

THE LOST ART OF CARING

*A Challenge to Health Professionals,
Families, Communities, and Society*

EDITED BY Leighton E. Cluff, M.D.,
and Robert H. Binstock, Ph.D.

Lost Art Of Caring

John Crellin

Lost Art Of Caring:

The Lost Art of Caring Leighton E. Cluff, Robert H. Binstock, 2003-05-01 In *The Lost Art of Caring* Leighton E Cluff M D and Robert H Binstock Ph D bring together experts to address the importance of caring the reasons why it has eroded and measures that can strengthen caring as provided by health professionals families communities and society Doing the Right Thing John R. Peteet, 2007-05-03 Here is the first practical guide for dealing with the moral issues that regularly confront clinicians in their work Written for all mental health professionals *Doing the Right Thing An Approach to Moral Issues in Mental Health Treatment* offers a framework both for making moral decisions concerning the treatment of patients and for helping patients deal with their own moral concerns Drawing on current thinking in several disciplines *Doing the Right Thing* introduces the concept of moral functioning as a basis for therapeutic influence Numerous case examples illustrate how to Assess patients ability to function morally Learn how six basic capacities needed for moral functioning develop and how identifying problems in an individual s moral functioning can help guide the formulation of a treatment plan Treat patients with problems functioning morally Appreciate when it is time to set aside neutrality as a therapeutic stance in favor of a more direct approach to helping patients make moral commitments decisions and self assessments and develop moral character Deal with the moral aspects of clinical decision making Develop a framework for making moral choices in planning the direction of treatment confronting resistance and addressing problems in caring effectively Help patients address moral challenges Learn how to take into account your own and the patient s values in reasoning through moral dilemmas Understand more clearly how to help patients deal with unfair pain caused by others as well as the guilt and shame caused by their own moral failures Employ the therapeutic potential of moral growth transformation and integration Discover the role of a clinician in helping demoralized patients reformulate their ideals for better outcomes Recognize where a moral paradigm is useful in improving the delivery of mental health care Concise clear and clinically relevant *Doing the Right Thing* is a valuable thought provoking guide for both new and seasoned mental health practitioners who live and work in a morally complex environment It is also an excellent supplementary text for courses dealing with the practice of psychotherapy and the ethical aspects of mental health care Let Me Heal Kenneth M. Ludmerer, 2014-09-01 This insightful engaging the history of US graduate medical education explores the social and moral value of physician training to society as a whole and how improving excellence in GME can stimulate and guide meaningful health care reform *Nursing Informatics and the Foundation of Knowledge* Dee McGonigle, Kathleen Mastrian, 2014-03-06 Explains how nursing informatics relates to knowledge acquisition knowledge processing knowledge generation and knowledge dissemination and feedback all of which build the science of nursing **The Research Process in Nursing** Kate Gerrish, Anne Lacey, 2013-04-02 The perfect text for any health care professional who wishes to gain a sound understanding of research This text succeeds where others fail in terms of the thoroughness of the research process and the accessible style in which the material is presented In an age when

nursing and health care research is going from strength to strength this book offers those in the world of academia and practice an excellent and essential bible that is a must on any bookshelf Dr Aisha Holloway Lecturer Adult Health Division of Nursing The University of Nottingham a book that helps you each step of the way A very understandable and enjoyable publication Accident and Emergency Nursing Journal key reference resource that students of research can use at various levels of study It is comprehensive user friendly and very easy to read and make sense of Gillian E Lang Amazon reviewer The sixth edition of this book reflects significant developments in nursing research in recent years ensuring the reader is provided with the very latest information on research processes and methods It continues to explore how to undertake research as well as evaluating and using research findings in clinical practice in a way that is suitable for both novice researchers and those with more experience Divided into six sections the chapters are ordered in a logical fashion that also allows the reader to dip in and out The first two sections of the book provide a comprehensive background to research in nursing The third section presents a variety of qualitative and quantitative approaches both new and well established The final three sections then look at collecting and making sense of the resulting data and putting the research findings into clinical practice Summarises key points at the start of each chapter to guide you through Includes contributions from a wide range of experts in the field Accessible but doesn't shrink away from complex debates and technical issues New to this edition Accompanying website www.wiley.com/go/gerrish Ten completely new chapters including Narrative Research Mixed Methods and Using Research in Clinical Practice Research Example boxes from a wide variety of research types The Cultures of Caregiving Carol Levine, Thomas H. Murray, 2004-05-21 Publisher Description Concepts and Cases in Nursing Ethics - Fourth Edition Michael Yeo, Anne Moorhouse, Pamela Khan, Patricia Rodney, 2020-04-30 A portion of the revenue from this book's sales will be donated to Doctors Without Borders to assist the humanitarian work of nurses doctors and other health care providers in the fight against COVID 19 and beyond Concepts and Cases in Nursing Ethics is an introduction to contemporary ethical issues in health care designed especially for Canadian audiences The book is organized around six key concepts beneficence autonomy truth telling confidentiality justice and integrity Each of these concepts is explained and discussed with reference to professional and legal norms The discussion is then supplemented by case studies that exemplify the relevant concepts and show how each applies in health care and nursing practice This new fourth edition includes an added chapter on end of life issues and it is revised throughout to reflect the latest developments on topics such as global health ethics cultural competence social media and palliative sedation as well as ethical issues relating to COVID 19

Aging and Caring at the Intersection of Work and Home Life Anne Martin-Matthews, Judith E. Phillips, 2010-10-18 There are not many books that address the boundaries of care of older people from a work life perspective This book authored by contributors from various countries looks at the boundaries of care by looking at private and public help professional and personal help and paid and unpaid caregivers It captures and conceptualizes the complexity of the intersection of work and

home life as it relates to the provision of assistance and support to older relatives in a variety of care work contexts It explores these issues within a critical framework rather than from an assumed stress or burden perspective which dominates current texts on the topic Readers of this volume will gain a deeper understanding of issues of care provision amongst networks of careers and helpers and of the particular dynamics of care when it is episodic or framed by constraints of space and time as a result of geography In addition each chapter addresses issues of diversity with sensitivity to gender race and ethnicity This book will be of use to academics and graduate students in Gerontology Family Studies IO psychology Gender Studies and Sociology

Key Concepts in Palliative Care Moyra A Baldwin, Jan Woodhouse, 2010-10-15 Do you need a succinct introduction to the key theories and principles of palliative care and their application to practice Key Concepts in Palliative Care provides just this in a compact fifty concept guide to the field Taking account of the government's End of Life Care Strategy contributors set out the key issues affecting practice across a range of health and social care contexts The book covers topics ranging from dying and death to symptom management and spiritual care backed up with practical examples Each entry comprises o a snapshot definition of the topic o key points o a discussion of the main debates o links to practice through thought provoking case histories and o suggestions for further reading Key Concepts in Palliative Care is an ideal text and handy source of reference for health and social care professionals who are developing their knowledge and skills in palliative care

Patient and Person Jane Stein-Parbury, 2013-08-15 A revised updated edition of the bestselling nursing text promoting constructive interpersonal relationships The latest edition of the ever popular Patient and Person remains an authoritative guide to the practice and theory of developing interpersonal skills in nursing This well known Elsevier nursing text has been fully revised and updated with new content and the latest research evidence including an increased focus on empathy The title of this vital communication text reflects its key point that patients should be treated as people a concept central to the provision of quality nursing care Patient and Person 5th edition systematically addresses the theoretical practical and personal dimensions of relating to patients and provides guidelines for determining when and how to act Maintaining the book's practical applied focus nurse and academic Jane Stein Parbury has included real life stories to support and illustrate theoretical information There are also over 50 learning activities to help develop the skills and concepts discussed A revised chapter on considering culture reflects contemporary thinking about culture and health focusing on the clash of cultural values between healthcare organisations and patients A revised chapter on challenging interpersonal encounters with patients addresses the increasingly reported issue of patient anger and aggression looking at how nurses can approach responsive and assertive interpersonal skill development to best resolve challenging negotiations Increased discussion of empathy throughout the text Key concepts and research highlights are included in each chapter to add depth and context

Public Expectations and Physicians' Responsibilities John Crellin, 2018-10-08 This guide for practice managers in a question and answer format explains accounting procedures and describes GMS health authority and

other sources of income The book covers payroll pension personnel and complaints matters and advises on optimizing income for the practice *Member Care in India - Ministry Call to Home Call* J.J. Ratnakumar,2012-04-05 Missionary Upholders Trust is the owner of the copyright and has granted permission to all member care personnel who have made a contribution towards any of the programmes of MUT and received a copy of the book to distribute all or portions of the contents of any one article in the book in printed form to any participants of any seminar on member care or any other training on missionary care provided that the source of the materials is always clearly identified and that the materials are not sold All other uses of these materials require the previous written permission of Missionary Upholders Trust **Practice Development in**

Nursing and Healthcare Brendan McCormack,Kim Manley,Angie Titchen,2013-04-01 In its first edition Practice Development in Nursing made an important contribution to understanding practice development and its core components Now fully updated to take into account the many developments in the field the second edition continues to fill an important gap in the market for an accessible practical text on what remains a key issue for all members of the healthcare team globally Practice Development in Nursing and Healthcare explores the basis of practice development and its aims implementation and impact on healthcare to enable readers to be confident in their approaches to practice development It is aimed at healthcare professionals in a variety of roles for example clinical practice education research and quality improvement and students as well as those with a primary practice development role in order to enable them to effectively and knowledgeably develop practice and the practice of others Key features New updated edition of a seminal text in the field including significant new material Relevance to the entire healthcare team Accessible and practical in style with case studies scenarios and examples throughout Edited by and with contributions from experts in the field Fully updated to include the latest research Supported by a strong evidence base **Caregiving, Carebots, and Contagion** Michael C. Brannigan,2022-02-21 Would you want to

be cared for by a robot Michael C Brannigan s Caregiving Carebots and Contagion explores caring robots lifesaving benefits particularly during contagion while probing the threat they pose to interpersonal engagement and genuine human caregiving As our COVID 19 purgatory lingers on caring robots will join our nursing and healthcare frontlines Carebots can perform lifesaving tasks to minimize infection safeguard vulnerable persons and relieve caregivers of certain burdens They also spark profound moral and existential questions What is caring How will we relate with each other What does it mean to be human Underscoring carebots hands on benefits Brannigan also warns us of perils They can be a dangerous lure in a culture that settles for substitutes and venerates the screen Alerting us to the threatening prospect of carebots becoming our surrogate for interpersonal connection he maintains they are not the culprits The challenge lies in how we relate to them While they beneficially complement our caregiving carebots cannot replace human caring Caring is a fundamentally human act and lies at the heart of ethics As humans we have a binding moral responsibility to care for the Other and genuine caring demands our embodied human to human presence **Death, Dying and Bereavement in a Changing World** Alan R.

Kemp,2015-10-16 This title takes a comprehensive approach exploring the physical social psychological and spiritual dimensions of death dying and bereavement Through personal stories from real people Death Dying and Bereavement provides readers with a context for understanding their changing encounters with such difficult concepts **On Moral Medicine** M. Therese Lysaught,Joseph Kotva,Stephen E. Lammers,2012-07-20 In print for more than two decades On Moral Medicine remains the definitive anthology for Christian theological reflection on medical ethics This third edition updates and expands the earlier awardwinning volumes providing classrooms and individuals alike with one of the finest available resources for ethics engaged modern medicine **The Ethics of Managed Care: Professional Integrity and Patient Rights** W.B. Bondeson,J.W. Jones,2013-03-09 in the culture of medicine and they saw their mission as a generation of profit for stockholders not necessarily medical care for clients Cost effective medicine was the goal in the context of a profit making enterprise Although preventive health care programs were promised very few were realized and they were not nearly comprehensive The definition of unnecessary testing slowly expanded to mean virtually any high cost test requiring the service of a medical specialist and low priced generalist physicians with limited diagnostic and therapeutic skills were made available to patients with the instruction they should limit their access to high cost specialists Managed care organizations tended to re ward primary care physicians who avoided specialty referrals and severed contracts with those who persisted in sending their patients to outside consultants Most notoriously managed care organizations maintained veto authority over the provision of complex and expensive care and that veto was often wielded in defiance of a physician s recommendation by managed care employees without medical training or experience Managed care did indeed slow the rate in increase of medical costs but not without limitations on the care provided to patients and the professional integrity of physicians Managed care organizations were so successful that they could provide extremely high salaries to their executives even in the context of limiting cost and care It is these developments that the papers of this symposium addressed The most fundamental ethical issue is posed in the first paper by Dr Christian Ethics Larry Chouinard,David A. Fiensy,George F. Pickens,2010-04-01 Do not conform any longer to the pattern of this world but be transformed by the renewing of your mind Then you will be able to test and approve what God s will is his good pleasing and perfect will Romans 12 2 NIV What are your goals in life What goals should you pursue in your life Every day you make decisions concerning moral issues Moral evaluation implies that there is a standard of judgment Christian ethics is the study of how we live a life that conforms to the will of God When we look at life from a biblical perspective our goals actions and standards should be the result of asking the question What is God calling me to do and be Christian Ethics takes a fresh look at a multitude of ethical issues through the lens of God s Word This important new resource will help provide guidance into knowing God s will for your life Contributors are in alphabetical order Dr Lee Camp David Lipscomb University Dr Larry Chouinard Kentucky Christian College Dr James Estep Lincoln Christian Seminary Dr David Fiensy Kentucky Christian College Dr Gary Hall Lincoln Christian College Dr John

Mark Hicks David Lipscomb University Dr Ronald Highfield Pepperdine University Dr Robert Hull Lincoln Christian College Dr Leonard Knight Kentucky Christian College Dr Mark Krause Puget Sound Christian College Dr Gregory Linton Great Lakes Christian College Dr Rick Marrs Pepperdine University Margaret McLaughlin MSW CSW Kentucky CC Dr David Musick University of Pennsylvania Dr George Pickens Kentucky Christian College Dr Paul Prill David Lipscomb University Dr Gregory Rutecki Evanston Hospital Gail Wise RN Kentucky Christian College *Mental Health* Charlie Brooker, Julie Repper, 2008-01-01 In *Mental Health From Policy to Practice* the editors and contributors use their extensive experience and knowledge of mental health services to analyse the effectiveness of developments They reflect on how policy has developed what policy means for practice to what extent policy has been implemented and where the challenges lie Book Jacket

Values-Based Health & Social Care Jill McCarthy, Pat Rose, 2010-06-22 Is evidence based practice really best practice This is a hotly debated question in health and social care circles and the starting point for this book Engaging firmly in the debate *Values Based Health Social Care* calls into question the dominance of evidence based practice and sets out an alternative vision of care which places holism professional judgement intuition and client choice at its centre Bringing together writers from a range of health and social care backgrounds the book describes the rise of evidence based practice and explores major criticisms of the approach It argues that evidence should be seen as part of a broader vision of practice which places equal value on a holistic vision of the needs of patients and clients professional knowledge and intuition and seeing patients and clients as partners in their care Examples are used throughout the book to help readers link the concepts to practice The book concludes with suggestions on how to develop a values based approach in practice and through professional education *Values Based Health Social Care* sets out key debates surrounding the nature of practice which will be of interest to students and practitioners alike
