one page chapter one thirty four page chapter one fifty five page chapter and one eighty nine page chapter for a total of 232 pages per book Fibonacci Tales are written for all ages and in paired sets of books The first pair of Fibonacci Tales books are Fibonacci Tales Vampire Tales and Fibonacci Tales Knights Tales The second pair of Fibonacci Tales books are Fibonacci Tales Dust Tales and Fibonacci Tales Mother Tales The third pair of Fibonacci Tales books will be called Fibonacci Tales Cat Tales and Fibonacci Tales Goddess Tales These books are works in progress during mid September 2016 The author expects to complete the third pair of Fibonacci Tales books and available around early to mid 2017 Fibonacci Tales books are designed for electronic book reading Each pair of books includes music callouts that are essential to the stories music has the power to calm the savage beast and therefore Fibonacci Tales books do not lend themselves to printed book format Plus the cost of printing two pairs of books and pressing two CDs for each pair of books would not be cost effective and it would be an outright irritant for the dear reader who would have to advance the CD one tune at a time and stop the CD before the next tune began as CD players are designed to do I would utterly hate to read Fibonacci Tales in printed book format For that reason alone scratch the idea of publishing Fibonacci Tales in physical book format I will not agree On the plus side again I have two disinterested readers who will read and comment on Fibonacci Tales books once they are available in e book format

Watering Hole Matt Connor,2003 What is Leadership Dr Richard Berry presents a thought provoking depiction of current leadership theories as myths because of the effort to exclude or conceal the meaning and value of emotion This would suggest that current leadership theory is incomplete due not only to the absence of emotions but independent thought and intuition as well Lieutenant Colonel Allen West a husband father of two and a military officer with an impeccable service record including a previous award for valor had his military career ended prematurely when he undertook extraordinary measures to protect the lives of his men He was serving in Tikrit Iraq the home of the late Sadaam Hussein and dead center of what we all know today as the Sunni Triangle He was not wounded killed in action or taken prisoner but instead charged with felony offenses by the United States Army for mistreating an Iraqi detainee who was believed to have information that was going to kill American soldiers This book documents what the effects of leadership can be when the power of the human spirit is allowed to flourish at the individual group and organizational levels
