal granddaughters of Queen Victoria. These five women were all married to reigning European monarchs during the early part of the 20th century and it was their reaction to the First World War that shaped the fate of a continent and the future of the modern world. Here are the stories of Alexandra whose enduring love story, controversial faith in Rasputin and tragic end have become the stuff of legend; Marie, the flamboyant and eccentric queen who battled her way through a life of intrigues and was also the mother of two Balkan queens; and of the scandalous Carol II of Romania; Victoria Eugenie, Spain's very English queen who like Alexandra introduced hemophilia into her husband's family with devastating consequences for her marriage; Maud, King Edward VII's daughter who was independent Norway's reluctant queen; and Sophie, Kaiser Wilhelm II's much maligned sister, daughter of an Emperor and herself the mother of no less than three kings and a queen who ended her days in bitter exile. *Born to Rule* evokes a world of luxury, wealth and power in a bygone era while also recounting the ordeals suffered by a unique group of royal women who at times faced poverty, exile and death. Praised in their lifetimes for their legendary beauty, many of these women were also lauded and reviled for their political influence. Using never before published letters, memoirs, diplomatic documents, secondary sources and interviews with descendants of the subjects, Julia Gelardi's *Born to Rule* is an astonishing and memorable work of popular history.

**Imperial Requiem** Justin C. Vovk, 2014-06-03 Augusta, Victoria, Mary, Alexandra and Zita were four women who were born to rule. In *Imperial Requiem*, Justin C. Vovk narrates the epic story of four women who were married to the reigning monarchs of Europe's last empires during the late nineteenth and early twentieth centuries. Using a diverse array of primary and secondary sources, letters, diary entries and interviews with descendants, Vovk provides an in-depth look into the lives of four extraordinary women who stayed faithfully at their husbands' sides throughout the cataclysm of the First World War and the tumultuous years that followed. At the centers of these four great monarchies were Augusta, Victoria, Germany's revered empress whose unwavering commitment to her bombastic husband made her a national icon; Mary, whose Cinderella story and immense personal strength made her the soul of the British monarchy through some of its greatest crises; Alexandra, the ill-fated tsarina who helped topple the Russian monarchy through her ineffective rule; and Zita, the resolute empress of Austria whose story of loss and exile captivated the world's attention for seven decades. *Imperial Requiem* shares the fascinating story of four princesses who married for love, graced imperial thrones and watched as their beloved worlds were torn apart by war, revolution, heartache and loss.

*The British National Bibliography* Arthur James Wells, 1979

*Young Elizabeth* Kate Williams, 2015-11-15 We can hardly imagine a Britain without Elizabeth II on the throne. It seems to be the job she was born for. And yet for much of her early life the young princess did not know the role that her future would

hold She was our accidental Queen Elizabeth's determination to share in the struggles of her people marked her out from a young age Her father initially refused to let her volunteer as a nurse during the Blitz but relented when she was 18 and allowed her to work as a mechanic and truck driver for the Women's Auxiliary Territorial Service It was her forward thinking approach that ensured that her coronation was televised against the advice of politicians at the time Kate Williams reveals how the 25 year old young queen carved out a lasting role for herself amid the changes of the 20th century Her monarchy would be a very different one to that of her parents and grandparents and its continuing popularity in the 21st century owes much to the intelligence and elusive personality of this remarkable woman **The Queen's Windsor** Marion Harris,1985

AB Bookman's Weekly ,1994 **Whitaker's Cumulative Book List** ,1981 **Subject Catalog** Library of Congress, Library of Congress Subject Headings Lois Mai Chan,1990 This resource attempts to describe the principles that underlie the structure of the Library of Congress subject headings system and the policies that govern the assignment of subject headings to LC MARC records British and Irish Paintings in Public Collections Christopher Wright,Catherine May Gordon,2006-01-01 This book sets a new standard as a work of reference It covers British and Irish art in public collections from the beginning of the sixteenth century to the end of the nineteenth and it encompasses nearly 9 000 painters and 90 000 paintings in more than 1 700 separate collections The book includes as well pictures that are now lost some as a consequence of the Second World War and others because of de accessioning mostly from 1950 to about 1975 when Victorian art was out of fashion By listing many tens of thousands of previously unpublished works including around 13 000 which do not yet have any form of attribution this book becomes a unique and indispensable work of reference one that will transform the study of British and Irish painting **Current Book Review Citations** ,1983 *National Union Catalog*, 1981 ,1982 Library Journal ,1981 The Demography of Victorian England and Wales Robert Woods,2000-10-05 The Demography of Victorian England and Wales uses the full range of nineteenth century civil registration material to describe in detail for the first time the changing population history of England and Wales between 1837 and 1914 Its principal focus is the great demographic revolution which occurred during those years especially the secular decline of fertility and the origins of the modern rise in life expectancy But Robert Woods also considers the variable quality of the Victorian registration system the changing role of what Robert Malthus termed the preventive check variations in occupational mortality and the development of the twentieth century class mortality gradient and the effects of urbanisation associated with the significance of distinctive disease environments The volume also illustrates the fundamental importance of geographical variations between urban and rural areas This invaluable reference tool is lavishly illustrated with numerous tables figures and maps many of which are reproduced in full colour *Historical Geography, GIScience and Textual Analysis* Charles Travis,Francis Ludlow,Ferenc Gyuris,2020-02-29 This book illustrates how literature history and geographical analysis complement and enrich each other's disciplinary endeavors The Hun Lenox Globe constructed in 1510 contains the Latin phrase Hic sunt

dracones Here be dragons warning sailors of the dangers of drifting into uncharted waters Nearly half a millennium earlier the practice of earth writing geographia emerged from the cloisters of the great library of Alexandria as a discipline blending the twin pursuits of Strabo's poetic impression of places and Herodotus chronicles of events and cultures Eratosthenes a librarian at Alexandria and the mathematician Ptolemy employed geometry as another language with which to pursue earth writing From this ancient East Mediterranean fount the streams of literary perception historical record and geographical analysis phenomenological and Euclidean found confluence The aim of this collection is to recover such means and seek the fount of such rich waters by exploring relations between historical geography geographic information science GIS geoscience and textual analysis The book discusses and illustrates current case studies trends and discourses in European American and Asian spheres where historical geography is practiced in concert with human and physical applications of GIS and the broader geosciences and the analysis of text broadly conceived as archival literary historical cultural climatic scientific digital cinematic and media Time as a multi scaled concept again broadly conceived is the pivot around which the interdisciplinary contributions to this volume revolve In *The Landscape of Time* 2002 the historian John Lewis Gaddis posits What if we were to think of history as a kind of mapping He links the ancient practice of mapmaking with the three part conception of time past present and future Gaddis presents the practices of cartography and historical narrative as attempts to manage infinitely complex subjects by imposing abstract grids to frame the phenomena being examined longitude and latitude to frame landscapes and occidental and oriental temporal scales to frame timescapes Gaddis contends that if the past is a landscape and history is the way we represent it then it follows that pattern recognition constitutes a primary form of human perception one that can be parsed empirically statistically and phenomenologically In turn this volume reasons that literary historical cartographical scientific mathematical and counterfactual narratives create their own spatio temporal frames of reference Confluences between the poetic and the positivistic the empirical and the impressionistic the epic and the episodic and the chronologic and the chorologic can be identified and studied by integrating practices in historical geography GIScience geoscience and textual analysis As a result new perceptions and insights facilitating further avenues of scholarship into uncharted waters emerge The various ways in which geographical historical and textual perspectives are hermeneutically woven together in this volume illuminates the different methods with which to explore terrae incognitae of knowledge beyond the shores of their own separate disciplinary islands

**National Union Catalog** ,1981 Includes entries for maps and atlases

**Book Review Index** ,1985 Every 3rd issue is a quarterly cumulation

**The Publishers Weekly** ,1981

## Whispering the Secrets of Language: An Psychological Quest through **Royal Children 1840 1980**

In a digitally-driven earth wherever monitors reign supreme and quick communication drowns out the subtleties of language, the profound strategies and psychological subtleties concealed within phrases usually move unheard. Yet, nestled within the pages of **Royal Children 1840 1980** a fascinating literary prize pulsating with raw feelings, lies an exceptional quest waiting to be undertaken. Penned by an experienced wordsmith, this enchanting opus invites visitors on an introspective trip, gently unraveling the veiled truths and profound influence resonating within the material of every word. Within the emotional depths of this poignant review, we shall embark upon a sincere exploration of the book is key themes, dissect their captivating publishing fashion, and succumb to the strong resonance it evokes heavy within the recesses of readers hearts.
