Willbanks,2013-01-08 The Vietnam War was one of America s longest bloodiest and most controversial wars This volume examines the complexities of this protracted conflict and explains why the lessons learned in Vietnam are still highly relevant today Vietnam War The Essential Reference Guide provides a compendium of the key people places organizations treaties and events that make up the history of the war explaining its causes how it was conducted and its far reaching consequences Written by recognized authorities this ready reference volume provides essential information all in one place and includes a comprehensive list of additional sources for further study The work presents a detailed chronology that outlines the numerous battles and campaigns throughout the war such as the Tet Offensive the Battle of Hamburger Hill Operation Rolling Thunder and the Battle of Hue Biographies on Lyndon Johnson William Westmoreland Robert McNamara Ngo Dinh Diem and other major political figures and military leaders provide insight into the individuals who played key roles in the conflict while primary source documents such as President Nixon s speech on Vietnamization provide invaluable historical context **Vietnam at War** Phillip B. Davidson,1991 Weaving together the histories of three distinct conflicts Phillip B Davidson follows the entire course of the Vietnam War from the initial French skirmishes in 1946 to the dramatic fall of Saigon nearly thirty years later His connecting thread is North Vietnamese General Vo Nguyen Giap a remarkable figure who with no formal military training fashioned a rag tag militia into one of the world s largest and most formidable armies By focusing on Giap s role throughout the war and by making available for the first time a wealth of recently declassified North Vietnamese documents Davidson offers unprecedented insight into Hanoi s military strategies an insight surpassed only by his inside knowledge of American operations and planning Eminently qualified to write this history Davidson who served as chief intelligence officer under Generals Westmoreland and Abrams tells firsthand the story of our tragic ordeal in Indochina and brings his unique understanding to bear on topics of continuing controversy offering a chilling account for example of when and where the U S considered using nuclear weapons The most comprehensive and authoritative history of the conflict to date Vietnam at War sparkles with a rare immediacy and brings to life in compelling fashion the war that tore America apart We witness the chaos in Saigon when fireworks celebrating the Tet holiday are suddenly transformed into deadly rocket and machine gun fire We sit in on high level meetings where General Westmoreland plans operations or simply engages in some tough headknocking with subordinates And in the end we learn that even the seemingly limitless resources of the U S military could not match the revolutionary grand strategy of the North Vietnamese With its easy movement from intimate memoir to trenchant military analysis from the conference rooms of generals to the battle scarred streets of Hue this is military history at its most gripping A monumental engrossing and unforgettable chronicle Vietnam at War is indispensable for anyone hoping to understand a conflict that still rages in the American psyche **Surviving Vietnam** Bruce Philip Dohrenwend,Nick Turse,Thomas J.

Yager, Melanie M. Wall, 2019 Uniquely using historical material and military records as well as personal interviews and clinical diagnoses *Surviving Vietnam* focuses on veterans war zone experiences and the development in some of PTSD It addresses controversies regarding reported rates of PTSD and the importance of exposure to traumatic events compared with pre war personal vulnerability

They Marched Into Sunlight David Maraniss, 2003 Focuses on a crucial two day battle in Vietnam that was also marked by an ill fated protest by University of Wisconsin students at the Dow Chemical Company in an hour by hour narrative

The Vietnam War James Schmidt, 2018-10-11 *The Vietnam War Why the United States Failed* provides valuable insight into the war that no other author has provided It reveals a highly effective automated battlefield that employed mechanical ambushes in the latter years of the war In order to maintain operational security during the war of this automated battlefield infantry troops in the field kept its use from journalists and out of the media Therefore the public and only a few within the military are aware of how effective it was in Vietnam The commander of one of the most successful infantry companies during the Vietnam War makes a strong case that the war was winnable if God would have provided our leaders the wisdom and creativity to employ the correct tactics *The Vietnam War* explains why the most powerful military in the world failed in the Vietnam War It explains why and how God intervened in both victory and defeat within the war Uncover both the flawed tactics that led to America's defeat and the tactics that would have led to victory if used throughout the war Learn the most important lesson from the Vietnam War and what America must do to prevent another similar defeat *The Vietnam War* provides evidence of the power of Jesus Christ and serves as a warning to America to return to the Bible as its moral compass
