Memoria retórica y experiencia estética. Retórica, Estética y Educación Esther Zarzo, 2016-06-15 La presente investigación se hace cargo del estudio de dos importantes objetos humanísticos con el propósito último de alcanzar a determinar sus mutuas relaciones El primero de ellos la memoria retórica es propio de la mentalidad clásica El segundo el concepto de experiencia eminentemente moderno La historia del arte de la memoria desfallece cuando emerge la historia de la experiencia Sin embargo ambos elementos parecen estar en crisis en la actualidad El arte de la memoria raya la extinción La experiencia por su parte pareciera desintegrarse como multiplicación experimental por su parte pareciera desintegrarse como multiplicación experimental humanísticamente asignificativa Este libro sostiene que existe una relación retroalimentada entre ambos objetos y fundamentada en un elemento común la experiencia del tiempo y su elaboración La conclusión de todo ello dirige la investigación hacia el ámbito educativo La educación estética de la memoria podrá constituir el primer paso hacia la recuperación de la experiencia del tiempo intencional capaz de hacer frente a los efectos humanísticamente desintegradores de este proceso histórico que ha venido a denominarse Era de la Globalización tecnológica
