There Is a Way William M Davenport,2007-08-30 Roger King and Russell Queen died under mysterious circumstances during a bitter labor dispute between the labor union and the railroad companys scab workers The King and Queen families each believed that their loved one had been murdered by the other For that reason the surviving Kings and Queens vowed to maintain the strikes de facto feud in their Railroad Street neighborhood Both Ben Knight and wife Clara lost their health while Vince the youngest of their ten children was still in diapers As a consequence the frail sickly child was being raised by siblings Vinces preteen years were spent in an isolated area of Eastern North Carolina There according to Ben his youngest son had been spoiled pampered and doted upon almost to the point of ruination Increasing medical bills and the prospect of better paying jobs caused the family of Knights to move to a tough inner city neighborhood during the winter of 1940 Ben Knight believed that Railroad Streets toughness was exactly what his youngest son needed to shape him into a a real man Ben rightly predicted that book worms and sissy pants would be hard to find in a tough neighborhood like Railroad Street That prediction turned out to be correct To Ben Knights horror however mothers from both sides of the Royal Feud fell in love with his son because he possessed those exact didactic characteristics Historians claim that during World War II America became more united than at any other time before or since It turned out that a mere mortal held a secret that could turn Railroad Street into an analogous part of Americas most memorable era However only divine intervention was going to

Leon Doyle, 2012-11-29 With little more than an average monthly income of only two dollars and fifty cents per month and the plentiful bounty of the Arkansas bayou country the family of Leon Doyle's family of six survived the ten years of the Great Depression Though stricken with extreme poverty Doyle enjoyed a happy unencumbered life of southern superstitions witches boogymen and mysterious apparitions in the backwoods He wasn't really aware of the shortcomings of his circumstances Completely happy with his life until World War II was just over the horizon and his family moved into town completely destroying his comfort zone The shortcomings were so immediate and overpowering that it took him years to overcome them However during his last years in high school he felt comfortable with the situation accepting life as it was given Basking in his maturity he got a job and except room and board he supported himself Finally in gratitude for all the Mamma and Daddy did for him he helped buy a house a home of their own *The Book of Jack* Jack Angel, 2012-06-12 I had only acted on camera in a couple of TV shows and commercials so all of this the process of making movies was totally new and absolutely fascinating JACK ANGEL son of a Greek immigrant reinvented himself many times from a poor student to a college graduate from enlisted man to officer in the army during the Korean War attending Army Ranger School and from an eighteen year career in radio as one of the nation's top disc jockeys to a career as a Hollywood actor concentrating on voice overs Going to Hollywood allowed him to really hit his stride and he found himself working on animation projects for the Walt Disney Co Pixar Studios Marvel Hanna Barbera Fox and several others In this memoir Angel recalls his adventures in this informative funny and insightful view of Hollywood and the entertainment business A few highlights include his interactions with director Steven Spielberg and John Lasseter the creative head of Pixar Studios He also spent three years as a promo announcer with The Tonight Show starring Johnny Carson He pays homage to his father who came to America in the early twentieth century became famous as the Bean King in Central California and survived the Great Depression while raising three sons Jack Angel's life story is not only a tale of personal reinvention but also an uplifting American Dream story that spans a hundred years **Chip Tales** Walter Block, 2008-10-30 Grandparents are story tellers Early day lessons are learned while listening in their laps in the rocking chairs by the winter fireplaces on the summer porches These pages just pass on some tales my grandparents uncles aunts and others of their generation told And a few of mine The tales were sent one at a time via e mail to my children grandchildren nieces nephews and friends scattered from Texas to California Canada Virginia and Florida As the yarns were received and read the readers responded provided critical comments and helped compose a book of remembrances for those yet to come There may have been some enhancement in the lore and spiel of those who came before me There might be a wee stretch in some of my contributions But mostly this is the way it was **Race to the Sea** Dr. Dayton Lee Alverson, 2008-11-03 Dr Alverson's story covers his early life experiences through high school World War II his education and his involvement in State Federal and International fisheries science and management His career and

story cover the period 1950 2000 during which world fisheries would explode from small boat coastal activities to distant water fleets of large vessels World catches would increase over 300% after WWII and most of the worlds oceans and seas would be heavily exploited Overfishing and impacts on coastal fisheries would lead the world community to seek new laws for the harvest of ocean fisheries and result in unilateral extension of national jurisdictions over ocean space The growth of environmental movement in the later half of the 20th century would lead to conflicts between fishing and conservation groups resulting in changes in national and international fish policies The book tracks many of these developments and DR Alverson s personal involvements and experiences during the traumatic period of world fishery expansion During the course of his life marine fisheries resource would be seen as the great source of world protein to feed the worlds hungry and later as overfished and polluted

"Daddy's Gone to War" William M. Tuttle Jr., 1993-09-16 Looking out a second story window of her family s quarters at the Pearl Harbor naval base on December 7 1941 eleven year old Jackie Smith could see not only the Rising Sun insignias on the wings of attacking Japanese bombers but the faces of the pilots inside Most American children on the home front during the Second World War saw the enemy only in newsreels and the pages of Life Magazine but from Pearl Harbor on the war with its blackouts air raids and government rationing became a dramatic presence in all of their lives Thirty million Americans relocated 3 700 000 homemakers entered the labor force sparking a national debate over working mothers and latchkey children and millions of enlisted fathers and older brothers suddenly disappeared overseas or to far off army bases By the end of the war 180 000 American children had lost their fathers In *Daddy s Gone to War* William M Tuttle Jr offers a fascinating and often poignant exploration of wartime America and one of generation s odyssey from childhood to middle age The voices of the home front children are vividly present in excerpts from the 2 500 letters Tuttle solicited from men and women across the country who are now in their fifties and sixties From scrap collection drives and Saturday matinees to the atomic bomb and V J Day here is the Second World War through the eyes of America s children Women relive the frustration of always having to play nurses in neighborhood war games and men remember being both afraid and eager to grow up and go to war themselves Not all were willing to wait Tuttle tells of one twelve year old boy who strode into an Arizona recruiting office and declared I don t need my mother s consent I m a midget Former home front children recall as though it were yesterday the pain of saying good bye perhaps forever to an enlisting father posted overseas and the sometimes equally unsettling experience of a long absent father s return A pioneering effort to reinvent the way we look at history and childhood *Daddy s Gone to War* views the experiences of ordinary children through the lens of developmental psychology Tuttle argues that the Second World War left an indelible imprint on the dreams and nightmares of an American generation not only in childhood but in adulthood as well Drawing on his wide ranging research he makes the case that America s wartime belief in democracy and its rightful leadership of the Free World as well as its assumptions about marriage and the family and the need to get ahead remained largely unchallenged until the tumultuous years of the Kennedy

The Rise of a Prairie Statesman Thomas J. Knock, 2016-03-01 The first major biography of the 1972 U S presidential candidate and unsung champion of American liberalism *The Rise of a Prairie Statesman* is the first volume of a major biography of the 1972 Democratic presidential candidate who became America s most eloquent and prescient critic of the Vietnam War In this masterful book Thomas Knock traces George McGovern s life from his rustic boyhood in a South Dakota prairie town during the Depression to his rise to the pinnacle of politics at the 1968 Democratic National Convention in Chicago where police and antiwar demonstrators clashed in the city s streets Drawing extensively on McGovern s private papers and scores of in depth interviews Knock shows how McGovern s importance to the Democratic Party and American liberalism extended far beyond his 1972 presidential campaign and how the story of postwar American politics is about more than just the rise of the New Right He vividly describes McGovern s harrowing missions over Nazi Germany as a B 24 bomber pilot and reveals how McGovern s combat experiences motivated him to earn a PhD in history and stoked his ambition to run for Congress When President Kennedy appointed him director of Food for Peace in 1961 McGovern engineered a vast expansion of the program s school lunch initiative that soon was feeding tens of millions of hungry children around the world As a senator he delivered his courageous and unrelenting critique of Lyndon Johnson s escalation in Vietnam a conflict that brought their party to disaster and caused a new generation of Democrats to turn to McGovern for leadership A stunning achievement *The Rise of a Prairie Statesman* ends in 1968 in the wake of the assassinations of Martin Luther King and Robert Kennedy when the Draft McGovern movement thrust him into the national spotlight and the contest for the presidential nomination culminating in his triumphal reelection to the Senate and his emergence as one of the most likely prospects for the Democratic nomination in 1972
