Look What Came from England Kevin A. Davis, 1999 Describes many things that originally came from England including inventions sports and games food vehicles fashion animals and nursery rhymes *England's Wars of Religion, Revisited* Charles W. A. Prior, Glenn Burgess, 2011 The causes and nature of the civil wars that gripped the British Isles in the mid seventeenth century remain one of the most studied yet least understood historical conundrums Religion politics economics and affairs local national and international all collided to fuel a conflict that has posed difficult questions both for contemporaries and later historians Were the events of the 1640s and 50s the first stirrings of modern political consciousness or as John Morrill suggested wars of religion This collection revisits the debate with a series of essays which explore the implications of John Morrill's suggestion that the English Civil War should be regarded as a war of religion This process of reflection constitutes the central theme and the collection as a whole seeks to address the shortcomings of what have come to be the dominant interpretations of the civil wars especially those that see them as secular phenomena waged in order to destroy monarchy and religion at a stroke Instead a number of chapters present a portrait of political thought that is defined by a closer integration of secular and religious law and addresses problems arising from the clash of confessional and political loyalties In so doing the volume underlines the extent to which the dispute over the constitution took place within a political culture comprised of many elements of fundamental agreement and this perspective offers a richer and more nuanced readings of some of the period's central figures and draws firmer links between the crisis at the centre and its manifestation in the localities **Normal Instructor and Teachers World**, 1910 **ENIGMATARIUM** E. D. Pedersen, 2010-02-01 Enigmatarium is story founded on light and darkness It begins with Jack a young man who is the victim of a magic beyond his imagining This magic has come to be known as the Jester Spell It is a spell that transforms its victim into a deformed marionette This is but the first knife to cut away a shroud covering his entire world As time passes for him and as new characters come into his life he begins to realize that truth becomes the only pursuit in a world that continually changes a place where evil becomes good enemy becomes friend and each new lie creates a seemingly endless prison of twists and turns Together with some unlikely friends they all strive to unravel the secrets of the Enigmatarium But some secrets they learn are far more terrifying than anything they could ever fathom And just when they think they may have figured it out tragedy finds a way into their hearts The Enigmatarium is a place where reality and fantasy combine with no clear boundaries where time spans centuries where magic and death go hand in hand with life and loss And just as one world must endure its Onyx ruler another world is simultaneously being governed by one of Pearl Take the journey play the game trust no one and enter the Enigmatarium It is waiting to welcome you to your fantasy **The History and Character of Calvinism** John Thomas McNeill, 1923 This is a masterful historical portrait of the whole movement of Calvinism for general readers and scholars alike **Chambers's Journal**, 1911 *Scribner's Magazine* Edward Livermore Burlingame, Robert
