Gardens of Gold Jamon Alex Halvaksz, 2020-08-31 This is a soya bean the Biangai villager explained a money bean Since the start of colonial gold mining in the early 1920s the Biangai villagers of Elauru and Winima in Papua New Guinea have moved away from planting yams and other subsistence foods to instead cultivating coffee and other cash crops and dishing for tradable flakes of gold Decades of industrial gold mining land development conservation efforts and biological research have wrought transformations in the landscape and entwined traditional Biangai gardening practices with Western capital disrupting the relationship between place and person and the social reproduction of a community Drawing from extensive ethnographic research Jamon Halvaksz examines the role of place in informing indigenous relationships with conservation and development How do Biangai make meaning with the physical world Collapsing Western distinctions between self and an earthly other Halvaksz shows us it is a sense of place grounded in productive relationships between nature and culture that

connects Biangai to one another as placepersons and enables them to navigate global forces amid changing local and regional economies Centering local responses along the frontiers of resource extraction Gardens of Gold contributes to our understanding of how neoliberal economic practices intervene in place based economies and identities **Pot of Gold** Rachael Lonise Hanible,2009-07-22 Pot of Gold is an inspirationally motivated thought provoking collection of poetry that will inspire ignite and motivate you This heart moving journey that includes some of lifes ups and downs gives you a look into the heart of the author You are sure to find yourself in her poetry You will laugh out loud but you will also be moved to tears Some of the poems will make you look at your current problem or situation differently while others will create a mirror that will make you look at yourself differently It is worth the read **Apples of Gold** Thomas Brooks,2023-02-12 Reprint of the original The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost

Scales of Gold Dorothy Dunnett,1999-06-01 With the bravura storytelling and pungent authenticity of detail she brought to her acclaimed Lymond Chronicles Dorothy Dunnett grande dame of the historical novel presents The House of Niccol series The time is the 15th century when intrepid merchants became the new knighthood of Europe Among them none is bolder or more cunning than Nicholas vander Poele of Bruges the good natured dyer s apprentice who schemes and swashbuckles his way to the helm of a mercantile empire The year 1464 finds Nicholas back in Venice Plagued by enemies bent on dissolving his assets and smearing his character he sets sail for Africa legendary location of the Fountain of Youth home to a descendant of Sheba and Solomon and the source of gold in such abundance that men prefer to barter in shells He will learn firsthand the brutality and grandeur of the Dark Continent from the horror of the slave trade to the austere nobility of Islamic Timbuktu He will discover too the charms of the beautiful Gelis van Borselen a woman whose passion for Nicholas is rivaled only by her desire to punish him for his role in her sister s death Erotic and lush with detail Scales of Gold embraces the complexity of the Renaissance where mercantile adventure couples with more personal quests behind the silken curtains of the Age of Discovery **The Wedge of Gold** William Anderson Scott,1855 **Apples of Gold for Young Men and Women: and a Crown of Glory for Old Men and Women** Thomas Brooks,1717 **City of Gold** Gillian Tindall,1992 **The Legend of Gold and Other Stories** Jun Ishikawa,1998-10-01 The four stories and novella translated in this volume represent the best short fiction by Ishikawa Jun 1899 1987 one of the most important modernist writers to appear on the Japanese literary stage during the years before and after World War II Throughout his career Ishikawa resisted the tide of popular opinion to address issues of political and artistic significance and thereby paved the way for a generation of Japanese internationalists and experimentalists including Abe Kobo and Oe Kenzaburo Highly acclaimed and respected in Japan Ishikawa remains little known in the West in part because of the tendency of Western critics and readers of Japanese literature to focus on writers concerned with aesthetic issues Combining a strong interest in politics with a brilliant use of

modernist techniques Ishikawa's work defies easy categorization Banned in 1938 *Mars Song* has been called the finest example of anti war fiction written during Japan's march to war in China and the Pacific In it Ishikawa denounces the chorus of jingoism that swept Japan and via a metafictional tale within a tale he warns against the suicidal destruction to which complicity in warmongering will lead The allegorical *Moon Gems* written in the spring of 1945 further explores the tenuous position of the writer moving against the current in a country not only still at war but very near defeat In *The Legend of Gold* and *The Jesus of the Ruins* both from 1946 Japan has been reduced to a charred wasteland yet Ishikawa envisions destruction as fertile ground for rebirth and resurrection Finally the semi surrealistic novella *The Raptor* plumbs the meanings and possibilities of peace in the post Occupation era William Tyler's eminently readable translations are faithfully expressive of stylistic and tonal nuances in the original works In a perceptive introduction and the critical essays that follow Tyler emphasizes Ishikawa's importance as an anti establishment even resistance writer and argues that the writer's political iconoclasm goes hand in hand with the modanizumu of his literary experimentation *The Legend of Gold* will be of tremendous importance in enlarging a Western understanding of the development of the writer's role as social critic and the evolution of the modernist movement in postwar Japan
