**Search Out the Land** Sheldon J. Godfrey, Judith C. Godfrey, 1995-11-16 Mapping the history of Canadian Jews from the arrival of the first settlers before 1750 through to the 1860s Search Out the Land introduces a new set of colourful players on Canada's stage Ezekiel Solomons John Franks Jacob Franks Chapman Abraham Rachel Myers Moses David Samuel Hart Elizabeth Lyons and a host of others now take their appropriate place in Canadian history Focusing on the significant role played by Jews in British North America in the fight for civil and political rights the authors compare the development of Canadians rights with that in other British jurisdictions of the time and set the contribution of Jews within the context of other minority groups including French Catholics Presbyterians Methodists and Quakers Using extensive archival genealogical and legal research the authors prove that settlers other than those of British and French origins were building exploring and developing Canada from its inception **Dictionary Catalog of the Department Library** United States.

Department of the Interior. Library, 1969 **Jewish Sanctuary in the Atlantic World** Barry L. Stiefel, 2014-03-11 A cultural and architectural history of Judaism as it expanded and took root in the Atlantic world Jewish Sanctuary in the Atlantic World is a unique blend of cultural and architectural history that considers Jewish heritage as it expanded among the continents and islands linked by the Atlantic Ocean between the mid fifteenth and early nineteenth centuries Barry L Stiefel achieves a powerful synthesis of material culture research and traditional historical research in his examination of the early modern Jewish diaspora in the New World Through this generously illustrated work Stiefel examines forty six synagogues built in Europe South America the Caribbean Islands colonial and antebellum North America and Gibraltar to discover what liturgies construction methods and architectural styles were transported from the Old World to the New World Some are famous Touro in Newport Rhode Island Bevis Marks in London and Mikve Israel in Cura ao while others had short lived congregations whose buildings were lost The two great traditions of Judaism Sephardic and Ashkenazic found homes in the Atlantic World Examining buildings and congregations that survive Stiefel offers valuable insights on their connections and commonalities If both the congregations and buildings are gone the author re creates them by using modern heritage preservation tools that have expanded the heuristic repertoire tools from such diverse sources as architectural studies archaeology computer modeling and rendering and geographic information systems When combined these bring a richer understanding of the past than incomplete uncertain traditional historical resources Buildings figure as key indicators in Stiefel's analysis of Jewish life and social experience while the author's immersion in the faith and practice of Judaism invigorates every aspect of his work **History of the New World Called America** Edward John Payne, 1892 *Talvi's History of the Colonization of America* Talvj, 1851 *Jewish Emancipation* David Sorkin, 2021-09-14 The first comprehensive history of how Jews became citizens in the modern world For all their unquestionable importance the Holocaust and the founding of the State of Israel now loom so large in modern Jewish history that we have mostly lost sight of the fact that they

are only part of and indeed reactions to the central event of that history emancipation In this book David Sorkin seeks to reorient Jewish history by offering the first comprehensive account in any language of the process by which Jews became citizens with civil and political rights in the modern world Ranging from the mid sixteenth century to the beginning of the twenty first Jewish Emancipation tells the ongoing story of how Jews have gained kept lost and recovered rights in Europe North Africa the Middle East the United States and Israel Emancipation Sorkin shows was not a one time or linear event that began with the Enlightenment or French Revolution and culminated with Jews acquisition of rights in Central Europe in 1867 71 or Russia in 1917 Rather emancipation was and is a complex multidirectional and ambiguous process characterized by deflections and reversals defeats and successes triumphs and tragedies For example American Jews mobilized twice for emancipation in the nineteenth century for political rights and in the twentieth for lost civil rights Similarly Israel itself has struggled from the start to institute equality among its heterogeneous citizens By telling the story of this foundational but neglected event Jewish Emancipation reveals the lost contours of Jewish history over the past half millennium **Talvj's**

Winsor, 1886 **Hegel and the Third World** Teshale Tibebu, 2011-02-02 Hegel more than any other modern Western philosopher produced the most systematic case for the superiority of Western white Protestant bourgeois modernity He established a racially structured ladder of gradation of the peoples of the world putting Germanic people at the top of the racial pyramid people of Asia in the middle and Africans and Indigenous people of the Americas and Pacific Islands at the bottom In Hegel and the Third World Tibebu guides the reader through Hegel's presentation on universalism to argue that such a classification flows in part from Hegel's philosophy of the development of human consciousness Hegel classified Africans as people arrested at the lowest and most immediate stage of consciousness that of the senses Asians as people with divided consciousness that of the understanding and Europeans as people of reason Tibebu demonstrates that Hegel's views were not his alone but reflected the fundamental beliefs of other major figures of Western thought at the time With detailed analysis and thorough research Hegel and the Third World challenges the central idea of Hegel's philosophy of history progress In addition Tibebu succeeds in providing a fascinating critique of the Western philosopher's rationalization of the gradual decline suffered by the people of the Third World in the context of modern world history **Narrative and Critical History of America: The later history of British, Spanish, and Portuguese America. 1889** Justin Winsor, 1889

[c1884* Justin Winsor, 1881 **Singing in a Foreign Land** Karen A. Weisman, 2018-07-19 In Singing in a Foreign Land Karen A Weisman examines the uneasy literary inheritance of British cultural and poetic norms by early nineteenth century Anglo Jewish authors Focusing on a range of subgenres from elegies to pastorals to psalm translations Weisman shows how the writers she studies engaged with the symbolic resources of English poetry such as the land of England itself from which they had been historically alienated Weisman looks at the self-conscious explorations of lyric form by Emma Lyon the elegies for members of the British royal family penned by Hyman Hurwitz the ironic reflections on hybrid identities written by sisters Celia and Marion Moss and the poems of Grace Aguilar that explicitly join lyric effusion to Jewish historical concerns These poets were well versed in both Jewish texts and mainstream literary history and Weisman argues that they model an extreme example of Romantic self-reflexivity they implicitly lament their own inability fully to appropriate inherited Romantic ideals about nature and transcendence even while acknowledging that those ideals are already deeply ironized by such figures as Coleridge Shelley and Wordsworth And because they do not possess a secure history binding them to the landscape of British hearth and home they recognize the need to create in their lyric

poetry a stable narrative of identity within England and within the King's English even as they gesture toward the impossibility and sometimes even the undesirability of doing so. Singing in a Foreign Land reveals how these Anglo Jewish poets caught between their desire to enter the English lyric tradition and their inability as Jews to share in the full religious and cultural Romantic heritage asserted a subtle cultural authority in their poems that recognized an alienation from their own expressive resources.

**The Jews and the Expansion of Europe to the West, 1450-1800** Paolo Bernardini, Norman Fiering, 2004-01-01 Jews and Judaism played a significant role in the history of the expansion of Europe to the west as well as in the history of the economic social and religious development of the New World. They played an important role in the discovery, colonization and eventually exploitation of the resources of the New World. Alone among the European peoples who came to the Americas in the colonial period, Jews were dispersed throughout the hemisphere; indeed they were the only cohesive European ethnic or religious group that lived under both Catholic and Protestant regimes, which makes their study particularly fruitful from a comparative perspective. As distinguished from other religious or ethnic minorities, the Jewish struggle was not only against an overpowering and fierce nature but also against the political regimes that ruled over the various colonies of the Americas and often looked unfavorably upon the establishment and toleration of Jewish communities in their own territory. Jews managed to survive and occasionally to flourish against all odds, and their history in the Americas is one of the more fascinating chapters in the early modern history of European expansion.

*The Shaping of America: A Geographical Perspective on 500 Years of History* D. W. Meinig, 1986-01-01 Volume one examines how an immense diversity of ethnic and religious groups ultimately created a set of distinct regional societies. Volume two emphasizes the flux, uncertainty and unpredictability of the expansion into continental America, showing how a multitude of individuals confronted complex and problematic issues.
