Volume 1 Alfred Thayer Mahan, 2018-08-11 *Sea Power in its Relations to the War of 1812* A. T. Mahan, 2016-08-26 The War of 1812 was a military conflict that lasted from June 18 1812 to February 18 1815 fought between the United States of America and the United Kingdom its North American colonies and its North American Indian allies Historians in the United States and Canada see it as a war in its own right but Europeans often see it as a minor theatre of the Napoleonic Wars By the war s end in early 1815 the key issues had been resolved and peace came with no boundary changes *Sea Power in its Relation to the War of 1812 Volume 1* A. T. Mahan, 2019-09-15 Excerpt The interest of the War of 1812 to Americans has commonly been felt to lie in the brilliant evidence of high professional tone and efficiency reached by their navy as shown by the single ship actions and by the two decisive victories achieved by little squadrons upon the lakes Without in the least overlooking the permanent value of such examples and such traditions to the nation and to the military service which they illustrate it nevertheless appears to the writer that the effect may be even harmful to the people at large if it be permitted to conceal the deeply mortifying condition to which the country was reduced by parsimony in preparation or to obscure the lessons thence to be drawn for practical application now It is perhaps useless to quarrel with the tendency of mankind to turn its eyes from disagreeable subjects and to dwell complacently upon those which minister to self content We mostly read the newspapers in which we find our views reflected and dispense ourselves easily with the less pleasing occupation of seeing them roughly disputed but a writer on a subject of national importance may not thus exempt himself from the unpleasant features of his task Sea Power in Its Relations to the War of 1812: The Winter of 1812-1813. Campaign of 1813 on the lake frontier, to the Battle of Lake Erie. The Campaign of 1813 on the lakes and Northern frontier. The Campaign of 1813 on the lakes and Northern Frontier, after the Battle of Lake Erie. Seaboard maritime operations 1813. Maritime operations external to the waters of the United States, 1813-1814. The Niagara Campaign, and events on the Great Lakes, in 1814. Seaboard operations in 1814. Lake Champlain and New Orleans. T. Mahan,2016-09-18 Alfred Thayer Mahan 1840 1914 was an American naval officer considered one of the most important naval strategists of the nineteenth century In 1885 he was appointed Lecturer in Naval History and Tactics at the US Naval War College and served

as President of the institution between 1886 and 1889 His series of books examining the role of sea power in history influenced the rapid growth of international navies in the period before World War I This two volume study of the Anglo American war of 1812 was first published in 1905 Mahan examines the causes of the conflict arguing that its roots went back to the seventeenth century Although naval battles in the war of 1812 were small scale rather than large fleet actions Mahan shows that they were nevertheless crucial to the outcome Volume 2 covers events on the Atlantic coast and the Canadian frontier

Sea Power in Its Relations to the War of 1812 Alfred Thayer Mahan, 1905 *Sea Power in Its Relations to the War of 1812* Alfred Thayer Mahan, 1968 Excerpt would join heartily in a war They would not however go to war to contest the right of Great Britain to search American vessels for British seamen for it was the general opinion with them that if American seamen were encouraged there would be no need for the employment of foreign seamen 280 Quincy therefore condemned the retaliatory temper of the Administration as shown in the Chesapeake incident by the proclamation excluding British ships of war and in the embargo as a reply to the Orders in Council The oppression of American trade culminating in the Orders was a just cause of war but war was not expedient before a further attempt at negotiation favored by a withdrawal of all retaliatory acts He was willing to concede the exercise of British authority on board American merchantmen on the high seas In the main these were the coincident opinions of Monroe although a Virginian and identified with the opposite party At this time he wrote to Jefferson privately urging a special mission for which he offered his services Our affairs are evidently at a pause and the next step to be taken without an unexpected change seems likely to be the commencement of war with both France and Great Britain unless some expedient consistent with the honor of the Government and Country is adopted to prevent it To Jefferson s rejection of the proposition he replied I have not the hope you seem still to entertain that our differences with either Power will be accommodated under existing 213 arrangements The embargo was not likely to accomplish the desired effect if it did not produce it under the first impression Without evidence of firm and strong union at home nothing favorable to us can be expected abroad and from the symptoms in the Eastern states there is much cause to fear that tranquillity cannot be secured at present by adherence only to the measures which have heretofore been pursued 281 Monroe had already 282 expressed the
