Search For Sanity The Politics Of Nuclear Weapons And Disarmament:

Search for Sanity Paul Joseph, Simon Rosenblum, 1984 The most comprehensive survey of literature on nuclear weapons and disarmament currently available **Bulletin of the Atomic Scientists** ,1985-04 Peace Politics Paul Joseph, 1993 The end of the Cold War promises a new era of global peace in which domestic reform could be achieved Yet armed conflict persists throughout the world Economic inequality declining public services environmental degradation and other forms of domestic decay threaten the quality of life in the U S In *Peace Politics* Paul Joseph develops a systematic comparison of the old and new world orders that links foreign and domestic affairs By examining the issues that are central to any realignment of American politics he offers a sweeping account of the possibilities and obstacles for progressive change over the 1990s Acknowledging that all nations and people have a right to security he argues for a global attack against a broad range of shared threats including human rights violations nuclear devastation poverty and despair politically repressive governments and environmental threats Joseph also addresses the links between the militarism in the U S and deforestation of the Amazon the uncertain victory of the Gulf War the effect of public opinion on security issues the impact of peace movements nuclear weapons policy and the need for a peace dividend Linking war and peace issues with environmental renewal stronger democracy economic justice and citizen activism *Peace Politics* is a rallying cry for rationality genuine security and mutual survival Author note Paul Joseph is Associate Professor of Sociology and Chair of the Anthropology Sociology Department and Peace and Justice Studies Program at Tufts University Understanding the imaginary war Matthew Grant, Benjamin Ziemann, 2016-09-01 This collection offers a fresh interpretation of the Cold War as an imaginary war a conflict that had imaginations of nuclear devastation as one of its main battlegrounds The book includes survey chapters and case studies on Western Europe the USSR Japan and the USA Looking at various strands of intellectual debate and at different media from documentary film to fiction the chapters demonstrate the difficulties to make the unthinkable and unimaginable nuclear apocalypse imaginable The book will be required reading for everyone who wants to understand the cultural dynamics of the Cold War through the angle of its core ingredient nuclear weapons **The Sociology of Terrorism** Michael Blain, 2009 This book is a compilation of previously published studies on the role of culture and language in political violence and terrorism These studies have contributed to a paradigmatic shift in sociological thinking about language and culture in politics particularly in regard to the genesis and dynamics of violence and terrorism Blending ideas derived from Michel Foucault and Kenneth Burke this book is unique in its range of focus from detailed studies of specific cases of violence and terrorism to peace movements in resistance of violence war and terrorism **The Routledge History of World Peace since 1750** Christian Philip Peterson, William M. Knoblach, Michael Loadenthal, 2018-10-10 The *Routledge History of World Peace since 1750* examines the varied and multifaceted scholarship surrounding the topic of peace and engages in a fruitful dialogue about the global history of peace since 1750 Interdisciplinary in nature the book includes contributions from

authors working in fields as diverse as history philosophy literature art sociology and Peace Studies The book crosses the divide between historical inquiry and Peace Studies scholarship with traditional aspects of peace promotion sitting alongside expansive analyses of peace through other lenses including specific regional investigations of the Middle East Africa Latin America and other parts of the world Divided thematically into six parts that are loosely chronological in structure the book offers a broad overview of peace issues such as peacebuilding state building and or conflict resolution in individual countries or regions and indicates the unique challenges of achieving peace from a range of perspectives Global in scope and supported by regional and temporal case studies the volume is an essential resource for educators activists and policymakers involved in promoting peace and curbing violence as well as students and scholars of Peace Studies history and their related fields

Prohibition of Nuclear Weapons: The Relevance of International Law Elliott Meyrowitz, 2025-02-03 The United States is the only nation to have used nuclear weapons in warfare and claims not only through its State Department but through a Congressional vote as late as 1999 that the use of nuclear weapons is lawful Can such a claim with its undeniable assurance of the greatest degree of destruction of life and property this planet will ever have seen be sustained The author investigates this question as a prelude to a more extensive inquiry into the options of legal scholars on the legal status of nuclear weapons and international law Published under the Transnational Publishers imprint

The Demagogue's Playbook Eric A. Posner, 2020-06-30 An analysis of demagogues in American political history and an argument for restoring the constitutional safeguards to protect against them It is hard to imagine understanding the Trump presidency and its significance without reading this book Bob Bauer former Chief Counsel to President Barack Obama A New York Times Book Review Editor's Pick What Happens to Democracy When a Demagogue Comes to Power What and who is a demagogue How did America's Founders envision the presidency What should a constitutional democracy look like and how can it be fixed when it appears to be broken The extraordinary negative reaction to Trump's election by conservative intellectuals liberals Democrats and global leaders alike goes beyond ordinary partisan and policy disagreements It reflected genuine fear about the vitality of our constitutional system The Founders reaching back to classical precedents feared that their experiment in mass self government could produce a demagogue a charismatic ruler who would gain and hold on to power by manipulating the public rather than by advancing the public good President Trump who has played to the mob and attacked institutions from the judiciary to the press appears to embody these ideas How can we move past his rhetoric and maintain faith in our great nation In The Demagogue's Playbook acclaimed legal scholar Eric A Posner offers a blueprint for how America can prevent the rise of another demagogue and protect the features of a democracy that help it thrive and restore national greatness for one and all Cuts through the hyperbole and hysteria that often distorts assessments of our republic particularly at this time Alan Taylor winner of the 2014 Pulitzer Prize for History An important read for anyone concerned about the fate of American democracy Steven Levitsky co author of How Democracies Die

The Atomic Bomb and American Society

Rosemary B. Mariner, G. Kurt Piehler, 2009 Drawing on the latest research on the atomic bomb and its history the contributors to this provocative collection of eighteen essays set out to answer two key questions First how did the atomic bomb a product of unprecedented technological innovation rapid industrial scale manufacturing and unparalleled military deployment shape U S foreign policy the communities of workers who produced it and society as a whole And second how has American society's perception that the the bomb is a means of military deterrence in the Cold War era evolve under the influence of mass media scientists public intellectuals and even the entertainment industry In answering these questions The Atomic Bomb and American Society sheds light on the collaboration of science and the military in creating the bomb the role of women working at Los Alamos the transformation of nuclear physicists into public intellectuals as the reality of the bomb came into widespread consciousness the revolutionary change in military strategy following the invention of the bomb and the development of Cold War ideology the image of the bomb that was conveyed in the popular media and the connection of the bomb to the commemoration of World War II As it illuminates the cultural social political environmental and historical effects of the creation of the atomic bomb this volume contributes to our understanding of how democratic institutions can coexist with a technology that affects everyone even if only a few are empowered to manage it Rosemary B Mariner is formerly Joint Chiefs of Staff Chair and Professor of Military Studies for the National War College She is currently a lecturer in history at the University of Tennessee Knoxville G Kurt Piehler is associate professor of history and former director of the Center for the Study of War and Society at the University of Tennessee Knoxville which hosted the conference that formed the basis of this volume He is the author of Remembering War the American Way and World War II in the American Soldiers Lives Series as well as the coeditor with John Whiteclay Chambers II of Major Problems in American Military History

Reconstructing Strangelove Mick Broderick, 2017-01-03 During his career Stanley Kubrick became renowned for undertaking lengthy and exhaustive research prior to the production of all his films In the lead up to what would eventually become Dr Strangelove 1964 Kubrick read voraciously and amassed a substantial library of works on the nuclear age With rare access to unpublished materials this volume assesses Dr Strangelove's narrative accuracy consulting recently declassified Cold War nuclear policy documents alongside interviews with Kubrick's collaborators It focuses on the myths surrounding the film such as the origins and transformation of the straight script versions into what Kubrick termed a nightmare comedy It assesses Kubrick's account of collaborating with the writers Peter George and Terry Southern against their individual remembrances and material archives Peter Sellers's improvisations are compared to written scripts and daily continuity reports showcasing the actor's brilliant talent and variations

World Constitutionalism Carmo D'Souza, Anthony D'Souza, 2009-03-26 Intellectual quest for World Order is as old as the history of mankind Saints and sages religious visionaries and philosophers from all great civilizations have left their valuable contributions on the peaceful sands of time However much of this wealth has been obliterated by other events of history wherein power might and grandeur were

used as the instruments of exploitation by a section of human beings Time has come to research on the past and on its basis to analyze the present and visualize a future for a just world order In World Constitutionalism over two dozen scholars academicians administrators and leaders of civil society have come together to pen their innovative ideas It is an attempt to carry their vision over national barriers through the realms of Human Rights Environmental Law Feminist Justice Global Democracy and so on In the fast evolving twenty first century World Constitutionalism is already exploding on the global scene in all fields of life as human race finds enlightenment through information and networking revolution technology development and conscious spiritual awakening taking place from East to West World Constitutionalism endeavours to foster scientific study of world governance as a multi disciplinary subject with an added flavour of law to give it special sanctity in the minds of the Peoples of the World The book is an addition to the growing movement for World Unity that presently reechoes round the globe Historical Dictionary of Arms Control and Disarmament Jeffrey A. Larsen,James M.

Smith,2005-03-25 Historical Dictionary of Arms Control and Disarmament also provides information that is comprehensible to all readers Jeffrey A Larsen and James M Smith present a context for the broader range of international relations at a given point in time extending the utility of the dictionary beyond just a narrow examination of arms control BOOK JACKET

By the Bomb's Early Light Paul Boyer,2005-10-21 Originally published in 1985 By the Bomb s Early Light is the first book to explore the cultural fallout in America during the early years of the atomic age Paul Boyer argues that the major aspects of the long running debates about nuclear armament and disarmament developed and took shape soon after the bombing of Hiroshima The book is based on a wide range of sources including cartoons opinion polls radio programs movies literature song lyrics slang and interviews with leading opinion makers of the time Through these materials Boyer shows the surprising and profoundly disturbing ways in which the bomb quickly and totally penetrated the fabric of American life from the chillingly prophetic forecasts of observers like Lewis Mumford to the Hollywood starlet who launched her career as the anatomic bomb In a new preface Boyer discusses recent changes in nuclear politics and attitudes toward the nuclear age

War Stars Howard Bruce Franklin,2008 In this new and expanded edition of an already classic work H Bruce Franklin brings the epic story of the superweapon and the American imagination into the ominous twenty first century demonstrating its continuing importance both to comprehending our current predicament and to finding ways to escape from it Sweeping through two centuries of American culture and military history Franklin traces the evolution of superweapons from Robert Fulton s eighteenth century submarine through the strategic bomber atomic bomb and Star Wars to a twenty first century dominated by weapons of mass destruction real and imagined Interweaving culture science technology and history he shows how and why the American pursuit of the ultimate defensive weapon guaranteed to end all war and bring universal triumph to American ideals has led our nation and the world into an epoch of terror and endless war **Boys Will be Boys** Myriam Miedzian,2002 In this book Miedzian provides a thorough investigation of the numerous factors influencing aggression and

violence in American males In addition she also provides descriptions and proposals for interventions social action and solutions to break the link between masculinity and violence The book is separated into three major parts 1 The Problem The acceptance of violence as a way of life 2 Toward a Solution Raising sons for the twenty first century 3 Conclusions Beyond the masculine mystique Throughout the book Miedzian emphasizes that because males have a high potential for aggression and violence every effort should be made to encourage and model for males those qualities that are counter to violence She illustrates the large extent to which our culture currently and historically encourages qualities and values that increase a male s propensity for violence From a review of the book by Lori A Cillo **Bulletin of the Atomic Scientists** ,1985-12 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world Bulletin of the Atomic Scientists ,1987 *Bulletin of the Atomic Scientists* ,1985-05 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world *Postmodern War* Chris Hables Gray,2013-11-12 Postmodern War poses an urgent challenge to the ways we conceptualize and actually wage war in our high technology age Computerization and artificial intelligence have brought about a revolution in warfare spawning both increasingly powerful weapons and a rhetoric which disguises their apocalyptic potential in catch phrases like smart weapons and bloodless combat Postmodern War examines contemporary practices of war defining and critiquing trendy military doctrines hidden behind phrases like Infowar and Cyberwar the roles of those who manipulate high technology those who are manipulated by it and those who are increasingly merging with it the role of peace activists and socially responsible scientists in countering dangerous assumptions made by a postmodern military Far from opposing technological change however Gray finds new hopes for peace in the twenty first century Provocative and far reaching in its scope the book argues that postmodern war has left us poised between the most dreadful and most utopian of alternatives we may eradicate either the human race or war itself The Ultimate Deterrent William G. Sheperd,Theodora B. Sheperd,1986-12-09 At a time when our national security and defense is being hotly debated this intriguing new book boldly challenges the pivotal concepts underlying much of the arguments on both sides of the debate In a path breaking economic analysis that presents the foundations of true security policy The Ultimate Deterrent argues that both the United States and the Soviet Union are inherently secure from invasion nuclear blackmail or domination by each other According to the author their competitive process is a stable one because they have only limited zones of interest near their own borders making strategic military defense unnecessary and provocative Using economic analysis to define the superpower s true spheres of interest the book develops a new meaning for national interest recognizing the futility of self destructive defense as illustrated by Vietnam and Afghanistan
