CLASSICI

Nel coro di voci dei trattatisti romantici lombardi si leva con spicco eccezionale quella di Alessandro Manzoni che, mentre fa proprie le istanze di coloro che egli chiama scherzosamente i suoi «amici di sofferenza letteraria», ne afferma di sue personalissime, prima fra tutte e campeggiante quell'esigenza di «verità» nell'opera d'arte, che è il perno delle sue battaglie antitradizionalistiche. Questa istanza di verità come di unica vitale fonte di ispirazione per l'artista si esprime con baldanzosa sicurezza e con cauta attenzione nella «Lettre» allo Chauvet e nella «Lettera sul romanticismo»; e inoltre in alcuni passi dell'epistolario coevi a tali scritti; diventa sottile scrupolo sostenuto non senza caudica forzatura nel più tardo e stanco trattato «Del romanzo storico». Sono presentate in questo volume tutte le opere teoriche manzoniane d'argomento letterario: la Prefazione al «Carmagnola», la «Lettre» allo Chauvet, la «Lettera sul romanticismo», il trattato «Del romanzo storico», passi dall'Epistolario e parte degli scritti raccolti sotto i titoli «Materiali estetici» e «Della moralità delle opere tragiche» lasciati dal Manzoni allo stato frammentario.

Contemporary Literary Theory Irene Rima Makaryk,1993-01-01 The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it I R Makaryk has compiled a welcome guide to the field Accessible and jargon free the Encyclopedia of Contemporary Literary Theory provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains their origins and use Accessibility is a key feature of the work By avoiding jargon providing mini bibliographies and cross referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture **Subversive Seduction** Travis Landry,2013-01-10 Male male rivalry and female passive choice the two principal tenets of Darwinian sexual selection raise important ethical questions in The Descent of Man and in the decades since about the subjugation of women If female choice is a key component of evolutionary success what

impact does the constraint of women's choices have on society? The elaborate courtship plots of 19th century Spanish novels with their fixation on suitors and selectors rivalry and seduction were attempts to grapple with the question of female agency in a patriarchal society. By reading Darwin through the lens of the Spanish realist novel and vice versa, Travis Landry brings new insights to our understanding of both while Darwin's theories have often been seen as biologically deterministic, Landry asserts that Darwin's theory of sexual selection was characterized by an open-ended dynamic whose oxymoronic emphasis on passive female choice carries the potential for revolutionary change in the status of women. *Printed Media in Fin-de-siecle Italy* Ann Hallamore Caesar, 2017-12-02. The Unification of Italy in 1870 heralded a period of unprecedented change. While successive Liberal governments pursued imperial ventures and took Italy into World War One on the Allied side, on the domestic front technological advance, the creation of a national transport network, the expansion of state education, internal migration to cities, and the rise of political associations all contributed to the rapid expansion of the print industry and the development of new and highly diversified reading publics. Drawing on publishers' archives, letters, diaries, and printed material, this book provides the most up-to-date research into the printed media: books, magazines, and journals in Italy between 1870 and 1914. With essays on publishers and reading communities, the professionalization of the role of journalist and writer, children's literature, book illustrations, and printed media in colonial territories, among others, this book is intended for those with interests in cultural production and consumption and questions of nation formation and nationhood in and outside Italy. With the contributions of Ann Hallamore Caesar, Gabriella Romani, Introduction John Davis, Media Markets and Modernity: The Italian Case 1870-1915, Maria Grazia Lolla, Reader Power: The Politics and Poetics of Reading in Post-Unification Italy, Joseph Luzzi, Verga Economicus: Language, Money, and Identity in *I Malavoglia*, and Mastro don Gesualdo, Olivia Santovetti, The Cliche of the Romantic Female Reader and the Paradox of Novelistic Illusion, Federico De Roberto, *s. l.* *Illusione* 1891, Francesca Billiani, *Intellettuali, militanti, funzionari e tecnologici: etica ed estetica in tre riviste fiorentine d'inizio secolo*, Il Regno, La Voce e Lacerba 1903-1914, Luca Somigli, *Towards a Literary Modernity all italiana: A Note on F. In the midst of the religious ferment, foreign invasions, and internal political strife that beset Italy before the full effects of the Counter-Reformation, the powerful

and humble alike turned to popular prophecy for guidance and solace Ottavia Niccoli examines here the forms of these prophecies including interpretations of natural disasters abnormal births floods and planetary conjunctions and gives examples of how they were transmitted from the lower classes to the elite through street singers apocalyptic preachers astrologers and printers By tracing the ongoing revision of the prophecies Niccoli reveals them as an indication of how various levels of society viewed events of the time as a form of propaganda for such causes as anti Lutheranism and as a reflection of the interaction between high and low culture Based on popular leaflets diaries civic chronicles and iconographic sources this book explores the expression of a culture in which nature religion and politics formed a unified system with a uniform code of interpretation It connects the decline of prophecy in Italy with the end of the Italian wars and the beginning of the Counter Reformation when popular preaching was banned and charismatic religion discouraged

Landscapes of Realism Dirk Göttsche, Rosa Mucignat, Robert Weninger, 2021-04-15 Few literary phenomena are as elusive and yet as persistent as realism While it responds to the perennial impulse to use literature to reflect on experience it also designates a specific set of literary and artistic practices that emerged in response to Western modernity Landscapes of Realism is a two volume collaborative interdisciplinary exploration of this vast territory bringing together leading edge new criticism on the realist paradigms that were first articulated in nineteenth century Europe but have since gone on globally to transform the literary landscape Tracing the manifold ways in which these paradigms are developed discussed and contested across time space cultures and media this first volume tackles in its five core essays and twenty five case studies such questions as why realism emerged when it did why and how it developed such a transformative dynamic across languages to what extent realist poetics remain central to art and popular culture after 1900 and how generally to reassess realism from a twenty first century comparative perspective

The Gothic: Studies in History, Identity and Space Katarzyna Więckowska, 2020-04-14 This volume was first published by Inter Disciplinary Press in 2012 The Gothic Studies in History Identity and Space offers a critical examination of gothic elements in fiction film and popular culture texts from the beginnings of the genre to the present The articles collected in the volume explore questions of identity space history and social equilibrium as portrayed through a distinctly Gothic imagery Tracing a gothic itinerary through different times and places from the English classic Gothic novels and their Italian counterpart to postcolonial and postmodern fiction and to contemporary film and fashion it presents a persuasive account of how and why the Gothic continues to fascinate readers and critics alike

The Italian Gothic and Fantastic Francesca Billiani, Gigliola Sulis, 2007 Meanwhile by assimilating the Other into our own modes of representation of reality and imagination twentieth century female writers of the fantastic show how alternative identities can be shaped and social constituencies can be challenged
