of Creation T. Desmond Alexander, 2018-01-16 For here we have no lasting city but we seek the city that is to come Hebrews 13 14 At the very heart of God's plan for the world stands an extraordinary city Beginning with the garden of Eden in Genesis and ending with the New Jerusalem in Revelation the biblical story reveals how God has been working throughout history to establish a city filled with his glorious presence Tracing the development of the theme of city in both testaments T Desmond Alexander draws on his experience as a biblical scholar to show us God's purpose throughout Scripture to dwell with his redeemed people in a future extraordinary city on a transformed earth Part of the Short Studies in Biblical Theology series

The Real Story of Creation Willie J. Alexander, 2012-11-30 In his first book *Entering The Promised Land* Willie's quest to understand how embedded social biases affect business success led to a much broader revelation Religious Scholar by training Willie's source for study was biblical Scripture In the course of his research he literally stumbled upon a new methodology for biblical study He named this new tool the Defined Word Approach Much to his surprise by using this tool he found a rich cultural heritage for individuals of African descent hence the title *Entering The Promised Land* In his latest writing *The Real Story of Creation* Willie lays out an entirely new perspective on Creation as recounted in the Holy Bible Using the Defined Word Approach he breaks down the meaning of the classical Hebrew words used to write the Scripture The take away is vastly different from the biblical teachings of the past two centuries Willie feels that using the Defined Word Approach to read and understand the Bible could be the impetus for re-energizing religious study and understanding Willie continues to pursue his research and writing while providing leadership and guidance through his service and active participation in industry business and civic associations
