Gnostic Visions Luke A. Myers, 2011-04-15. Gnostic texts are filled with encounters of strange, otherworldly beings, journeys to visionary heavenly realms, and encounters with the presence and spirit of the divine. In *Gnostic Visions*, author and Gnostic scholar Luke A. Myers presents evidence demonstrating how Gnostic visions were created and the connection these visions have to naturally occurring visionary compounds that are still in existence today. The culmination of more than ten years of research, *Gnostic Visions* advances the understanding of classical ethnobotany, Gnosticism, and the genesis of early Christian history. In this book, the author discusses the prehistoric foundations of early human religion as well as the visionary religious traditions of the classical Greeks and Egyptians. Using these as a foundation, the book presents new and never-before-seen research explaining how Gnostic visions were created and what types of compounds were used by these ancient people to create them. *Gnostic Visions* presents evidence directly linking visionary Ayahuasca analogs with the creation of Gnostic and Hermetic visionary experiences. *Gnostic Visions* also describes the decline of Gnosticism, other visionary practices used in the Dark Ages, and gives a brief tour of the visionary plants of the New World. In *Gnostic Visions*, Myers tells of his personal experience with the divine and includes some of his own reflections on the importance of mankind's relationship to the natural world. He communicates that altered states of consciousness have been responsible for many of the most profound mystical religious experiences in human history.
