strength of that part of him in which an intellectual anatomist has declared him to be deficient a criticism which is but another proof of that which has been somewhere said of him that he has had the fate to be generally misunderstood Yet nothing is more certain than that Lord Chesterfield did not mean to be anything but inscrutable Dissimulation is a shield he used to say as secrecy is armour About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
