Middle East *The Experience Economy, Updated Edition* B. Joseph Pine II, James H. Gilmore, 2011-07-05 In 1999 Joseph Pine and James Gilmore offered this idea to readers as a new way to think about connecting with customers and securing their loyalty. As a result, their book *The Experience Economy* is now a classic embraced by readers and companies worldwide and read in more than a dozen languages. And though the world has changed in many ways since then, the way to a customer's heart has not. In fact, the idea of staging experiences to leave a memorable and lucrative impression is now more relevant than ever. With an ongoing torrent of brands attacking consumers from all sides, how do you make yours stand out? Welcome to the new Experience Economy. With this fully updated edition of the book, Pine and Gilmore make an even stronger case that experience is the missing link between a company and its potential audience. It offers new, rich examples including the U.S. Army, Heineken Experience, Autostadt, Vinopolis, American Girl Place, and others to show fresh approaches to scripting and staging compelling experiences while staying true to the very real economic conditions of the day. *The Experience Economy, With a New Preface by the Authors* B. Joseph Pine II, James H. Gilmore, 2019-12-10 Time is limited. Attention is scarce. Are you engaging your customers? Apple Stores, Disney, LEGO, Starbucks. Do these names conjure up images of mere goods and services, or do they evoke something more, something visceral? Welcome to the Experience Economy, where businesses must form unique connections in order to secure their customers' affections and ensure their own economic vitality. This seminal book on experience innovation by Joe Pine and Jim Gilmore explores how savvy companies excel by offering compelling experiences for their customers, resulting not only in increased customer allegiance but also in a more profitable bottom line. Translated into thirteen languages, *The Experience Economy* has become a must-read for leaders of enterprises large and small, for profit and nonprofit, global and local. Now with a brand new preface, Pine and Gilmore make an even stronger case for experiences as the critical link between a company and its customers in an increasingly distractible and time-starved world. Filled with detailed examples and actionable advice, *The Experience Economy* helps companies create personal, dramatic, and even transformative experiences, offering the script from which managers can generate value in ways aligned with a strong customer-centric strategy. **The Cambridge History of American Theatre** Don B.
