Schade, 1970-01-01 Ruben Daro 1867 1916 the undisputed standard bearer of the Modernist movement in Hispanic letters was born in Nicaragua In 1886 he went to Chile where he published *Azul* 1888 his first important book of poems and stories Later he lived for extended periods in Argentina Spain and France and in these countries produced his best work compelling poems of beauty style and dignity especially *Cantos de vida y esperanza* 1905 The perfection of form exotic essences and rich ornamentation of his earlier work give way in his most mature poems to self probings and doubts the anguish so characteristic of twentieth century literature But the hedonistic note the quenchless appetite for life dominating *Azul* and *Prosas profanas* 1896 never die out and are magnificently present in *El poema del otoño* 1910 Daro has had a tremendous impact on Hispanic literature He is one of the best examples of the poet who is true to his art as determined by his innermost impulses His poetry has fertilized a whole generation of writers in Spanish America and in Spain and even now his influence continues to be felt Rubén Darío and the Romantic Search for Unity Cathy L. Jrade, 2014-07-03 Modernism was the major Spanish American literary movement of the late nineteenth and early twentieth centuries Leader of that influential movement was Ruben Daro the Nicaraguan now recognized as one of the most important Hispanic poets of all time Like the Romantics in England and the Symbolists on the Continent Daro and other Modernists were strongly influenced by occultist thought But as the poet Octavio Paz has written academic criticism has preferred to close its eyes to the stream of occultism that runs throughout Daro's work This silence damages our comprehension of his poetry Cathy Login Jrade's groundbreaking study corrects this critical oversight Her work clearly demonstrates that esoteric tradition is central to Modernism and that an understanding of this centrality clarifies both the nature of the movement and its relationship to earlier European literature After placing Modernism in a broad historical and literary perspective Jrade

examines the impact of esoteric beliefs upon Dar o s view of the world and the role of poetry in it Through detailed and insightful analyses of key poems she explores the poet s quest for solutions to the nineteenth century crisis of belief The movement that Ruben Dar o headed brought Hispanic poetry into the mainstream of the modern tradition with its sense of fragmentation and alienation and its hope for integration and reconciliation with nature Rub n Dar o and the Romantic Search for Unity enriches our understanding of that movement and the work of its leading poet 1990 Census of Population and Housing ,1993 *Critical Approaches to Rubén Darío* Keith Ellis,1974-12-15 Rub n Dar o 1867 1916 of Nicaragua was the leader of the important Latin American literary movement known as Modernism He is considered by many to be the greatest poet in Latin American literature and the volume of writings devoted to his work since 1884 is perhaps greater than that on any other writer in the history of Spanish American literature The celebration in 1967 of the centenary of his birth gave rise to a formidable number of new analyses increasing the need for the classification and assessment of the many studies In this book Professor Ellis examines and evaluates the wide range of methods and perspectives available to the reader of Dar o s works He considers the biographical approach social and political questions influences and sources structural analysis providing three structural studies of his own and in an appendix Dar o s own concept of the role of the literary critic His book is comprehensive both in time and in range and includes an up to date bibliography This is the first systematic study of the critical works on a Spanish American writer It is significant not only in its treatment of the work on an individual author but also as a reflection on and an indication of the trends methods and preoccupations of modern appraisals of Latin American writing **Modernism, Rubén Darío, and the Poetics of Despair** Alberto Acereda,Rigoberto Guevara,2004 Modernism Ruben Dar o and the Poetics of Despair presents a detailed study of a neglected facet of Ruben Dar o and in general of Hispanic Modernism metaphysical and existential dimensions as preludes to Modernity Alberto Acereda and J Rigoberto Guevara approach the life and death issues in Dar o works with special emphasis on his poetry The authors demonstrate how the Nicaraguan poet takes the first steps towards poetic modernity The tragic component of Dar o works are examined in the light of Nineteenth Century philosophy especially the work of Arthur Schopenhauer Various thematic proposals are also formulated for the study of the works of Ruben Dar o *Songs of Life and Hope/Cantos de vida y esperanza* Rubén Darío,2004-03-29 First complete English translation of Songs of Life and Hope and The Swan and Other Poetry by Ruben Dario one of the greatest poets to emerge from Latin America *The Poe Encyclopedia* Frederick S. Frank,Tony Magistrale,1997-03-25 Best known as the author of imaginative short fiction such as The Fall of the House of Usher and The Cask of Amontillado and as the author of hauntingly sonorous poems such as The Raven Edgar Allan Poe was a leading practitioner of the American Gothic and helped popularize the short story as a genre This reference work assembles in dictionary format a complete and current body of information on Poe s life and work More than 1900 entries cover all phases of Poe s art and literary criticism his family relationships his numerous travels and

residences and the abundance of critical responses to his works Each entry provides bibliographical information and the volume concludes with an extensive listing of works for further consideration Best known for his mysterious and imaginative short fiction such as *The Fall of the House of Usher* and *The Cask of Amontillado* as well as hauntingly sonorous poems such as *The Raven* Edgar Allan Poe has secured a lasting place in the American literary canon He was one of the first American authors to be given serious attention in Europe and his works popularized the Gothic the short story and detective fiction in America Poe's works are frequently studied in schools and colleges but he also retains his appeal as one of America's most demanding popular authors His works reflect his vast and sometimes arcane erudition his probing insights into the workings of the mind his theories of literature and aesthetics and his interest in science and the supernatural Through more than 1900 alphabetically arranged entries this reference book provides complete and current coverage of Poe's life and work Some entries treat Poe's known reading and his responses to literary contemporaries and international literary figures Others comment on the impact of various writers and literary traditions on Poe's imagination Still others address Poe's views on subjects ranging from Shakespeare to mesmerism to phrenology Each entry is supplemented by a bibliographical note which gives the basis for the entry and suggests sources for further investigation Each entry for Poe's fiction and poetry contains a critical synopsis and an extensive bibliography at the end of the volume lists the most important critical and biographical studies of Poe

Latin American Poetry Gordon Brotherston, 1975-11-13 This study considers the ways Spanish American and Brazilian poets differ from their European counterparts by considering Latin American as more than a perfunctory epithet It sets the orthodox Latin tradition of the subcontinent against others that have survived or grown up after the conquest then pays attention to those poets who from Independence have striven to express a specifically American moral and geographical identity Dr Brotherson focuses on Modernismo or the coming of age of poetry in Spanish America and Brazil and the importance of the movements associated with it He considers César Vallejo and Pablo Neruda probably the greatest of the selection Octavio Paz and modern poets who have reacted differently to the idea that Latin America might now be thought to have not just a geographical but a nascent political identity of its own Poems are liberally quoted and treated as entities in their own right
