Lord Lister Guy Theodore Wrench, 1913 *Lord Lister* G. T. Wrench, 2015-06-25 Excerpt from *Lord Lister His Life and Work* It is impossible to separate a genius from all time His work however much it may be concerned with the special features of the period in which he lived is always founded upon the first principles of life Therein lies its distinction The work of most men is concerned only with the setting and spirit of the times in which they themselves live But the work of a genius is based upon the unchangeable foundations of human life and earns in consequence its immortality The life and work of the late Lord Lister was of this kind It affected man's relation to sickness and disease more fundamentally than the work of any other philosophic physician devoted to these problems For Lister was emphatically far more than a great surgeon he was far more the founder of modern surgery He was a great philosopher whose thought never deviated from the central problem of life the mystery and quality of vitality As a philosopher Lister is far too little known About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works [Lord Lister](#) G.
