Never Look a Polar Bear in the Eye
Zac Unger, 2013-01-29 In this humorous mix of travelogue and memoir a writer temporarily moves his California family north to Canada's Polar Bear Capital of the World Welcome to Churchill Manitoba Year round human population 943 Yet despite the isolation and the searing cold here at the arctic's edge visitors from around the globe flock to the town every fall driven by a single purpose to see polar bears in the wild Churchill is The Polar Bear Capital of the World And for one unforgettable bear season Zac Unger his wife and his three children moved from Oakland California to make it their temporary home But they soon discovered that it's really the polar bears who are at home in Churchill roaming past the coffee shop on the main drag peering into garbage cans scratching their backs against fence posts and front doorways Where kids in other towns receive admonitions about talking to strangers Churchill schoolchildren get Let's All Be Bear Aware booklets to bring home Lesson number 8 Never explore bad smelling areas Zac Unger takes readers on a spirited and often wildly funny journey to a place as unique as it is remote a place where natives tourists scientists conservationists and the most ferocious predators on the planet converge In the process he becomes embroiled in the controversy surrounding polar bear science and finds out

that some of what we've been led to believe about the bears imminent extinction may not be quite the case But mostly what he learns is about human behavior in extreme situations and also why you should never even think of looking a polar bear in the eye *Cow Trail* Colleen "Keke" Black, 2020-10-27 The minute Jason saw the new boy at school he knew he was a kindred kicker He was long and lanky and Jason knew it was as hard for him to find Wranglers to fit as it was for Jason He made his way to him stuck out his hand and said Hi I'm Jason Kelly The new boy took Jason's hand with a firm grip and said Steve Vickers I'm glad to meet you That was the beginning of a friendship filled with adventures fun and sometimes sadness Jason was elated when Steve shared the news that his parents had leased some acreage complete with a windmill and an old ranch house We'll be moving our cattle in soon and I'll be taking care of them for the summer Would you like to help me Things were going well until the boys realized someone or something was stealing their food Every effort was made to catch the thief but to no avail until one day they found a young Mexican American boy sleeping in the feed house No send back the boy pleaded I'm American I help people God tell me *Cow Trail* is not only the story of teenage boys as they experience trails and victories of a ranching life but also how God can take a tragedy and turn it into something good *In the Valleys of the Noble Beyond* John Zada, 2019-07-02 A journalist travels through British Columbia exploring one of the world's most baffling mysteries the existence of the Sasquatch On the central and north coast of British Columbia the Great Bear Rainforest is the largest intact temperate rainforest in the world containing more organic matter than any other terrestrial ecosystem on the planet The area plays host to a wide range of species from thousand year old western cedars to humpback whales to iconic white Spirit bears According to local residents another giant is said to live in these woods For centuries people have reported encounters with the Sasquatch a species of hairy bipedal man apes said to inhabit the deepest recesses of this pristine wilderness Driven by his own childhood obsession with the creatures John Zada decides to seek out the diverse inhabitants of this rugged and far flung coast where nearly everyone has a story to tell from a scientist who dedicated his life to researching the Sasquatch to members of the area's First Nations to a former grizzly bear hunter turned nature tour guide With each tale Zada discovers that his search for the Sasquatch is a quest for something infinitely more complex cutting across questions of human perception scientific inquiry indigenous traditions the environment and the power and desire of the human imagination to believe in or reject something largely unseen Teeming with gorgeous nature writing and a driving narrative that takes us through the forests and into the valleys of a remote and seldom visited region *In the Valleys of the Noble Beyond* sheds light on what our decades long pursuit of the Sasquatch can tell us about ourselves and invites us to welcome wonder for the unknown back into our lives Praise for *In the Valleys of the Noble Beyond* Books on supernatural phenomena typically steer one of two courses tabloid gullibility or mean spirited debunkery Zada deftly tightropes between the two *In the Valleys of the Noble Beyond* is not really about sasquatch It is about how we see what we want to see and don't see what we're not prepared to see A quirky and oddly captivating tale Eric Weiner Washington Post An adventure story in
