Knapp,2001-10-30 The final decades of the 20th century have seen an explosion of interest in multiculturalism But multiculturalism is more than an awareness of the different cultures comprising contemporary societies For centuries people from around the world have come in contact with cultures other than their own and their exposure to multiple cultures has fostered their creativity and ability to make lasting contributions to civilization The effects of multiculturalism are especially apparent in literature since writers tend to be particularly aware of their environments and record their experiences This reference includes alphabetically arranged entries for more than 100 world writers from antiquity to 1945 who were significantly influenced by cultures other than their own Included are entries for major canonical Ancient and Modern writers of the Western and Eastern worlds Each entry is written by an expert contributor and includes a brief biography a discussion of multicultural themes and contexts a summary of the writer s critical reception and primary and secondary bibliographies

Unearthing Bon Treasures Dan Martin, 2021-07-26 The subject for this study the Tibetan treasure revealer Gshen chen Klu dga is a crucial figure in the development of Bon as an organised religion after the eleventh century Here for the first time he is situated in the context of what was happening in Buddhism at the time By scrutinizing his life and gter ma treasures that were to be of much controversy in later ages Dan Martin sheds light on the mechanism of Tibetan polemical tradition and the ways in which sectarianism accords itself legitimacy by resurrecting ancient arguments in a subtly distorted manner The exhaustive annotated bibliography of previous works about Bon forming the second part of the work can rightly be seen as a legacy of Gshen chen Both parts taken together make this an indispensable guide to any student of Bon
