Long March Diary:

The China Diaries , **The Minjian Avant-Garde** Chang Tan, 2024-02-15 The Minjian Avant Garde studies how experimental artists in China mixed with brought changes to and let themselves be transformed by minjian the volatile and diverse public of the post Mao era Departing from the usual emphasis on art institutions global markets or artists communities Chang Tan proposes a new analytical framework in the theories of socially engaged art that stresses the critical agency of participants the affective functions of objects and the versatility of the artists in diverse sociopolitical spheres Drawing from hitherto untapped archival materials and interviews with the artists Tan challenges the views of Chinese artists as either dissidents or conformists to the regime and sees them as navigators and negotiators among diverse political discourses and interests She questions the fetishization of marginalized communities among practitioners of progressive art and politics arguing that the members of minjian are often more complex defiant and savvy than the elites would assume The Minjian Avant Garde critically assesses the rise of populism in both art and politics and show that minjian could constitute either a democratizing or a coercive force This book was published with generous support from the George Dewey and Mary J Krumrine Endowment

America's Secret War against Bolshevism David S. Foglesong, 2014-02-01 From the Russian revolutions of 1917 to the end of the Civil War in 1920 Woodrow Wilson's administration sought to oppose the Bolsheviks in a variety of covert ways Drawing on previously unavailable American and Russian archival material David Foglesong chronicles both sides of this secret war and reveals a new dimension to the first years of the U S Soviet rivalry Foglesong explores the evolution of Wilson's ambivalent attitudes toward socialism and revolution before 1917 and analyzes the social and cultural origins of American anti Bolshevism Constrained by his espousal of the principle of self determination by idealistic public sentiment and by congressional restrictions Wilson had to rely on secretive methods to affect the course of the Russian Civil War The administration provided covert financial and military aid to anti Bolshevik forces established clandestine spy networks concealed the purposes of limited military expeditions to northern Russia and Siberia and delivered ostensibly humanitarian assistance to soldiers fighting to overthrow the Soviet government In turn the Soviets developed and secretly funded a propaganda campaign in the United States designed to mobilize public opposition to anti Bolshevik activity promote American Soviet economic ties and win diplomatic recognition from Washington

The Reporter Who Knew Too Much Donald E. Davis, Eugene P. Trani, 2012-10-05 During his career at the New York Times Harrison Salisbury served as the bureau chief in post World War II Moscow reported from Hanoi during the Vietnam War and in retirement he witnessed the Tiananmen Square massacre firsthand Davis and Trani's engaging biography of the two time Pulitzer Prize winning journalist

makes use of Salisbury's personal archive of interviews, articles, and correspondence to shed light on the personal triumphs and shortcomings of this preeminent reporter and illuminates the twentieth-century world in which he lived **Drawing from Life** Christine I. Ho, 2020-02-11 *Drawing from Life* explores revolutionary drawing and sketching in the early People's Republic of China, 1949-1965, in order to discover how artists created a national form of socialist realism. Tracing the development of seminal works by the major painters Xu Beihong, Wang Shikuo, Li Keran, Li Xiongcai, Dong Xiwen, and Fu Baoshi, author Christine I. Ho reconstructs how artists grappled with the representational politics of a nascent socialist art. The divergent approaches, styles, and genres presented in this study reveal an art world that is both heterogeneous and cosmopolitan. Through a history of artistic practices in pursuit of Maoist cultural ambitions to forge new registers of experience, new structures of feeling, and new aesthetic communities, this original book argues that socialist Chinese art presents a critical alternative vision for global modernism **Lacerda's Journey to Cazembe in 1798** R. F.

Burton, 2023-07-14 Reprint of the original first published in 1873 *History of the Third Burmese War, Diary of Events: Period 2 (Suppl.). From 1st April 1886 to 30th September 1886*, 1888 Historical Dictionary of Modern China (1800-1949) James Z. Gao, 2009-06-16 *The Historical Dictionary of Modern China, 1800-1949* offers a concise but comprehensive examination of the political, military, economic, social, and cultural development of modern China. Instead of focusing merely on the political elites of China, this reference covers a variety of significant persons, including women and ethnic minorities, new historical concepts, cultural and educational institutions, and economic activities. Drawing on newly available records, including a large mass of governmental and family archives, the narratives presented reveal new facts, offer a new interpretation in accordance with China's modernization process during the late Qing period, and a revisionist perspective on the Republican history. The chronology records not only political and military events but also other experiences of the Chinese people. The bibliography gives prominence to current literature on China's drive towards modernization, and appendixes provide the reader with detailed information on China's cultural and economic transformation.
