Sebastian And Friends:

Sebastian's Journey David Martin Guyette MD,2023-04-11 The Roaring Twenties are Sebastian's playground until his mother informs him that bad investments have bankrupted the family He must leave his fiancé and sail to Germany to do what he can He arrives broke and riding a bicycle Marlene who wasn't told her father had sold their failing machine shop to keep the town employed and who runs the family business assumes Sebastian is another useless consultant She hands him an apron points to a lathe and puts him to work Marlene's father agrees to Sebastian's secret Sebastian falls in love with Marlene's beauty confidence and dedication to others He reluctantly agrees to accompany her to a Hitler rally and then leaves for Spain where he meets Concetta a humanitarian spearheading the movement to defend democracy She is resolutely bold ahead of her time and just what Sebastian needs to find himself They take on Franco's invasion Franco crosses the border with thirty thousand soldiers Concetta and Sebastian join five hundred thousand patriots fighting to keep Spain free They anticipate victory As Sebastian risks his life he discovers that all of Europe would not be heading for war if it weren't for the actions of one man who is neither Adolf Hitler nor Benito Mussolini What Sebastian learns is as appropriate today as it was then Sebastian's Journey is not just about those we thank for past leadership it is about us [A Grammar of Murder](#)

Beneath the Surface of Things Wade Davis, 2024-04-30 Wade Davis is a true wayfinder and these essays offer new insight into his visionary approach to culture landscape and the planet he loves as fiercely as any writer working today John Vaillant author of Fire Weather A timely and eclectic collection from one of the foremost thinkers of our time a powerful penetrating and immensely knowledgeable writer The Guardian The essays in this collection came about during the unhurried months when one who had traveled incessantly was obliged to stay still even as events flared on all sides in a world that never stops moving Wade Davis brings his unique cultural perspective to such varied topics as the demonization of coca the sacred plant of the Inca the Great War and the birth of modernity the British conquest of Everest the endless conflict in the Middle East reaching beyond climate fear and trepidation on the meaning of the sacred His essay The Unraveling of America first published in Rolling Stone attracted five million readers and generated 362 million social media impressions Media interest in the story was sustained over many weeks with interview requests coming in from 23 countries The anthropological lens as Davis demonstrates reveals what lies beneath the surface of things allowing us to see and to seek the wisdom of the middle way a perspective of promise and hope that all of the essays in this collection aspire to convey Wade Davis has a gift for saying the unsayable He is a fearless explorer in the intellectual world as in the physical His refusal to embrace conventional wisdom on climate change for example and instead think through the issue for himself is a model of independent thinking Even when I disagree with Wade as with some of his bleak comments about the United States I am grateful for his voice We usually live on the surface of ideas when we talk about issues such as war and racism Wade takes us far deeper David Ignatius columnist and associate editor Washington Post
