Rafting Rise:

Rafting Rise Joe Survant, 2002 *Rafting Rise* is a terrific book the richly detailed evocation of an entire world and an important contribution to the literature of the rural South Ted Kooser *Rafting Rise* has the strength of extended narrative and the quickness of lyric poetry There is a haunting visionary quality to Joe Survant's dramatic poem bringing to life a world of log rafting and floodplain dwellers along the Rough and Green Rivers in 1916 and 1917 The sections are snapshots and ballads of witness a counterpoint of voices that open a window on this long ago time and place of giant catfish and spells logjams and river witch The phrases shine and the lines sing out and the dead come back and speak again as the real enters the realm of legend Robert Morgan Joe Survant writes about turn of the century backwoods America with an uncanny sense of firsthand knowledge He knows whereof he writes and he writes with an authority that derives from a deep seated respect for the lives of river folk and trappers and the lone inhabitants of womenless shacks And for all the harsh realities of a life hacked out of such rough terrain Mr Survant never overlooks the beauty of sycamores grazing by the creek wild grapes growing in the river bottoms or a thicket lit by trumpet weed To read this book is to enter a world and to follow its narrative is to be carried on the current of a deeply compelling adventure Sherod Santos Set in the central Kentucky basins of the Rough Green and Ohio Rivers in 1916-17 *Rafting Rise* joins the storytelling virtues of fiction with the intensity of the poetic lyric to reach a wider audience including readers of poetry lovers of good tales and those interested in the small events of history recreated through the lives of carefully imagined characters The book's central action is the rafting of logs in winter down the rivers to the lumber mills in Evansville Indiana Survant re-creates the whole fabric of the hardscrabble society that lives by this perilous trade They are tough people such as Carl Peters stranded on a raft run aground in a freezing rain walking in a figure eight all night to stay alive while his fellow rafter Tom Simpson who didn't make it lay like frozen wood in the bottom of our boat Elsewhere in love poems and poems celebrating the lush riverine landscape Survant conveys the simple sensuous moments that punctuate this hard life Here is Bill Balcom at a camp meeting eighteen and chafing for adventure on the river When I took a piece of Susie's buttermilk pie I saw her looking and when I ate I imagined her taste But none of the characters is more vivid than Sallie the female protagonist a half mad medicine woman living with her dogs in whatever shelter she can find Survant gives Sallie such a deep empathy with the countryside and its creatures that she becomes the spirit of the place But Sallie pays dearly for her empathy with nature hearing voices over which she has no power Worse she has the curse of prophecy can see the hand of death before it strikes and is as much feared as needed by the community Through these and a handful of other characters Survant fashions a verse epic of Kentucky on the eve of the entry of the United States into World War I This volume continues the experiment begun in his earlier *Anne Anne Alpheus* 1842-1882 winner of the Arkansas Poetry Award *Whitewater Rafting on West Virginia's New & Gauley Rivers* Jay Young, 2011-07-14 A certain mixture of whimsy and derring do is required to shove off down or up the New or Gauley River

with scant protection aside from a helmet life vest and ones compatriots Its a choice that could be so easily avoided but that wouldnt make sense to the proud and colorful characters who have long been shooting these rapids some of the most popular and treacherous in the country Here Jay Young a raft guide turned writer leads readers through the local lore and history of the rivers wheremuch to the delight of those brave enough to face these rapidsthe ordinary almost never occurs *Tales of the Favorite Extreme Sports* MD Shar,101-01-01 The book is structured to provide both a deep dive into the specifics of each sport and a broader understanding of their impact Each chapter begins with an introduction to the sport followed by a detailed exploration of its rules regulations and significant milestones Readers will find accounts of major completions and notable achievements alongside the historical context that has shaped the development of these sports The stories of key figures and their contributions are interwoven with fascinating anecdotes and memorable events that illustrate the rich tapestry of the extreme sports world Extreme sports are not just about the adrenaline rush they are also about community culture and personal growth The athletes who participate in these sports often speak of the camaraderie the shared experiences and the profound sense of accomplishment that comes from pushing themselves to new heights The book captures these elements providing insight into how extreme sports foster connections between people and communities and how they inspire individuals to challenge their limits *Report of Professor George H. Cook Upon the Geological Survey of New Jersey* New Jersey. Geological survey, 1863-1915,1891 Documents of the ... Legislature of the State of New Jersey New Jersey. Legislature,1891 Annual Report of the Geological Survey New Jersey Geological Survey,1891 **Combined Pile-Raft Foundations** Oliver Reul,Mark Randolph,2024-12-16 This book presents the fundamental features of the design and performance of combined pile raft foundations CPRFs Whereas in a traditional foundation the loads are carried either by the raft or by the piles the capacity of CPRFs is assessed for the foundation as a whole reducing total and differential settlements economically The five chapters provide an overview of the historical development of piled rafts in practice and research and of the design concepts developed for piled rafts over the last decades Fundamental aspects of their bearing behaviour are presented as well as an overview of the framework of the design process for CPRFs including the safety concept the design approach summarised in the ISSMGE Combined Pile Raft Foundation Guideline ISSMGE TC 212 2013 and the interaction between structural and geotechnical engineering For numerical analysis based on the finite element method guidance is given on creating the model and performing the calculations before providing basic information on the requirements for the site investigation supervision of the construction process and monitoring of the foundation performance Detailed case studies illustrate the design and performance of CPRFs and a design example for the foundation of a multi storey office building founded in non cohesive soil is investigated carrying out 3D finite element analysis to estimate deformations and design parameters for structural engineering Based on the combined experience of the authors obtained in the last decades working in the industry and research the book particularly suits consulting engineers engaged in foundation

engineering as well as graduate students and researchers interested in the bearing behaviour of piled rafts and pile groups

Enjoying the Track of Term: An Emotional Symphony within **Rafting Rise**

In a global consumed by screens and the ceaseless chatter of fast connection, the melodic elegance and mental symphony created by the published word often disappear in to the background, eclipsed by the constant noise and interruptions that permeate our lives. But, set within the pages of **Rafting Rise** a stunning fictional treasure brimming with organic thoughts, lies an immersive symphony waiting to be embraced. Crafted by an elegant musician of language, this charming masterpiece conducts viewers on an emotional journey, well unraveling the concealed songs and profound affect resonating within each cautiously crafted phrase. Within the depths with this emotional analysis, we shall investigate the book is main harmonies, analyze their enthralling publishing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
