Searching for Their Places Thomas H. Emily's journey was one of remarkable personal change as the rigors of frontier life shaped her into a uniquely self-reliant southern woman one who fulfilled the role of the plantation mistress while taking a distinct hand in ambitious public ventures. Despite her ties to influential family members including her brother Stephen F. Austin, Emily's determined spirit allowed her to live on her own terms. In all of her notable activities, Emily principally remained a devoted daughter, sister, wife, and mother who proudly clung to her Austin roots. Utilizing her family's written correspondence, Cummins provides insight into Emily's multifaceted personality and the relationships that sustained her through times of tribulation and triumph. Emily was very much her own woman with strong, well-articulated personal feelings centered on a steely personality. Her rock-solid resolve for action enabled her to survive almost six decades of frontier hardship. Above all else, Emily Austin was the touchstone at the center of an extended family that provided a common point of reference for four generations.

Winnie Davis Heath Hardage Lee, 2014-04-15. Varina Anne Winnie Davis was born into a war-torn South in June of 1864, the youngest daughter of Confederate President Jefferson Davis and his second wife Varina Howell Davis. Born only a month after the death of beloved Confederate hero General J. E. B. Stuart during a string of Confederate victories, Winnie's birth was hailed as a blessing by war-weary Southerners. They felt her arrival was a good omen signifying future victory. But after the Confederacy's ultimate defeat in the Civil War, Winnie would spend her early life as a genteel refugee and a European expatriate abroad. After returning to the South from German boarding school, Winnie was christened the Daughter of the Confederacy in 1886. This role was bestowed upon her by a Southern culture trying to sublimate its war losses. Particularly idolized by Confederate Veterans and the United Daughters of the Confederacy, Winnie became an icon of the Lost Cause, eclipsing even her father Jefferson in popularity. Winnie Davis, Daughter of the Lost Cause, is the first published biography of this little-known woman who unwittingly became the symbolic female figure of the defeated South. Her controversial engagement in 1890 to a Northerner lawyer whose grandfather was a famous abolitionist and her later move to work as a writer in New York City shocked her friends, family, and the Southern groups who worshipped her. Faced with the pressures of a community who violently rejected the match, Winnie desperately attempted to reconcile her prominent Old South history with her personal desire for tolerance and acceptance of her personal choices.

Entering the Fray Jonathan Daniel Wells, Sheila R. Phipps, 2009-12-01. The study of the New South has in recent decades been greatly enriched by research into gender, reshaping our understanding of the struggle for woman suffrage, the conflicted nature of race and class in the South, the complex story of politics and the role of family and motherhood in black and white society. This book brings together nine essays that examine the importance of gender, race, and culture in the New South, offering a rich and varied analysis of the multifaceted role of gender in the lives of black and white southerners in the troubled decades of the late nineteenth and early twentieth centuries. Ranging widely from conservative activism by white women in the 1920s in Georgia to political involvement by black women in the 1950s in Memphis, many of these essays focus on southern women's increasing public

activities and high profile images in the twentieth century They tell how women shouldered responsibilities for local national and international interests but just as nineteenth century women s status could be at risk from too much public presence women of the New South stepped gingerly into the public arena taking care to work within what they considered their current gender limitations The authors both established and up and coming scholars take on subjects that reflect wide ranging sophisticated and diverse scholarship on black and white women in the New South They include the efforts of female Home Demonstration Agents to defeat debilitating diseases in rural Florida and the increasing participation of women in historic preservation at Monticello They also reflect unique personal stories as diverse as lobbyist Kathryn Dunaway s efforts to defeat the Equal Rights Amendment in Georgia and Susan Smith s depiction by the national media as a racist southerner during coverage of her children s deaths Taken together these nine essays contribute to the picture of women increasing their movement into political and economic life while all too often still maintaining their gendered place as determined by society Their rich insights provide new ways to consider the meaning and role of gender in the post Civil War South

Louisiana Women Janet Allured, Judith F. Gentry, 2009 Moving chronologically from the colonial period to the present this collection of seventeen biographical essays

provides a window into the social cultural and geographic milieu of women's lives in the state. Within the context of the historical forces that have shaped Louisiana, the contributors look at ways in which the women they profile either abided by prevailing gender norms or negotiated new models of behavior for themselves and other women. Louisiana Women concludes with an essay that examines women's active responses to problems that emerged in New Orleans after Hurricane Katrina. The women whose absorbing life stories are collected here include Marie Therese Coincoin who was born a slave but later became a successful entrepreneur and Oretha Castle Haley civil rights activist and leader of the New Orleans chapter of CORE. From such well known figures as author Kate Chopin and Voodoo priestess Marie Laveau to lesser known women such as Cajun musician Cleoma Breaux Falcon, this volume reveals a compelling cross section of historical figures. The women profiled vary by race, class, political affiliation and religious persuasion but they all share an unusual grit and determination that allowed them to turn trying circumstances into opportunity. Lively yet rigorous, these essays introduce readers to the courageous, dedicated and inventive women who have been an essential part of Louisiana's history. Historical figures included Marie Therese Coincoin, The Baroness Pontalba, Marie Laveau, Sarah Katherine Kate Stone, Eliza Jane Nicholson, Kate Chopin, Grace King, Louisa Williams Robinson, Her Daughters and Her Granddaughters, Clementine Hunter, Dorothy Dix, True Methodist Women, Cleoma Breaux Falcon, Caroline Dormon, Mary Land Rowena, Spencer Oretha Castle Haley, Louisiana Women and Hurricane Katrina.

School Clothes Jarvis R. Givens, 2023-02-07. A chorus of Black student voices that renders a new story of US education, one where racial barriers and violence are confronted by freedom dreaming and resistance. Black students were forced to live and learn on the Black side of the color line for centuries through the time of slavery, Emancipation and the Jim Crow era. And for just as long, even through to today, Black students have been seen as a problem and a seemingly troubled population in America's public imagination. Through over one hundred firsthand accounts from the nineteenth and twentieth centuries, Professor Jarvis Givens offers a powerful counter narrative in *School Clothes* to challenge such dated and prejudiced storylines. He details the educational lives of writers such as Zora Neale Hurston and Ralph Ellison, political leaders like Mary McLeod Bethune, Malcolm X and Angela Davis, and Black students whose names are largely unknown but who left their marks nonetheless. Givens blends this multitude of individual voices into a single narrative, a collective memoir to reveal a through line shared across time and circumstance, a story of African American youth learning to battle the violent condemnation of Black life and imposed miseducation meant to quell their resistance. *School Clothes* elevates a legacy in which Black students are more than the sum of their suffering. By peeling back the layers of history, Givens unveils in high relief a distinct student body: Black learners.

shaped not only by their shared vulnerability but also their triumphs fortitude and collective strivings
