Scent Of Water New And Selected Poems:

At the Scent of Water J. Gerald Janzen, 2009-07-28 On the basis of a study of east wind in the Bible whirlwind in Job Janzen proposes that the prominence God gives to rain in Job 38 with its renewal of the parched earth and the ensuing vigor of all forms of life signals God's response to Job's thirst heals Job's bitterness and restores him to a life at the end of which he dies contented Janzen demonstrates how life crippling bitterness is transcended and hope in life's worthwhileness is restored in the face of grievous evil The resolution of the Joban question lies not in a vindication of divine justice but rather in God's renewal of Job's appetite for life Janzen underscores this interpretation with a candid epilogue on his own struggle with aggressive prostate cancer which enabled him to connect personally with Job's story and to find a fresh and illuminating grace From publisher description **The Scent of Water** Ivy Dempsey, 2001 The Scent of Water maps a pilgrimage from a child's puzzled awakening through the shock of adult despair toward the humbling wisdom of acceptance How does meaning happen in our immediate experience And what role must a basic sense of reverence play as we parse our world Throughout the poems these questions underlie the vital impact of specific landscapes of trees skies and waters in Oklahoma Kansas California and New Mexico In trees especially Dempsey finds a symbol for our belonging both to the heart of earth and body of the heavens in a mysterious universe that welcomes biblical as well as scientific interpretations Bringing the reader to both root and light The Scent of Water proposes that the way we live and die can be transformed when we understand that one energy sustains all our minds bodies each burning star *New and Selected Poems* Charles Simic, 2013 The first ever volume of new and selected poetry from one of our most celebrated and acclaimed poets Charles Simic

Calyx, 2003 **New Collected Poems** George Oppen, 2008 Michael Davidson has done a masterful job of editing this new edition of the Collected Poems Few poets significantly alter and enhance the state of the art Oppen is one of them Michael Palmer Bookforum **New Books on Women and Feminism**, 2001 **Womanspeak: Voices from an Archaeology of Silence** **New and Collected Poems** Carol Thomas Ph.D., 2015-05-13 This book of poetry consists of new and collected poems with an appendix that illustrates work I have done throughout the yearsoften when I was teaching creative writing or womens studies and also when I was engaged in private practice with Shoreline Psychiatric Associates The text represents a womans vision of her world embodied tactile deeply sensuous and erotic in the sense of being connected wired to the universe Before my recent retirement I worked with multicultural and intriguing populations women prisoners drug court appointed adolescents some of the 1 percent and many of the 47 percent as well as what some politicians would call a permanent underclass A dual professional life in terms of both teaching and private practice has provided for me the richest deepest learning environment one could hope for The poems as well as the appendix attempt to illuminate and explicate the essence of womens engagement with herself her relationships and the world The poems also explore her intelligences epistemologies theoriesher often quotidian delight as William Carlos Williams defines it Womens

experience echoes Whitmans expressions of his love of the natural world and his insistence on achieving a capacious imagination My poems are feminist in the way in which Virginia Woolf defined it in 1938 in her wickedly witty antiwar prowomen book *Three Guineas* Her use of the word was to suggest the egregious inequality between women and men It is a brilliant treatise on the subconscious roots of patriarchy and she observes that war is the plaything constant and the deepest desire of men Woolf had hoped the word feminist would become obsolete as equality cooperation and friendship would erase the term In a volatile dispute discussed in her book as to whether women should be ordained into the English Anglican Church its reigning body of officials brought in Professor Grensted a well known psychologist to help in resolving the dissension and division Ultimately after much thought and study Professor Grensted declared that there was no theological or intellectual reason that the women could not be ordained but they should not be ordained due to the stress and agitation it would cause among the male clergy In his conclusion he noted that the real reason the women could not be admitted was mens infantile fixation against women a fixation deeply unconscious and seemingly unchangeable and an inseparable element of patriarchy A woman was first ordained in the church in 2006 first female primate in the Anglican community Some contemporary religious traditions in America today continue with these issues Currently our nation our earth is in crisisreferring to our perpetual wars the depletion of the earth and its millions of starving peoples all over the world The poems in this book both critique our inability to accept truth and the natural world and the call to celebrate the gifts of womans livesmercy insight unequivocal generosity keen sensibilities new visions Let us hope that 2015 ushers in and implements the values of each human each species every living creature tree rock cloud sun sea as of infinite value

Feminist Periodicals ,2002 **New and Collected Poems: 1975-2015** Jay Parini,2017-03-28 A new book the first in over a decade from acclaimed poet Jay Parini This volume revolves around his deep connection to nature and underlines his concerns about the impacts of pollution and climate change In these beautiful haunting poems Parini writes about the landscapes of mining country of the railroads of Pennsylvania of farm country of worlds lost and families dispersed He explores faith and how it is tested He limns the deepest crevices of the human heart and soul He surprises and moves us In addition to a complete volume s worth of new work called *West Mountain Epilogue* offering more than fifty poems never before published in any form Parini has collected the very best work from his previous four volumes the poems as he tells us written in the past forty years that I wish to stand by Lavishly and deservedly praised over the decades for his work as an essayist critic biographer novelist and especially poet Parini shines as never before in this generous volume **When Prayer Takes Place** J Gerald Janzen,2017-11-30 Where in the world was Jesus when he prayed Where is any one of us when we pray Since we are embodied creatures our prayer location can be mapped onto space time coordinates Since we are social creatures our prayers are also situated within our social locations But do these sets of coordinates exhaustively identify the place that prayer takes when truly entered into Conversely can either set totally prevent prayer from taking place there

The studies in *When Prayer Takes Place* explore dimensions of these issues traced in selected texts from both parts of the Christian Bible

New Collected Poems Marianne Moore, 2024-06-04 A landmark definitive edition of one of our most innovative and beloved poets The landmark oeuvre of Marianne Moore one of the major inventors of poetic modernism has had no straight path from beginning to end until now there has been no good vantage point from which to see the body of her remarkable work as a whole Throughout her life Moore arranged and rearranged visited and revisited a large majority of her existing poetry always adding new work interspersed among revised poems This makes sorting out the complex textual history that she left behind a pressing task if we mean to represent her work as a poet in a way that gives us a complete picture New Collected Poems offers an answer to the question of how to represent the work of a poet so skillful and singular giving a portrait of the range of her voice and of the modernist culture she helped create William Carlos Williams remarking on the impeccable precision of Moore's poems praised the aesthetic pleasure engendered when pure craftsmanship joins hard surfaces skillfully It is only in New Collected Poems that we can understand her later achievements see how she refashioned her earlier work and get a more complete understanding of her consummate craftsmanship innovation and attention to detail Presented and collected by Heather Cass White the foremost scholar of Moore's work this new collection at last allows readers to experience the untamed force of these dazzling poems as the author first envisioned them

The Poetry Society of America Bulletin ,1971 *The Beat Generation: Authors I-Z* Lynn Marie Zott,2003 New Selected Poems of Philip Levine Philip Levine,2011-09-07 LIGHTS I HAVE SEEN BEFORE The children are off somewhere and when I waken I hear only the buzz of current in the TV and the refrigerator groaning against the coming day I rise and wash there is nothing to think of except the insistent push of water and the pipe s *Reading the Two Books of God* Thomas W. Mann,2022-09-29

Thomas W Mann is a biblical scholar and retired parish minister and the author of numerous books and articles He is particularly interested in how experiences in nature prompt theological reflection based in the Bible shaping our sense of sacred time and place and how the lectionary readings of the church year also provide a spiritual calendar for the seasons of our lives The result is a conversation inspired by poets and writers like Mary Oliver Wendell Berry and John Muir but also by philosophers and theologians ranging from Abraham Joshua Heschel to David Kelsey Along the way we enter beach time and take backpacking trips in the Sierras but also join the triumphal entry parade on Palm Sunday and listen to the stable animals on Christmas Eve We perceive the beauty of creation through the eyes of science as well as religion sensually as well as intellectually We celebrate our communion with all creatures from fungus to forests inspired with awe and reverence and with a responsibility to care for the earth so threatened by climate change
