

Sexual Suicide

**Jerrold S. Greenberg, Clint E.
Bruess, Sarah C. Conklin**

Sexual Suicide:

Sexual Suicide George F. Gilder, 1973 *Sexual Suicide* George F. Gilder, 1974 *Nostalgia and Sexual Difference* (RLE Feminist Theory) Janice Doane, DEVON HODGES, 2013-05-20 Dissatisfaction with the present can cause people to gaze nostalgically back to an idealized past that nostalgia pervades contemporary rhetoric In lamenting the degeneracy of present day America social and literary critics as well as contemporary novelists often choose as their scapegoat the women s movement and its increasing influence Doane and Hodges show us how these social observers seek to reinstate America and American values in ways that overtly or covertly do battle with the feminist movement for control of rhetoric the power of language *Prince and the Parade and Sign O' The Times Era Studio Sessions* Duane Tudahl, 2021-06-10 Will command the rapt attention of casual fans and scholars alike Booklist Starred Review From Prince s superstardom to studio seclusion this second book in the award winning Prince Studio Sessions series spotlights how Prince the biggest rock star on the planet at the time risked everything to create some of the most introspective music of his four decade career Duane Tudahl takes us on an emotional and intimate journey of love loss rivalry and renewal revealed through unprecedented access to dozens of musicians singers studio engineers and others who worked with him and knew him best with never before published memories from the Revolution the Time the Family and Apollonia 6 Also included is a heartfelt foreword by musical legend Elton John about his time and friendship with Prince **The Female Body and the Law** Zillah R. Eisenstein, 2024-06-04 The Female Body and the Law provides an original and incisive reexamination of the dynamics of sexual equality Eisenstein contends that sexual inequality is fostered both by the law and by the insistence that men and women are biologically different Through a fascinating discussion of a series of issues including affirmative action AIDS Baby M pornography and abortion Eisenstein shows how the law operates as a political language that establishes and curtails choices and actions This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990 **Sex Role Attitudes and Cultural Change** I. Gross, J. Downing, A. D'Heurle, 2012-12-06 The initial impetus for this volume was the occasion of the World Congress for Mental Health held in Vancouver British Columbia in 1977 The theme of that congress was priorities in mental health The keynote speaker Mrs Rosalynn Carter wife of the then President of the United States focused attention on the necessity for an international perspective in understanding priorities for mental health Without exception subsequent speakers echoed the sentiments Mrs Carter expressed that the first priority for mental health was that of children For many participants the concern for children was translated not only into techniques for treatment but more importantly into broadening the approaches to prevention One theme emerged which has begun to be addressed around the world that of the cultural and developmental implications of sex role stereotyping for mental health

This topic proved to be the touchstone for many issues related both directly and indirectly to mental health. Among the most prominent concerns expressed were those for the effects on careers, the learning environment, and relations between the sexes, which stem from stereotyped attitudes concerning appropriate sex role behavior. The consensus of the participants was to urge the directorate of the congress to continue this topic at the next World Congress. This was a particularly appropriate content for the next World Congress since 1979 was the International Year of the Child.

Impotence Angus McLaren, 2008-09-15. As anyone who has watched television in recent years can attest, we live in the age of Viagra. From Bob Dole to Mike Ditka to late night comedians, our culture has been engaged in one long, frank and very public talk about impotence and our newfound pharmaceutical solutions. But as Angus McLaren shows us in *Impotence*, the first cultural history of the subject, the failure of men to rise to the occasion has been a recurrent topic since the dawn of human culture. Drawing on a dazzling range of sources from across centuries, McLaren demonstrates how male sexuality was constructed around the idea of potency from times past when it was essential for the purpose of siring children to today when successful sex is viewed as a component of a healthy emotional life. Along the way, *Impotence* enlightens and fascinates with tales of sexual failure and its remedies: for example, had Ditka lived in ancient Mesopotamia, he might have recited spells while eating roots and plants rather than pills and explanations, which over the years have included witchcraft, shell shock, masturbation, feminism, and the Oedipal complex. McLaren also explores the surprising political and social effects of impotence from the revolutionary unrest fueled by Louis XVI's failure to consummate his marriage to the boost given the fledgling American republic by George Washington's failure to found a dynasty. Each age McLaren shows turns impotence to its own purposes, using it to help define what is normal and healthy for men, their relationships, and society. From marriage manuals to metrosexuals, from Renaissance Italy to Hollywood movies, *Impotence* is a serious but highly entertaining examination of a problem that humanity has simultaneously regarded as life's greatest tragedy and its greatest joke.

Pornography, Sex Work, and Hate Speech Karen Maschke, 2024-11-01. Multidisciplinary focus. Surveying many disciplines, this anthology brings together an outstanding selection of scholarly articles that examine the profound impact of law on the lives of women in the United States. The themes addressed include the historical, political, and social contexts of legal issues that have affected women's struggles to obtain equal treatment under the law. The articles are drawn from journals in law, political science, history, women's studies, philosophy, and education and represent some of the most interesting writing on the subject. The law in theory and practice. Many of the articles bring race, social, and economic factors into their analyses, observing, for example, that black women, poor women, and single mothers are treated by the wielders of the power of the law differently than middle-class white women. Other topics covered include the evolution of women's legal status, reproduction rights, sexuality, and family issues, equal employment and educational opportunities, domestic violence, pornography, and sexual exploitation, hate speech, and feminist legal thought. A valuable research and classroom aid, this series provides in depth

coverage of specific legal issues and takes into account the major legal changes and policies that have had an impact on the lives of American women Exploring the Dimensions of Human Sexuality Jerrold S. Greenberg, Clint E. Bruess, Sarah C. Conklin, 2007 Exploring The Dimensions Of Human Sexuality Third Edition Has Been Extensively Updated To Include Information And Statistics About Recent Developments This Text Continues To Encourage Students To Explore The Varied Dimensions Of Sexuality And To See How Each Affects Their Personal Sexuality Sexual Health And Sexual Responsibility All Aspects Of Sexuality Biological Spiritual Psychological And Sociocultural Are Presented Factually And Impartially

Women's Liberation! Alix Kates Shulman, Honor Moore, 2021-02-16 Two pioneering feminists present a groundbreaking collection recovering a generation's revolutionary insights for today When Betty Friedan published *The Feminine Mystique* in 1963 the book exploded into women's consciousness Before the decade was out what had begun as a campaign for women's civil rights transformed into a diverse and revolutionary movement for freedom and social justice that challenged many aspects of everyday life long accepted as fixed work birth control and abortion childcare and housework gender class and race art and literature sexuality and identity rape and domestic violence sexual harassment pornography and more This was the women's liberation movement and writing powerful personal and prophetic was its beating heart Fifty years on in the age of MeToo and Black Lives Matter this visionary and radical writing is as relevant and urgently needed as ever ready to inspire a new generation of feminists Activists and writers Alix Kates Shulman and Honor Moore have gathered an unprecedented collection of works many long out of print and hard to find that catalyzed and propelled the women's liberation movement Ranging from Friedan's *Feminine Mystique* to Backlash Susan Faludi's Reagan era requiem and framed by Shulman and Moore with an introduction and headnotes that provide historical and personal context the anthology reveals the crucial role of Black feminists and other women of color in a decades long mass movement that not only brought about fundamental changes in American life changes too often taken for granted today but envisioned a thoroughgoing revolution in society and consciousness still to be achieved *Kiss and Tell* Julia A. Ericksen, Sally A. Steffen, 2001-12-28 Learning the details of others sex lives is the most enticing of guilty pleasures We measure our own practices against the normalcy that sex surveys seek to capture Special interest groups use or attack survey findings such as the claim that 10% of Americans are gay for their own ends Indeed we all have some stake in these surveys be it self justification recrimination or curiosity and this testifies to their significance in our culture *Kiss and Tell* chronicles the history of sex surveys in the United States over a century of changing social and sexual mores Julia Ericksen and Sally Steffen reveal that the survey questions asked more than the answers elicited expose and shape the popular image of appropriate sexuality We can learn as much about the history and practice of sexuality by looking at surveyors changing concerns as we can by reading the results of their surveys The authors show how surveys have reflected societal anxieties about adolescent development teen sex and promiscuity and AIDS and have been employed in efforts to preserve marriage and to control women's sexuality *Kiss and Tell* is an important

examination of the role of social science in shaping American sexual patterns Revealing how surveys of sexual behavior help create the issues they purport merely to describe it reminds us how malleable and imperfect our knowledge of sexual behavior is The African-American Woman's Guide to Great Sex, Happiness & Martial Bliss Jel D. Lewis Jones,2003 The author gives great relationship tips and advice in the more than 30 informative chapters such as Enhance Your Sex Appeal Communicating In Lovemaking Thirteen Secrets To Sizzling Passion and 72 Ways to Love Your Lover **States Without Nations** Jacqueline Stevens,2009-11-17 As citizens we hold certain truths to be self evident that the rights to own land marry inherit property and especially to assume birthright citizenship should be guaranteed by the state The laws promoting these rights appear not only to preserve our liberty but to guarantee society remains just Yet considering how much violence and inequality results from these legal mandates Jacqueline Stevens asks whether we might be making the wrong assumptions Would a world without such laws be more just Arguing that the core laws of the nation state are more about a fear of death than a desire for freedom Jacqueline Stevens imagines a world in which birthright citizenship family inheritance state sanctioned marriage and private land ownership are eliminated Would chaos be the result Drawing on political theory and history and incorporating contemporary social and economic data she brilliantly critiques our sentimental attachments to birthright citizenship inheritance and marriage and highlights their harmful outcomes including war global apartheid destitution family misery and environmental damage It might be hard to imagine countries without the rules of membership and ownership that have come to define them but as Stevens shows conjuring new ways of reconciling our laws with the condition of mortality reveals the flaws of our present institutions and inspires hope for moving beyond them **Routledge Library Editions: Feminist Theory** Various,2021-08-07 Routledge Library Editions Feminist Theory brings together as one set or individual volumes a series of previously out of print classics from a variety of academic imprints With titles ranging from The Liberation of Women to Feminists and State Welfare from Married to the Job to Julia Kristeva this set provides in one place a wealth of important reference sources from the diverse field of gender studies Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1975 **Civilizing Sex** Patrick Riley,2016-10-06 A fascinating account of the role of sex as a civilizing force in the west this lucid and compelling book contends that keeping sex within marriage is essential for the well being of any society Riley explores the Judaeo Christian tradition on marriage and sexuality and shows how marriage came to contain the force of sexuality harnessing its energies to serve both the family and the wider community He argues that the idea that sex is entirely a private issue is an error with potentially disastrous consequences both for the individual and for society **Sexuality and Serious Mental Illness** Peter F Buckley,2013-05-13 Reflecting current understanding of the complexities of sexual activity among persons with chronic mental illness the text draws upon the collective wisdom and experience of experts from a variety of settings Clinicians advocates consumers researchers legal experts and administrators all contribute to document the concerns about sexual behavior and the consequent health risks

for this at risk population The research presented here is particularly timely in view of recent emphases on patient choice recovery and advocacy and can be used to provide guidance to clinicians mental health administrators policymakers advocates and researchers

Disorders of Desire Janice M. Irvine, 2005 *Disorders of Desire* is the only book to tell the story of the development and impact of sexology the scientific study of sex in the United States In this era of sex scandals culture wars Sex in the City and new sexual enhancement technologies like erectile dysfunction drugs its critique of sexology is even more relevant than it was when the book was first published in 1990 This revised and expanded edition features new chapters addressing LI The diagnosis of sex addiction in the 1970s and its social and political implications LI UL LI New developments within the field of sexology including the Viagra Revolution that began in the 1990s LI UL LI The pharmaceutical industry's role in the development of sexual enhancements and the search for the female equivalent of Viagra LI UL

Class Divide Howard Gillette, Jr., 2015-05-21 Members of the Yale College class of 1964 the first class to matriculate in the 1960s were poised to take up the positions of leadership that typically followed an Ivy League education Their mission gained special urgency from the inspiration of John F Kennedy's presidency and the civil rights movement as it moved north Ultimately these men proved successful in traditional terms in the professions in politics and in philanthropy and yet something was different Challenged by the issues that would define a new era their lives took a number of unexpected turns Instead of confirming the triumphal perspective they grew up with in the years after World War II they embraced new and often conflicting ideas In the process the group splintered In *Class Divide* Howard Gillette Jr draws particularly on more than one hundred interviews with representative members of the Yale class of 64 to examine how they were challenged by the issues that would define the 1960s civil rights the power of the state at home and abroad sexual mores and personal liberty religious faith and social responsibility Among those whose life courses Gillette follows from their formative years in college through the years after graduation are the politicians Joe Lieberman and John Ashcroft the Harvard humanities professor Stephen Greenblatt the environmental leader Gus Speth and the civil rights activist Stephen Bingham Although their Ivy League education gave them access to positions in the national elite the members of Yale 64 nonetheless were too divided to be part of a unified leadership class Try as they might they found it impossible to shape a new consensus to replace the one that was undone in their college years and early adulthood

Antifeminism in America Gillian Swanson, 2013-09-13 The documents in this paperback inform the reader's understanding and appreciation of the social and political context of opposition in which the advocates of women's rights labored from 1848 to 1996 Arranged in six parts by historical periods these original articles from mainstream magazines specialized and academic journals and books display the tone and substance of opposition to women's rights as it appeared in popular literature The selections reflect the public campaign fought in the popular press of opponents to the fundamental goal of all aspects of movement for women's rights to challenge the gender system by advocating equality for women

Discover tales of courage and bravery in is empowering ebook, **Sexual Suicide** . In a downloadable PDF format (Download in PDF: *), this collection inspires and motivates. Download now to witness the indomitable spirit of those who dared to be brave.
