THE EMERGENCE AND NATURE OF HUMAN HISTORY Volume One Joseph Miller,2012-07-29 This book attempts to define the issues that face us in trying to understand the often overwhelming complexity of the human experience It is intellectually challenging broad in its scope richly detailed and densely argued It is the first in a projected series of five volumes in which the author will seek to touch on every aspect of human historical reality and all the multitudinous variables that have shaped it **The Martha Beale Mysteries Volume One** Cordelia Frances Biddle,2018-07-17 Three mysteries set in nineteenth century Philadelphia From elegant drawing rooms to tragic slums an heiress investigates a string of shocking crimes The first three instalments in the acclaimed Martha Beale Mystery series are a feast for those fans who enjoy

engaging characters and readers who loved Caleb Carr's attention to detail in *The Alienist* and Jacqueline Winspear's appealing sleuth Maisie Dobbs. *The Philadelphia Inquirer* The Conjurer When Martha's father disappears from the family's country estate she begins an investigation that takes her from the pinnacle of society abuzz with the arrival of a European conjurer who communicates with the dead to the city's poorest neighborhoods where a killer is targeting prostitutes. Biddle wonderfully evokes the color and culture of the time. Publishers Weekly Deception's Daughter Now the guardian of two young children Martha returns to Philadelphia to find it torn apart by the disappearance of a young heiress and a succession of unsolved robberies. Martha acts as liaison between the mayor's aide and the missing girl's parents but the investigation takes a darker turn as rich and poor alike face a deadly threat. A good read skillfully evokes the elegant society salons and grubby streets of 1842 Philadelphia. *Philadelphia Magazine* Without Fear When a mill worker's corpse is found on an estate outside Philadelphia Martha joins the investigation. But a friend also needs help escaping her abusive socialite husband. As Martha navigates the growing divide between classes she comes face to face with an evil that touches everyone including her own adopted daughter. The setting is unfolded as vividly as the characters. A fine mix of history and mystery. Booklist

[The World of Tiers Volume One](#) Philip José Farmer, 2017-08-08 The first three adventures set in the amazing realm created by the Hugo Award winning author of *Riverworld* and an excellent science fiction writer Isaac Asimov. His past a mystery and his present unbearably mundane Robert Wolff is simply trying to buy a new house in Arizona when he stumbles upon a secret doorway through space and time and enters the World of Tiers. Made up of ascending levels of jungles, plains, medieval cities and at the top a Garden of Eden and populated by fantastical creatures from nymphs and centaurs to merpeople and strange amalgams nonexistent on Earth it's beyond anything Wolff could have imagined in his previous humdrum existence. And when his youth is restored in the bargain it seems he's truly found paradise. But there are dark forces in this new world and Wolff is plunged into an epic quest up through the tiers accompanied by Paul Janus Finnegan, another earthling now known as Kickaha. Wolff's journey to find Jadawin, the Lord of this world, will lead to answers about his own identity and determine his fate. Wolff and Kickaha will face off against feuding Lords who hold the power to control private worlds of their own design and the depraved Bellers. Devices originally created in the biolabs of the Lords, the Bellers are now conscious entities waging war on the Lords and their pocket universes. As they infiltrate the bodies of creatures throughout the World of Tiers and hunt down the Earth-born, the survival of all the worlds hinges upon the battle between the strangers from Earth and enemies disguised as their allies. This omnibus contains the author's preferred text reprinted from the limited edition volumes published by Phantasia Press.
