Searching for Augusta Martin King, 2017-09-01 A brutal siege A forgotten heroine A war torn romance And a historian determined to uncover the truth Untold millions who saw and read Band of Brothers can finally know the whole story of what happened to American soldiers and civilians in Bastogne during that arduous Winter of 1944 45 In the television version of Band of Brothers a passing reference is made to an African nurse assisting in an aid station in Bastogne When military historian Martin King watched the episode he had to know who that woman was thus began a multi year odyssey that revealed the horror of a town under siege as well as an improbable love story between a white Army medic Jack Prior and his black nurse Augusta Chiwy as they saved countless lives while under constant bombardment Based on the recent discovery of Prior s diary as well as an exhaustive and occasionally futile search for Augusta herself King was at last able to bring belated recognition of Augusta s incredible story by both the U S Army and Belgian government shortly before she died This is not only a little known story of the Battle of the Bulge but also the author s own relentless mission to locate Augusta and bestow upon her the honors she so richly deserved Proceedings United States. Searching for a Demon Steven M. Chermak, 2002 This provocative volume thoroughly examines the ways in which the media demonized militia groups following the devastating bombing of the Alfred F Murrah building in Oklahoma City Using quantitative and qualitative research methods Steven M Chermak offers a fresh perspective on how news coverage and popular entertainment transformed a largely overlooked movement into a symbol for this new threat of domestic terrorism and ignited a national panic over the militia menace Searching for a Demon describes the representation of the militia movement in the news media editorial cartoons films and television Chermak delves into such topics as the type and amount of coverage after the blast how social problems are constructed in the news the motivations and biases of authoritative or celebrity figures used as news sources and why images of militias were framed in specific ways Chermak balances his account with an in depth look at the philosophies activities and strategies of militia groups Drawing on extensive interviews he conducted at gun shows and preparedness exhibitions the author compares and contrasts media depictions of militia life and ideology with the firsthand accounts of members and leaders themselves and he assesses how media coverage affected changes in the movement In conclusion Chermak discusses the parallels between media treatment of militias in the wake of the Oklahoma City bombing and the coverage of the al Qaeda terrorist network after the September 11 2001 attacks Solidly grounded in social constructionist theory Searching for a Demon fills a significant gap in the literature on terrorism as well as on the roles of the news media and popular culture in reshaping the public consciousness after dramatic crimes
