The Search for the Etruscans James Wellard, 1973 *Mentors to the Romans* Richard M. Bongiovanni, Robert A. Bongiovanni, 2004 The Etruscans were the highly advanced civilization in Italy that precedes the Romans Most authors gloss over the origins of the Etruscans The author has researched the archeological and linguistic evidence of the Mediterranean and the Near East back to 6000 B C He compares this to the written history of the Etruscans and reaches some interesting new conclusions as to their origins This is followed by a description of the Etruscan cities culture and the art found in their tombs By researching the ancient authors daily life is explained in vivid detail Government and religion are compared to the Romans who inherited these from the Etruscans Finally chronological tables and maps show the relationship of the different cultures in the Italian Peninsula and the Mediterranean back to 6000 B C **In Search of the Romans** James Renshaw, 2012-01-01 Describes the history of Rome from its founding in the eighth century BCE to the fall of the Roman Empire in the fifth century CE **In Search of Aeneas** Anthony Adolph, 2023-10-15 The epic story of Aeneas takes place at the time of the fall of Troy and the rise of Rome but was Aeneas in fact a real person In Search of Aeneas opens a fresh window onto the ancient world for all students of general history Uncovering the Past William H. Stiebing, 1994 This study focuses on the development of archaeology as a discipline tracing the milestones in the evolution of systematic excavation It covers the entire history of archaeology from the heroic age 1450 1925 to the advanced stages of archaeology beg **Aztec Treasure House** Evan S. an experienced Spartan officer to command it During the Second Punic War they obtained a series of stunning victories over the Romans under the brilliant leadership of their own Hannibal Barca marauding through Italy for some fifteen years Gabriele Esposito reconstructs the history organization and weapons of the Carthaginian military forces across the Punic Wars 264 146 BC The weapons armor and tactics of each of the various ethnic components is analyzed and the accessible text is supported by dozens of excellent color photographs showing replica equipment in use
