Remaking the Readymade Adina Kamien-Kazhdan, 2018-05-11 Replication and originality are central concepts in the artistic oeuvres of Marcel Duchamp and Man Ray Remaking the Readymade reveals the underlying and previously unexplored processes and rationales for the collaboration between Duchamp Man Ray and Arturo Schwarz on the replication of readymades and objects The 1964 editioned replicas of the readymades sent shock waves through the art world Even though the replicas undermined ideas of authorship and problematized the notion of identity and the artist they paradoxically shared in the aura of the originals becoming stand ins for the readymades Scholar poet dealer Arturo Schwarz played a crucial role opening the door to joint or alternate authorship an outstanding relationship between artist and dealer By unearthing previously unpublished correspondence and documentary materials and combining this material with newly conducted exclusive interviews with key participants Remaking the Readymade details heretofore unrevealed aspects of the technical processes involved in the recreation of iconic long lost Dada objects Launched on the heels of the centenary of Duchamp's Fountain this new analysis intensifies and complicates our understanding of Duchamp and Man Ray initial conceptions and raises questions about replication and authorship that will stimulate significant debate about the legacy of the artists the continuing significance of their works and the meaning of terms such as creativity originality and value in the formation of art

Canada occidentale Karla Zimmerman, 2011 **The matter of miracles** Helen Hills, 2021-02-02 This book investigates baroque architecture through the lens of San Gennaro's miraculously liquefying blood in Naples This vantage point allows a bracing and thoroughly original rethink of the power of baroque relics and reliquaries It shows how a focus on miracles produces original interpretations of architecture sanctity and place which will engage architectural historians everywhere The matter of the baroque miracle extends into a rigorous engagement with natural history telluric philosophy new materialism theory and philosophy The study will transform our understanding of baroque art and architecture sanctity and Naples Bristling with new archival materials and historical insights this study lifts the baroque from its previous marginalisation to engage fiercely with materiality and potentiality and thus unleash baroque art and architecture as productive and transformational
